Every farmer that has used one says they are the best. They have two levers and either two or four shovels on each gang. Let us have your order while stock is complete. These are MONEY MAKERS just like

The Sharples Tubular Cream Separator

Of course you know by now that most any cream separator will pay you, and save work, too. But do you know that Sharples Dairy Tubular Cream Separators are different from all others? It's a fact. Bring in your wife and let us show you—both of you.

One difference is in the bowls.

Dairy Tubular bowls are simpler—easier to clean—more durable.

Notice the simple Dairy Tubular bowl shown in the upper picture. Easily cleaned in one to three minutes. Compare it with the hard work of scrubbing and picking out such a "woman killer" as the bowl in the lower picture. All separators, except Dairy Tubulars, have some sort of hard to clean bowl. Next time you're in, let us show you the Tubular—and start you making more money.

Tooth Talk Truthfully Told

Scores of people innumerable, neglect what are confessed to be a vital necessity to health—happiness—and long life, viz., their teeth. MCCOKE, NEBRASKA

To Be Effective May 1.

Chicago, May 1, 1909.—Effective this date the practice of suspending employes in the train and engine department, because of infraction of the rules, or for other cause, will be discontinued.

A complete and accurate service history of all employes effected by this order will be kept in the office of each division superintendent of the employment department.

No entry will be made a part of the record of any man until the case has been fully investigated, and the employe effected will, if desired, be given personal hearing in that connection. Whenever a record entry is made, the man effected will be given in writing an exact copy of such entry.

Any employe found guilty of disloyalty to the company, of insubordination, or drunkenness, will be dismissed from the service, and will not be re-employed. An employe whose service record clearly indicates that he is not a safe or fit man to retain in the service will be dismissed.

Promotions in the future, as in the past, depend upon the service record of the man involved, and upon his fitness for increased responsibilities. When these are equal as between two men, the one older in the service will be given the preference.

An employe upon his request in writing will at any time be given a copy of his service record.

Officers directly in charge of men affected by this order are especially requested to report for entry all commendable actions on the part of such employes, as well as those actions which may justify criticism or reprimand.

The purpose of this order is to assure constant and permanent employment to those employes whose service record indicate their fitness for the positions held, or for increased responsibilities.

Sneezing.

The custom of saying "God bless you" after sneezing must be at least as old as the fifteenth century, as a reference to it appears in the first edition of Caxton's "Golden Legend." After describing a certain malady which broke out among the early Christians, the result apparently of their intemperate habits, Caxton proceeds, "In this manere somtyme they deyed, so that when any persone was herd sneezing anone that were by said to hym, God helpe you, or Cryste helpe, and yet endureth the custome."

A curious superstition with regard to sneezing still lingers in the villages of Devonshire. It has found expression in the following couplet:

Sneeze on Sunday morning fasting,
You'll enjoy your own true love to everlasting.

In the highlands of Scotland it is believed that a newborn child is under the thrall of the fairies until it sneezes.

Only His Share.

"George," said the maiden aunt reprovingly, shaking her finger very solemnly at her small nephew, "there were two mince pies on the larder shelf this morning, and now they have disappeared. I didn't think it was in you."

"'Tisn't all in me," blubbered the wee boy. "One of 'em is in Gwennle."

Reversible Overalls

New Home for Old and Disabled R. R. Men

The Finck Overalls, besides representing absolutely the best article obtainable in overall construction, appeal to railroad men with special force and interest. During this season the 4,000 Union Railroad Brotherhood orders in America, with their 266,000 members, propose to build a new home for old and disabled railroad men at Highland Park, Illinois. The Finck company is assisting in the proposition by contributing to this fund FIVE CENTS FOR EVERY FINCK OVERALL OR JACKET SOLD.

Every railroad man who buys a pair of Overalls or a Jacket should save the tickets on the garments, placing his name on the back, and when they attend the next regular meeting or their local lodge, deliver the tickets to the secretary, who will forward them to the Vice-President, Mr. George Goding, 6133 Drexel avenue, Chicago, Illinois, or direct to the Home at Highland Park. The Treasurer will immediately notify the Finck company of the number of tickets received, and the Finck company in return will forward five cents for each ticket, THE PROCEEDS INTENDED FOR THE NEW BUILDING FUND.
