Nelson W. Aldrich, Republican Senate Leader.

able at not more than 15 per cent. ad valorem. Tungsten ore is made dutiable at ten per cent.

The duty on watches was readjusted, remaining at about the same as the Dingley law.

A duty of one cent per pound was put upon the zinc in the ore where it contains more than 20 per cent of zinc. On zinc with less than 20 per cent, there is a lower rate of duty. Zinc now has a duty of 20 per cent.

There was an added duty of one-half of one cent per pound upon plain bottle caps, and on decorated bottle caps the duty was increased from 45 to 55 per cent.

The reductions in the metal schedule are more numerous and generally more marked than in most of the others. Heading the list is iron ore, which was decreased from 40 to 15 cents per ton. Pig iron, iron kettles, and Spiegel Eisen, were lowered from \$4 to \$2.50 per ton.

Scrap iron and steel from four to one dollar per ton.

Reductions were made on bar iron, round iron, slabs and blooms, structural steel not fabricated, anchors, iron and steel forgings, hoop, band, or scroll iron or steel, steel bands or strips.

Railway Bars and Steel Rails.

The reduction on cotton ties is from five-tenths to three-tenths of one cent per pound, and railway bars and steel rails from seven-tenths of one cent per pound to seven-fortieths. Iron or steel sheets were also reduced, and the duty on charcoal iron is made six dollars a ton, instead of \$12.

Other reductions in the metal schedule affect polished sheets, rolled sheets of iron, steel, copper, or nickel, steel ingots, cogged ingots, blooms and slabs; round iron or steel wire; steel bars or rods, cold rolled, cold drawn, or cold hammered, or polished; anvils, axes; blacksmith's hammers and sledges, track tools, wedges and crowbars; bolts; cast iron pipes; cast hollow ware; chains; lap welded or jointed iron or steel boiler tubes; cut nails and spikes; horse-shoe nails; wire nails; spikes, nuts and washers; cut tacks; steel plates engraved; rivets; cross-cut saws, mill-saws, circular saws, pit and drag saws, steel band saws and all other saws; screws; wheels for railway purposes; aluminum; mormazite sand and thorite.

Tin plates reduced from one and one-half to one and two-tenths cents per pound.

Duties on table and carving knives reduced and the minimum limit of the

from two to one and one-half cents, and starch from one and one-half to one cent per pound. Tallow, wool grease, dextrin, peas, sugar beets, cabbages and salt were also lowered.

The wine and liquor schedule was increased throughout to 15 per cent, over the Dingley rates.

The cotton schedule was reconstructed and readjusted to bring the duties up to those collected during the first four years of the operation of the Dingley law and to the rate then collected under that law. Since that time the rates have been lowered, in some cases from 60 to 6 per cent, by court decisions. These new rates are equivalent to an addition, on the whole, of three per cent. ad valorem increase over that collected under the present law for last year.

**Cotton Hosiery.**  
 Cotton hosiery, valued at not more than \$1 per dozen is increased from 50 to 70 cents per dozen pairs; more than \$1 and less than \$1.50 per dozen pairs, from 60 cents to 85 cents per dozen pairs; more than \$1.50 and not more than \$2, from 70 cents to 90 cents per dozen pairs.

The remaining rates on stockings are the same as under the present law.

Hemp is increased from \$20 to \$22.50 per ton and hackle hemp from \$40 to \$45 per ton. The cheaper laces remain as in the present law, but there is an increase from 60 to 70 per cent, on some of the higher priced laces. In this schedule single coarse yarns are reduced from seven cents to six cents per pound and gill nettings from 25 to 20 per cent. ad valorem.

There was a general reduction in carpets and mats.

A reduction from 20 cents to 15 cents is made in hydraulic hose. Oil cloth, including linoleum, was reduced about one-third.

There was practically no change in the wool schedule from the rates of the Dingley law, but there was a readjustment between tops and yarns and a small decrease on cloths with a cotton warp.

Mechanically ground wood pulp was exempted from duty and placed on the free list with a provision for a countervailing duty against Canada. The lower grade of printing paper was reduced from \$6 to \$3.75 per ton and the higher grade from \$8 to \$3.75. There is an increase on surface coated paper and lithographing prints, including postcards and cigar labels.

Common window glass of the lower sizes, in which the imports are heavy, is given a reduction, and where changes were made in the chemical schedule there was a general decrease, except upon such articles as fancy soaps and perfumes, which were increased.

**Other Reductions.**  
 Bituminous coal goes down from 67 cents to 45 cents per ton, and there are reductions on gunpowder, matches and cartridges. Agricultural implements are cut from 20 to 15 per cent. ad valorem.

Hides were placed on the free list, while the rate on band and sole leather is reduced from 20 per cent to five per cent. ad valorem, on dressed leather from 20 per cent to 10 per cent; boots and shoes from 25 per cent to 10 per cent.

Fireworks are increased from 20 per cent. ad valorem to 12 cents per pound; wearing apparel made of fur from 35 to 50 per cent, and the higher class jewelry from 60 per cent to 85 per cent. ad valorem; pencil lead is given specific rates instead of ad valorem rates with a slight increase. For the first time moving picture films are named specifically in a tariff law. The bill gives them a positive rate of 1 1/2 cents per foot.

Petroleum, crude and refined, including kerosene, gasoline, naphtha, benzene and similar petroleum products are made free of duty and are left even without a countervailing duty.

The Dingley rates on women's and children's gloves are allowed to stand. The only change is a reduction on "schmaschen" gloves not over 14 inches in length on which the rate is made \$1.25 a dozen pairs instead of \$1.75.

**Miscellaneous Provisions.**  
 A provision is included in the bill which levies on all articles upon which any foreign country pays a bounty or grant upon its exportation, an additional duty equal to the amount of such bounty.

It is required that all imported articles capable of being marked with-out impairment of their value shall be stamped with the name of the manufacturer and the country of origin.

A very elaborate provision for the administration of the customs laws was adopted by the conferees. It is practically the same as that adopted by the senate. It is intended to prevent undervaluation of articles on which there is no foreign market by which true values may be ascertained.

Provision is made for the establishment of a customs court of appeals, with headquarters in Washington. It will comprise a presiding judge and four associate judges, at salaries of \$10,000 a year. There are to be appointed to conduct government cases before this court a special assistant attorney general at \$10,000, a deputy assistant attorney general at \$7,500, and four attorneys at \$5,000 each.

The internal revenue tax on tobacco is amended, making the rates on chewing and smoking tobacco eight cents a pound. No change was made in the tax on cigars, except those weighing under three pounds per 1,000, which were increased from 54 to 75 cents per 1,000. The rates on cigarettes were increased to \$1.25 per 1,000. A prohibition against the use of coupons or special gift pledges is incorporated in the new law.

## Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Restorative—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend
