## "I Don't Care About Wool, I Want Style"

That's what a young fellow said in our store the other day. In less than a minute he had changed his mind.

For we told him what you probably know already—that, unless a suit is *all pure wool*, it will not wear well and it simply cannot be made to *hold and keep* its style.

## Clothcraft All-Wool Clothes

Then we tried one of these smart, dashing Clothcraft suits on him and showed him the *Signed Guarantee* that it was all pure wool. He bought the suit.

These are the most remarkable clothes we've ever seen—they have so much style, they are honestly all wool and yet they sell at the same

prices as common clothes—\$10 to \$25.

Clothcraft is the *ONLY* Guaranteed pure wool line in America, at these prices.

Most of the men in town have found out about these clothes and they are selling fast. Don't let a good thing like this get away from you.

### WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.
