

Just One-Half

the money you "blow in" foolishly, if invested in a bank account would soon put you on "easy street."

You owe yourself the protection a Savings Account will afford you.

If you are spending all you earn it is unfair to yourself and those who may be dependent on you.

You have noticed the manner in which small amounts expended count up in a month—a part of such expenditures saved will allow you to have an account at this bank.

Start with a dollar—have money in the bank.

ARAPAHOE is now thoroughly fortified with three saloons—just half McCook's armament—with whom she divides the lofty distinction of being the only "wet" towns on the Burlington between here and Hastings.

THE bank situation at Benkelman has been relieved by the admission of Messrs. Thomas Ashton and M. B. Holland into the Bank of Benkelman circle of stockholders and the election of Ashton as vice-president. Mr. Franklin of this city still retains control and Mr. Ebert holds his stock. Mr. Riley remains as cashier. The new bank building of the Bank of Benkelman will start about June 1st.

TRENTON is soon to have the second bank. It will be known as the Farmers and Merchants bank, will have a capital of \$25,000, with \$10,000 paid up.

CAMBRIDGE has a sixteen-instrument band and is considering the advisability of following the McCook idea and have open air concerts during the summer months.

CAMBRIDGE has long since dropped out of the race with Arapahoe in the wet goods business promotion, but when it comes to building school houses, churches, opera houses, business blocks, and residences unequalled in this section of Nebraska, Arapahoe is not in the same class. Cambridge prefers to be reasonably virtuous—and to run the risk of being lonesome.

ATTORNEY GENERAL WICKERSHAM has decided that it is a matter for the discretion of the directors and officers of a national bank to determine whether they will enter into a contract with an insurance company guaranteeing the bank's solvency. The reasonableness of the rate and the solvency of the guaranteeing company are matters to be considered and determined.

Mr. and Mrs. Fred C. Fuller are visiting their daughter Mrs. Bennett and friends in the city, part of the week.

Several Cases of Thievery.

Several cases of petty thievery came to light, close of last week, in one of which some of the property was recovered from the person, and in another instance the goods were located out of the city and returned here to the owner.

Maurice O'Rourke was one of the losers, a pair of pants being taken from his shop over Rodgers & Modrell's meat market, while he was out of the shop for a few minutes.

A set of good work harness were stolen from Moore & Son, but these were recovered from a point up the Imperial line, where it was shipped to a supposed confederate.

The suite of rooms occupied by Dr. W. E. McDivitt over the Citizens bank was also visited by the sneak thieves, during the temporary absence of the doctor and wife, and various articles taken. A youth about 17 years of age was arrested by the police and upon examination in the city jail considerable of the plunder was recovered from his person.

The young man, Harry Johnston by name, who was caught with some of the McDivitt goods on his person, appeared before Justice of the Peace J. S. LeHew, Monday, and pleaded guilty to breaking into and stealing. He was bound over to district court.
