Lutheran Church Dedicated.

As was announced in last week's paper, the Evangelical Lutheran church of McCook was formally dedicated, last Sunday. Rev. W. Brueggemann delivering a short address on Ephesians 2:19-22, and reading the dedicatory prayer from liturgy. Rev. F. Evers, McCook, R. F. D. 1, having charge of the altar service. Rev. R. Finster from Culbertson, and Rev. L. Grotheer, of Oxford, delivering the German and English dedicatory sermons on I Corinthians 1:23-24 and Acts 4:12, respectively.

It is to be regretted that the services next Sunday will have to be dropped, but the sister congregation at Ash Creek requested that we celebrate their mission festival with them, next Sunday. So the next service in the new church will be a week from Sunday at 10 a. m. All Germans cordially invited. COMMUNICATED.

In Fine Spirits.

A portly gentleman was seen walking down street the other day with a broad smile on his countenance which was "called" by a prominent citizen whose look of friendly curiosity brought forth the explanation, "I take a 50 inch waist in pants—found 'em in the first place I tried—dandy fit and only \$4.50 for the pair—got 'em at The Thompson D. G. Co.'s."

Services in Christian Church.

Next Sunday morning, at the usual hours, John T. Cropper will preach in the Christian church. All members and friends and the general public invited to these services.

LATER—Services will begin this evening with a sermon on "Faith Changed to Sight." Preaching also on Friday and Saturday evenings.

A. F. & A. M. Meeting.

Special meeting of McCook Lodge No. 135, A. F. & A. M., Friday, September 23, at 7:30 p. m. Work in M. M. degree. By Order of the W. M. C. L. FARNESTOCK, Secy.

Receives Unanimous Call.

Last Sunday evening, after the preaching service, the members of the Congregational church held a brief business session at which they extended to Rev. R. T. Bayne of Farnam, Nebraska, a unanimous call to become pastor of this church. He will enter upon his ministry here, early in October.

Rev. Bayne preached here two Sundays since, as well, and by his sermons and contact with the membership created so favorable an impression as to result in his call to this pastorate by the above action.

The new pastor is a son of Rev. Bayne of Holdrege. He is young in the service, having preached at Farnam, one year, where they desired his return with an increased salary. He also served one other church for one year.

He is mentally well equipped, of genial personality, and gives a good account of himself in the pulpit. He comes under favorable auspices and the hope is general that his work may be successful.

New Firm and Business.

About October 1st, Miss Margaret Houlihan and Mrs. D. W. Colson, doing business as Houlihan & Colson, will open a notions store in the Morris store room, which has been lately thoroughly overhauled and splendidly improved for mercantile purposes. The ladies will deal in 5, 10, to 25 cent goods only—nothing over 25 cents. They will sell for cash only. The ladies will have something additional to say in their own behalf in the near future.

Committee Meets.

The Republican County Central committee held a meeting in this city, last Saturday, and while the press was not represented at the session THE TRIBUNE understands that the dope concocted by the committee out of their political pharmacopoeia will be all-sufficient to put Democracy to sleep and pull out a decisive victory for the Republican ticket in November.

Will Build a Cottage.

The M. W. of A. lodge of our city will decide to night at their regular meeting the question of building a cottage at Colorado Springs for consumptives in the order. Such a cottage will cost about \$250 and there is small room to doubt that the local lodge will fail to decide favorably.

ENGINEER PRONGER DEAD.

Falls Dead on His Engine, This Afternoon, at Herndon, Kansas.

A brief message from Herndon, Kas., at half past one o'clock, this afternoon, announces the sudden death at that time of Engineer George F. Pronger, who expired on his engine at Herndon, while train No. 189 was stopping at that station taking water for the locomotive. Heart failure was the probable cause of death. Information as we go to press, this afternoon, is meagre. Engineer Pronger belonged to the "Old Guard" on the McCook division, where he has seen over a quarter century of service as an engineer.

The family resides on a farm near Trenton in Hitchcock county.

The dead man is a member of Saint John Commandery of this city, where his remains will probably be buried.

Heavy Rains Saturday-Sunday.

Heavy rains Saturday night and Sunday morning did great damage to the Burlington east of Oxford, and was said to have been most severe in the vicinity of Franklin. There Center creek got out of its banks and flowing down the railroad grade washed the passing track off the grade. Several hours after the washout the water was too high for the repair gangs to crib up the track to make it passable, and the line was closed all day yesterday. Trains were detained via Holdrege from Oxford.

This was said to have been the heaviest rain of the season in this vicinity. In several places east of Oxford some damage was done to railroad property.—Lincoln Journal.

KEEP THE COUGH AWAY.

The season is approaching when coughs are apt to prevail. Resolve to avoid severe coughs if possible this year. It is possible to have at hand a thoroughly reliable remedy and using it promptly. Such a remedy should be kept in every home. The remedy to keep is

MCCONNELL'S BALSAM.

This remedy has been so long and thoroughly tried as to leave no doubt that it is superior in every way. Pleasant to take, prompt in results and equally good for young and old. You ought to have a favorite cough cure. Test this one and you will have. Price 25 cents.

A Former Red Willow County Boy.

The Business Educator published at Columbus, Ohio, has the following word of commendation of a former Red Willow county boy, who spent a good many years in Coleman precinct:

"J. A. Stryker, the skillful and energetic penman in the State Normal school, Kearney, Nebr., recently favored the Business Educator with a good list of subscriptions. Mr. Stryker is one of the most enthusiastic teachers of penmanship in the country, and is doing great good in improving the penmanship of a large number of young men and women each year."

Recovered Some of the Goods.

Rozell & Sons have recovered a small portion of the goods stolen by unknown and unapprehended burglars, last week. Tuesday morning of the same week they recovered one of the fur-lined overcoats near the store. Last Saturday morning four coats and two trousers were found in the McManigal pasture, southwest of the city.

New Pastor for M. E. Church.

While the friends of Rev. M. B. Carman of the Methodist church are most keenly disappointed that he was not returned to this charge by Bishop Warren in the West Nebraska conference at Kearney, last week, they are more than pleased with the assignment of Rev. Bryant Howe, who comes to this charge from Minden, where Rev. Carman is assigned for the coming year.

Rev. Howe is described as being a man of good ability as a preacher, of fine presence, and of most companionable social qualities, a man especially qualified for the particular situation here.

Rev. Carman will leave McCook, where he has served for the past six years with conspicuous success in the Methodist church, where he has been at the forefront of every effort for social and civic betterment, with a record following him of which he may well feel proud. He will give his parishioners at Minden, his new charge, the utmost effort of an earnest, indefatigably zealous preacher who has not by any means gone to seed, but will be heard from in later years.

Rev. Carman will occupy the local pulpit next Sunday and expects to be able to take his reluctant departure for Minden by Wednesday of next week.

Rev. Howe will be on the field next week and preach his opening sermon on October 3d.

Top of the Market.

Every stockman and farmer naturally seeks to secure for his stock the highest and best price the market affords. McCook is well situated in this respect in having a dealer who deals squarely with those who bring hogs and cattle here for sale. D. C. Marsh is thoroughly acquainted with the stock proposition in southwestern Nebraska. He knows the worth of stock and pays the right full price all the time.

A National Delegate.

At the Kearney conference, last week, Rev. Carman was chosen a delegate to the National Anti-Saloon convention in Chicago, next December. He was also chosen a trustee of the Nebraska State Anti-Saloon League, of which Rev. J. J. Loughran, a former pastor here, is also a member.

Congregational Church, Sunday.

Clapp's Millinery Opening.

Among the reasonable events of the city are the millinery openings at the H. C. Clapp dry goods establishment. This fall their showing had added interest from the fact that their millinery and ready to wear department had been greatly enlarged and their display correspondingly increased to meet this happy circumstance.

Their formal dates were Friday and Saturday, afternoons and evenings, and the attendance and patronage were evidently most satisfactory. The displays offered in these lines were of such up to date character, such tasteful stylishness, and the showings so rich and numerous in all lines as to receive many expressions of pleasure and surprise. They would have been creditable to a city of much larger population. During the opening the music was the production of those two favorites, Mrs. E. O. Vahue and Mrs. W. B. Mills, with whom some canary birds vied in the production of melody.

The decorations were suitably autumnal and the effect was most attractively pretty and sufficient.

Governor Johnson Dead.

Telegrams on Tuesday announced the death of Gov. Johnson, of Minnesota, following the fourth intestinal surgical operation in the past seven years. How frequently the nation is called upon to mourn its greatest men of intellect and endeavor! The care of the health is often made secondary. It should be put first! Right now as the winter approaches the matter of ample and proper bedding should be attended to. The Izzer Bed Comforts, home made, 6 feet wide and 7 feet long, filled with one large quilted batt, sold for \$1.85 to \$3.00 by The Thompson D. G. Co. only, is the proper article. Your neighbor can tell you how they wear and how warm and comfortable they are. We do the rest.

FATAL FOOLERY.

On nothing can you be more easily fooled than on drugs; even the heedless druggist is often fooled. It costs us a good deal of money, time and experiment and trouble every year to guarantee the reliability of every thing we sell. But we do guarantee this and drug users can not afford to be less careful than we are.
