

## Pouring Prosperity Through a Puncture.

Ever see a drunken man trying to fill a bottle with the bottom broken out? It's a great waste, and it looks mighty silly.

But it's no more foolish and no more wasteful than for a sober man to expect his town to fill up with people and bubble over with prosperity when he is continually pouring his dollars into the wide world outside THROUGH THE MAIL ORDER HOLE in the bottom of his home town.

MORAL: Patronize home industries.

### GRANT.

Threshing is the work of the day. There was a dance in Jacob Wesch's barn, Saturday night, with 13 numbers out, all reporting a fine time. A lunch was served after the dance was over. John Hoffman is helping John H. Wesch put up hay. We understand that Peter Foxen has bought the Towle land. Miss Lucile Arnold of McCook attended the dance at Wesch's, Saturday evening. Edwin Towle and brother expect to leave right after threshing. Foley's Honey and Tar not only stops chronic coughs that weaken the constitution and develop into consumption, but heals and strengthens the lungs. It affords comfort and relief in the worst cases of chronic bronchitis, asthma, hay fever and lung trouble. A. McMillen, druggist. Typewriter ribbons, papers etc. for sale at THE TRIBUNE office.
