

Start Your Corn Right with a John Deere Two-Row

It Pays to Get the BEST.
The Same Rule Applies to BUGGIES.

Used on Velie high grade vehicles. It is correct construction. The single reach on Velie Wrought Iron Vehicles

will be found to stand the test better than double reaches. The single reach gear is flexible, when wheels strike stones, holes in the road, cross walks, etc., the single reach takes the vibration, relieves the strain on the fifth wheel and axles, lessens shock to wheels, prolonging the life of the buggy. You will find single reach gears on Express Wagons, Heavy Delivery Wagons, U. S. City Mail Wagons because experience has shown that they are the strongest.

Quality is Remembered

SIRENS AND SONS.

General Weyler, Spain's former minister of war, has been offered the captain's regency of Catalonia.

Adlai E. Stevenson will retire from law business and coal mining to establish the Loras Extension university.

Prince von Radolin, German ambassador to Paris, has been decorated with the grand cordon of the Legion of Honor.

Luke E. Wright, retired from the secretaryship of war, has returned to Memphis, Tenn., and resumed the practice of law.

Evan D. Miles of South Limington, Me., whose contract for carrying the mail between that town and Steep Falls will expire July 1, has driven over that route twice a day for more than thirteen years, which means about 28,000 miles traveled.

J. Donald Cameron of Pennsylvania is the oldest living ex-member of the cabinet, at least so far as priority of service goes. After him come Goff, Robert T. Lincoln and William E. Chandler and Teller. There are now about thirty living ex-cabinet members.

Mayor Tom Johnson's personal plans for the future include admission to the bar. He is fifty-four years of age and a bit old to become a lawyer, but Mr. Johnson is forever young in vitality and spirit. His recent financial reverses have not dismayed him in the least.

Short Stories.

There are said to be 600 bogus "old masters" still remaining in the galleries of America's millionaire collectors.

A man who owns one horse in Holland pays a tax of \$10. If he has more than three, each extra one costs \$20 a year.

Mexico now has a navy of eight vessels, the largest of which is only a little bigger than a United States revenue cutter.

There is a growing demand for American pearls. Those taken from the western waters last season were valued at \$500,000.

James Brown of Ashtabula, O., has carried a gold watch every day since Feb. 28, 1859. The watch was given to his father as a gift in 1852. It has been cleaned but twice and keeps good time.

Sporting Notes.

President Frank Navin of the Detroit Tigers says he has the highest salaried team in the American league.

Carney, the big first baseman of the Holy Cross team, has promised to join the Philadelphia Americans at the close of the college season.

According to French turf critics, W. K. Vanderbilt has a three-year-old, known as Negofol, which is likely to follow in the footsteps of Northeast and win for his owner many great turf prizes.

H. V. Colver, an English motor cyclist, recently established a new world's six hour record by riding 270 miles 1,170 yards within that time. The best former record was 268 miles 285 yards.

The Cookbook.

Do not put turnips on to cook in large pieces. It only wastes fuel.

For boiling salmon the water must be boiling, but for all other fish it should only be warm.

Chestnuts have considerable food value. The boiled and mashed pulp may be used as one would use meat or vegetables, even croquettes being made of it.

Cookies can be shaped with the bottom of a "star" tumbler. Press the bottom of the glass into the unbaked cookie until the indentations are imprinted upon the cake. Flour the glass for the purpose.

German Gleanings.

Germany has a law prohibiting the habitation of any house until six months after construction.

The chief publishing centers of Germany are Berlin, Leipzig, Stuttgart, Munich, in the order here named.

A leading German electrical company has in contemplation the erection of a new plant for the exclusive manufacture of airships and aeroplanes.

Factory smoke, chiefly from bituminous coal, is becoming so harmful to vegetation in Germany that the Saxon ministry of finance has offered a prize of \$2,400 for the best preventive.

Science Siftings.

There is no structure in existence that would hold a pound of radium.

When the shadow of the moon falls on the earth during an eclipse of the sun it usually covers a diameter of fifty miles.

In a test of the explosive power of various forms of dust when mixed with air it has been learned that the explosion of two ounces of flour in two cubic feet of air will raise two men standing on the testing machine several feet.

Tales of Cities.

Chicago shows a natural increase of 5,000 children of school age every year.

Amsterdam is intersected by canals, which divide the city into about ninety islands. Communication with them is had by about 300 bridges.

New York city will soon have within its borders the longest bridge in the world. It will span Hell Gate channel and will be three miles long.

Continuity in Advertising

The results to be derived from continuous, everyday advertising cannot be overestimated. That person or concern that desires to have its business grow and expand goes into the newspaper and stays there. By that we do not mean to let the wording of an ad run without frequent change. We mean space.

The advertising you did yesterday will help that of tomorrow. The advertising of today will help that of tomorrow.

The child that makes greatest progress at school doesn't at tend Monday, skip Tuesday, back Wednesday and out Friday. He is attending every school day in order to pass his finals. In continuity there is strength. "Out of sight out of mind."

To discontinue an ad while you still have goods on your shelves or vitality in your brains to produce something means one of two things—either that you have made your fortune and are ready to retire or that the business is retrograding and degenerating—"Some Pitfalls of Advertising." Missoula, Mont., Herald.

THE McCOOK TRIBUNE is the only newspaper in Red Willow county which claims and has a county circulation; is the only newspaper which claims and does fill the bill of a "county newspaper"—giving news from all section of Red Willow county. Its circulation is by many hundreds the largest in Red Willow county—hence its advertising space is correspondingly more valuable to the discriminating advertiser, who advertises for business.
