Systematic Improvement.

The county commissioners have commenced a systematic improvement of the court house. They are now having steel ceilings placed on the court room, the rooms of the county clerk and county commissioners and the southeast basement for the county sheriff, who, upon its completion, will move down stairs from the present room adjoining the clerk of the court. Other improvements of a similar and other sort will be made as need arises.

It is a satisfaction to know that when you bring your cattle and hogs to McCook, you can every day get the highest price the market offers. The fact that D. C. Macey Retains the Child.

The Cedar Bluffs region was well represented in the city, Tuesday, in the case of the Conners boy before County Judge Moore, numerous witnesses being present on both sides of the case. The trial was not closed until after midnight, Tuesday.

After murdering his wife Frank Conners placed his two children in the keeping of his brother-in-law E. L. Macey before going to the penitentiary for life. Macey seems to have been made custodian of the property as well. Mrs. Lucy M. Rebman of Cedar Bluffs, Kansas, mother of the murdered woman, in the case referred to sought to adopt the child.

County Judge Moore decided the case in favor of Macey.

Fall Corns.

Corns can be more readily cured now than in mid-winter. Heavy shoes aggravate and enlarge corns and the corn is more dry and hard than at this season. We have for several years made a corn remedy that cures.

LIGHTNING CORN REMEDY.

We have said little about it but it has been curing corns and increasing the demand for itself right along. We believe it deserves mention and a wider chance of usefulness. If you have a corn or corns use this remedy now and be rid of them.

Obituary.

MISSOURIA EMMONS was born in Virginia on July 14th, 1831. Was married to Rev. James Bolton at Tipton, Iowa, August 24th, 1856. To this union five children were born, two having preceded her to the home of the soul. Fifteen years ago her husband died very suddenly, since then she has lived with her children. Departed came here, last April, to visit her daughter, Mrs. S. Y. Bennett, and considering her age enjoyed good health until stricken with partial paralysis, which terminated in death, August 30th, 1909, aged 78 years, 1 month, 16 days. Deceased was a life-long member of the Methodist church.

We are thankful for the kindness and assistance rendered by friends during our late bereavement in the sickness and death of our beloved mother.

MRS. M. L. BENNETT.
MR. T. M. BOLTON.

Some Conference Figures.

The Methodist annual conference convenes in Kearney, next Thursday, Sept. 16, with Bishop H. W. Warren presiding. Rev. M. B. Carman appears on the program twice. In summing up the report the pastor tells us that the net increase in members this year is 74. Increase over last year in matter of salaries, improvements, debt paying and benevolence is \$453. Conversions this year 162. Money raised over and above pastor's and district superintendent's salary, janitor, light, fuel and music, is \$1,412 00. Included in this is \$267 for local temperance work. Present membership of the church, including 51 probationers, is 492.

After the Truants.

The school authorities, working in conjunction with the city authorities, are making an earnest effort to bring to school the truants of the city—those children who are not attending school at all for one reason or another. This work is being done, of course, under the Nebraska compulsory attendance school law, which compels children to attend school between the ages of seven and sixteen years. Every good citizen is interested in this work and should assist, as far as possible, the officers.

Injured An Eye.

George, the young son of Mr. and Mrs. J. R. Roberts, of McCook, who, with his mother, was visiting her parents, E. Racine and family, southeast of town, had the misfortune to put out his right eye, Sunday morning, while trying to chop kindling. He was taken to Omaha, Sunday evening, to consult a specialist and we trust the wound was not as bad as at first thought and that the sight of the eye can be saved.—Trenton Register.

Third Annual All-Around Success.

The third annual function of McCook lodge No. 42, Knights of Pythias, is now a matter recorded history in the social annals of McCook. That success attended and crowned its details and particulars requires no iteration. They were accomplished facts on inception.

The parade, this year, was classy if not classic, with dot leetle Deutcher band in the van and the enrapturing snake charmer in highest favor with the young men—"she" was quite irresistible. Then there was the latest "hit,"—the north pole float, the caliope and several other mirth-provoking features, the advent and approach of which were each and all properly and vociferously announced by the inimitable advance agent from the Centennial state—Agent G. S. Scott of Brush, who in tender and soothing tones admonished the assembled multitudes to "look out for their horses," as the Pythirn cortege swept majestically by.

The historic slaughter of the innocents was again enacted with an ensanguined particulars at the Burlington baseball grounds, when the "boys" fell preys to the "daddies" by the near-shut-out score of 10 to 1. Over this we draw the curtain of brotherly love and pass on to happier items.

The brethren assembled in their castle hall at 7:30 for "business." At its conclusion, the wives and guests of the brethren, who had meanwhile assembled in waiting in the handsome new commercial club rooms in the new temple-theatre building, were admitted to the banquet room and served to a dainty banquet by the brethren. The feature of the evening was capitalized by a toast at some length by Hon. G. W. Norris of our city and by a brief response by C. W. Barnes. The toastmaster G. S. Scott was found as usual with the merchandise on his person.

A "smoker" ensued in the banquet room with the gentleman occupying all the advantageous positions on the stage, the ladies meanwhile retiring to the castle hall and indulging a while in the dearest prerogative of the conquering sex—the speil fest.

A late hour concluded the notable and felicitous affair.

Top of the Market.

Every stockman and farmer naturally seeks to secure for his stock the highest and best price the market affords. McCook is well situated in this respect in having a dealer who deals squarely with those who bring hogs and cattle here for sale. D. C. Marsh is thoroughly acquainted with the stock proposition in southwestern Nebraska. He knows the worth of stock and pays the right full price all the time.

Next Sunday

at the Methodist church Rev. Dr. C. C. Wilson, district superintendent, will preach at 11 a. m., and conduct communion. In the evening the pastor will preach his last sermon before conference, with short report of year's work. Saturday night, Sept. 11, at 8 o'clock, fourth quarterly business session, Dr. Wilson presiding.

Has Rented Desirable Quarters.

Mr. L. W. Stayner informs us that he has leased the quarters just vacated by the McCook commercial club in the postoffice building, and in addition the rooms immediately in front of them, making the entire second floor on the north side of the building, which will give him large and complete and desirable quarters for his business college, which he will open therein, September 15th. The rooms will be suitably equipped and Mr. Stayner expects to open his business college in good shape and conduct a school which in time will be a credit to the city a most helpful institution to business in this city and section of Nebraska, providing opportunity and business equipment for many an ambitious young man and woman.

Good Work Accomplished.

Commissioner Gray has been handling quite a gang of men on the road leading south from the middle river bridge. The bill on the north side of the river has been graded down and the clay removed to the road bed on the south side, thus providing a substantial road through the sand, which has been making that road difficult for hauling heavy loads. The road is now in the best condition for traffic it has been in years.

"Can You Afford It?"

"No, I can not."
"Why not?"
"Because I do not have the money and I do not care to go into debt for it."

How many times we hear that very creditable expression of self-denial.

But how many of the needs of life—the real substantial things that money will buy could go into every home if there was a system of saving in the family. Why not start to save FOR something?
