

DR. PRICE'S Cream Baking Powder

No alum, no lime phosphates

As every housekeeper can understand, burnt alum and sulphuric acid—the ingredients of all alum and alum-phosphate powders—must carry to the food acids injurious to health.

Read the label. Avoid the alum powders

"LIVE AND LET LIVE."

Some people can't see straight; but they do not have to see—they can feel that we have as good lumber as money can buy, and you hit the mark every time you let us figure your lumber bill. If we do not sell the bill, there is no harm done. You can rest assured that you have bought your lumber right if you buy on a basis of our figures. We do not get sore and chew the rag with anyone because we do not sell you your lumber. We want to figure your bill every time you want a stick, whether we sell it or not. Drop in. We have books with cuts of modern houses from \$400 up, and take a pleasure in helping to arrange your home.

Stansberry Lumber Company.

Lincoln, November 3-5.
This office is in receipt of a communication from A. L. Caviness, president of the Nebraska State Teachers Association, calling attention to the next meeting to be held in Lincoln, November 3, 4, 5, 1909. He assures us that school boards quite generally throughout the state are giving their cordial support by voting to allow their teachers a vacation, on full pay, on the above dates, in order that they may attend the meeting.
Speaking of the association, he says: "It is a voluntary organization of teachers and others interested in education. In no sense is it a labor or trade organization, for it does not advocate strikes or dictation to school authorities. It never meddles in politics nor does it promise its members assistance in finding employment or securing increased salary."
"It stands for improved methods and better school facilities, and its highest ideal is an unselfish, devoted service to the future citizen. Surely the wide-awake, progressive teacher who sacrifices membership fee, railroad fare and hotel bill ought to receive regular pay for the two days spent in attending the meetings."
"For the past forty years this association has advocated in advance every good feature of our present school laws and has used its whole influence to make them effective. It has brought the men and women engaged in school work in closer touch, inspired them with common ideals and aroused a high professional pride in a calling in which the great majority continue but a short time."
"For the meeting next November, the Executive Committee promises the best program in the history of the association and the indications point to an unprecedented attendance. Men of national reputation will appear on the program, as Booker T. Washington, of Tuskegee, Ala.; Principal G. B. Morrison, St. Louis; H. T. Bailey, North Scituate, Mass.; Ex President, Eliot, of Harvard University, etc."

DO IT NOW.
McCook People Should Not Wait Until It's Too Late.
The appalling death rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's disease, gravel or some other serious form of kidney complaint.
If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.
Doan's Kidney Pills are especially for kidney disorders—they cure where others fail. Over one hundred thousand people have recommended them.
Here's a case:
Mrs. I. H. Rust, living in Red Cloud, Neb., says: "Some years ago I used Doan's Kidney Pills with such good results for kidney trouble and have lately started taking them for rheumatism which has caused me considerable suffering. I am pleased to state that I have so far found the remedy to be very beneficial and I am fully convinced that I will obtain a permanent cure through its use."
Plenty more proof like this from McCook people. Call at a drug store and ask what customers report.
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.
Mr. F. G. Fritts, Oneonta, N. Y., writes, "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion.—A. McMillen.

NOTICE OF THE HEARING OF PROBATE OF WILL.
The State of Nebraska, Red Willow county: To all persons interested in the Estate of Franklin P. Ratliff, Deceased: Whereas, Nancy E. Ratliff, of said county, has filed in my office an instrument purporting to be the last will and testament of Franklin P. Ratliff, late of said county, and said Nancy E. Ratliff has filed her petition herein praying to have the same admitted to probate, and for the issuing of letters testamentary, which will relate to both real and personal estate: I have appointed Monday, the 10th day of May, 1909, at ten o'clock in the forenoon, at the county court room in said county, as the time and place for hearing said will, at which time and place you and all concerned may appear and contest the allowing of the same. It is further ordered that said petitioner give notice to all persons interested in said estate of the pendency of this petition, and the time and place set for hearing of the same, by causing a copy of this order to be published in the McCook Tribune, a newspaper, printed and published in said county, for three weeks, successively previous to the day set for the hearing. In witness whereof I have hereunto set my hand and official seal this 20th day of April, 1909.—234.

The Pyrophore.
A living light, called the pyrophore, makes illumination cheap and convenient in Brazil. The pyrophore is a monster firefly, an inch and a half long. With one it is possible to read fine print, and three will light a room. The Brazilian peasant, when he traverses by night the perilous forest paths of his country, fastens to each shoe a pyrophore. Thus illuminated, he has no difficulty in avoiding poisonous snakes, pitfalls and wild beasts. The Brazilian coquette fastens in her hair or her corsage a pyrophore incased in white tulle. The effect is as of a great luminous pearl or opal. When a pyrophore's light goes out it is not necessary to fill him up with oil, to drop a coin in him or to throw him away, but a moment's ducking in cold water suffices. Thereafter his three little lanterns, one on the breast and two on the back, emit again as bright a radiance as ever. The pyrophore, as all nature students know, is called vulgarly cuengo, but scientifically the name is Coleoptero sericeo sternose elaterides.—Cincinnati Enquirer.

In the Presence of Death.
Some years ago a Swansea vessel was caught in a terrible gale, says an English paper. The captain had his wife on board, and when the wind was still rising he told her to go down below and sleep, for all was well. He remained on the bridge till the mate came up and said: "We've done all we can. Hadn't you better tell the chaps to get out the boats?"
"Yes, yes, my lad, if you think so," said the captain, who knew the only choice left was whether to go down with the ship or in a small boat, which couldn't live ten seconds in that sea. The engineers came up with the news that the fires were all out.
"Very well, my lads," said the captain quietly. "Save yourselves if you can."
"Won't you fetch the wife on deck, sir?" asked one of the men.
"No," was the calm reply. "Let her sleep, poor girl! I am going down to have a smoke." And, smoking by the bedside of his sleeping wife, he went down with the ship.

A Man of Resources.
A young man genial of face and correct in attire arose from his seat in a well patronized cafe an evening or two ago, raised high a dollar bill and addressed those present.
"Gentlemen," he said, "I have here a dollar bill. It is a good bill, open to inspection by all. I want to raffle it off, and I will esteem it a favor if fifteen gentlemen will come in. Ten cents a chance—16 cents for a dollar bill. It's dirt cheap. Who will come in, please? I'll esteem it a favor, as I said, and there's the chance for a real bargain."
Fifteen men good naturedly chipped in 10 cents each, drew small squares of paper from a hat, and the winner pocketed the bill, with a laugh.
"Thank you, gentlemen," said the raffler, with a Chesterfieldian bow. "That dollar was of no use to me. But now that I've sold it for a dollar and a half I have my car fare home. Thank you. Good night."—New York Globe.

Old College Ways.
Students at St. Andrews university two centuries ago paid nothing for their rooms, but £3 10s per quarter enabled them to dine at the high table. For £5 11s. 1d. poorer men could get through the whole session—just six months. Breakfast was served at 7 a. m. and consisted of an oatmeal loaf and half a pint of beer. For supper each had half a twopenny loaf and a pint of beer. At the high table poultry, broth and beef were served, and at the second a plentiful supply of broth and beef. Herrings and founders sometimes graced the board. Beer there was in abundance, and the colleges in those good old days had their brew house, a requisite of the porter, who was permitted to sell ale to the students.—London Antiquary.

Just a Mistake.
During one of the banquets of the church congress in London a certain bishop had as his left hand companion a clergyman who was completely bald. During dessert the baldheaded vicar dropped his napkin and stooped to pick it up. At this moment the bishop, who was talking to his right hand neighbor, felt a slight touch on his left arm. He turned and, beholding the vicar's pate on a level with his elbow, said: "No, thank you, no melon. I will take some pineapple."

Line Carrying Rockets.
The first line carrying rockets were invented in 1820 by an Englishman named Tregonse and were soon after adopted by the Massachusetts Humane society for use at its stations, where they proved very successful, though today brass cannons are exclusively used for throwing lines to wrecks.

Pretty Weary.
Weary (lying under apple tree)—Say, mister, kin I have one of dem apples? Farmer—Why, them apples won't be ripe for four months yet. Weary—Oh, dat's all right. I ain't in no hurry. I'll wait.—Life.

Then He Was Fired.
Father—I cannot give you my daughter, my dear sir. I am mighty particular in such things. Suitor—Oh, pshaw! Now, I am not in the least so.—Meggendorfer Blatter.

Different Ways.
Fewitt—I have been pinched for money lately. Jewitt—Well, women have different ways of getting it. My wife kisses me when she wants any.
