SAMUEL FREMER

It may at least be said of the late Mr. Harriman that he did what he could—to do the other fellow in gobbling up railroads.

KINDLY note the men and the papers who are opposed to the primary election method of nominating candidates and you will not experience much difficulty in deciding where to cast your allegiance. For the most part they are the same fellows who for years have been in evidence in the caucuses and conventions. The primary method relieves the politicians, and places the duty and responsibility of naming candidates where it belongs—the people. It is only up to the people to recognize and perform their duty.

Only a false alarm, Wednesday noon.

Special prices on gasoline engines. McCook Hardware Co.

The great motive power of any business is the strenuous personal faith of the men back of it. First National Bank of McCook.

You can't travel without a trunk, a valise or a traveling bag. They are indispensable. See Rozell & Sons for a good article at very reasonable price.

State Teachers.

The State Teachers' Association meets in Lincoln on the 3rd, 4th and 5th of November 1909.

Last year's splendid attendance demonstrated the wisdom of fixing an earlier date than the winter holidays and a date when all teachers, school officers, and patrons are most interested in education. The Association is not a holiday celebration—it is a meeting of earnest men and women for mutual help and inspiration in the work of making Nebraska's public schools the most effective in the world.

The executive committee, the local committee, and the Lincoln Commercial Club have given the most careful attention to every detail of program and local entertainment required for ten thousand school people.

A splendid program cannot benefit those schools whose officers and teachers are not in attendance.

Where school boards have not already granted their teachers the three days on regular pay, the superintendent of the town and city school, and the teacher of the country school, should place the matter before the board and give positive assurance that the time asked will be devoted to improving the work of the school.

If necessary dismiss school and make up the time later.

You are engaged in a great work for a great state. Be patriotic.

A. L. CAVINESS,
For Executive Committee.

ADDITIONAL RAILROAD.

W. D. Darnell visited McCook friends first of the week.

Conductor George Brooks went over to Oberlin, Kansas, last Saturday, on a short visit.

John Seth, who has been ill and confined to the house for several weeks, is now able to be up and about, though still weak.

Conductor Herman Hegenberger is over in Iowa looking after that farm and his interests in that connection at the former home.

M. R. Sheldon, formerly employed here, but now in the C. & S. yard at Denver, announces the birth of a baby boy in the Sheldon family.

Six splendid new passenger locomotives for the Denver & Rio Grande road passed through McCook, yesterday and today. They are numbered 775 to 780. Are of the monkey motion type and of the American make.

More Accurate.

The pastor and his wife had called upon a member of the congregation, a widow with a small but exceedingly lively boy, and were on their way home. "Well," said the preacher, "she seems to be a very intelligent woman anyhow."

"Yes."

"And very positive in expressing her opinions."

"On the contrary," said his wife, "she struck me as being strongly negative."

"Negative? How?"

"Everything she said to her little boy began with a 'Don't, Johnny!'"—Exchange.

Sympathy of the Flowers.

More or less credence is still given in England to the old belief in the sympathy of the vegetable kingdom for human suffering. "I prayed all night," writes a gardener whose employer was very sick, "and the flowers on my window sill drooped, and I said to myself they were dead. But toward morning they picked up, and I was sure enough the master was better. And the same thing had happened to the flowers I had sent to his bedroom. They were dying, and they came to life again. And I knew when those flowers picked up that the master was better."

The Pins.

"Oh, dear," sighed her husband's wife, "I can't find a pin anywhere. I wonder where all the pins go to anyway?"

"That's a difficult question to answer," replied his wife's husband, "because they are always pointed in one direction and headed in another"—Chicago News.

Painter's Colic.

Mamma—What's the matter with Fido? Tommie—Oh, I was playing with my soldiers, and he came in and insisted upon licking the whole army.—Yonkers Statesman.

Take a rest. A field that has rested gives a beautiful crop.—Ovid.

Modest Goldsmith.

Oliver Goldsmith was an underpaid man from start to finish. Two hundred and fifty dollars for "The Vicar of Wakefield" was bad enough, yet for "The Traveler" he got but \$100 and \$25 for his "English Grammar." For "The Deserted Village," however, his publisher sent him \$500. This he at once returned, with the message: "It is too much. It is near 5 shillings a couplet, which is more than any book owner can afford or, indeed, any modern poetry is worth." So he died with \$10,000 worth of debts. "Was ever poet so trusted before?" said Dr. Johnson.

The Hissing.

"I frequently experience a hissing sound in my ears," remarked a patient to a doctor. "What would you advise me to do?"

"What is your occupation?" asked the medico.

"I'm an actor."

"Then I'd advise you to adopt some other vocation."

In Doubt.

Hairdresser (while giving lady a vigorous shampoo)—Will you have anything on your head when I am finished, madam? She—I am sure I don't know. I was in hopes you would leave enough hair to pin my hat to.

ATTRACTIVE MILLINERY

Call and see them, you are always welcome, and we are always willing to show our goods.

MISS ANDERSON

217 MAIN AVE.

McCOOK, NEBR.

PUBLIC SCHOOL NOTES.

The total enrollment in the grades has increased to 753 and that of high school to 129, making a total of 882 in the whole school.

As compared with last year, this shows a falling off in the grades. A mistaken impression seems to prevail with regard to the enrollment in high school, to the effect that the enrollment this year is considerably less than last year. This is wrong. At the middle of the third week this year the high school enrollment is 129, as compared with 131 at the end of the fourth week last year. The indications now are that the high school will have the largest enrollment this year of any year in its history.

Mr. and Mrs. Robert Kerr of Robert, Nebraska, have entered the high school to prepare for admission to the medical college. Mr. and Mrs. Kerr are both school teachers of some experience and hold high grade certificates.

Miss Katherine Price arrived Saturday and is doing her regular work in the preparatory grade west.

The high school athletic association has just completed a new basket ball court at the high school grounds. When used a little while it will be the fastest court in this part of the state. Both boys' and girls' teams are hard at work getting ready for match games.

Supt. Taylor has been invited by the Board of Education of Beatrice to participate in the dedicatory exercises of the new Beatrice high school building, October 1.

FOR SALE, FOR RENT, ETC.

School Shoes.

ESPECIALLY for misses. Shoes must not be durable, but possess style and snap as well. It is at this period that the foot is being molded and now, if ever, an improperly fitted shoe may do a great deal of harm, to say nothing of the unnecessary discomfort. It is no small matter to insure you against all these troubles—this is why the first pair of shoes you buy here will make you a permanent customer.

Makes Kidneys and Bladder Right

McCOOK CITIZENS

TO WHOM IT MAY CONCERN:--

This is to certify that we have visited and inspected the properties owned by The Denver-Colorado Land Company in the Montclair District, East Denver.

We found the property well lying ground, served by the Colfax Avenue and Fairmont electric car lines, about twenty minutes ride from the center of Denver. This particular location is considered very desirable for residence purposes, chiefly on account of its being in the projected boulevard district where there is a building restriction enforced. There are many fine homes in the vicinity, as well as a fire station, branch postoffice and up-to-date facilities of a large city.

Investments can be made, in our opinion, with every assurance of safety and profit.
