### Dr. John M. Drive, November 19.

The second number of the Citizens' Entertainment and Lecture course will be Dr. Driver, one week from to night, November 19. While Dr. Driver is advertised as a lecturer don't you let any body make you think that he gives the Dry Old Stuff that is given by a lot of lecturers. He will make you laugh a lot. He will mix in a good portion of fun, wit and humour with his lecture and you will simply enjoy it. Of course you don't like dry philosophical rhetoric. Who does? The day of that kind of thing is past.

Dr. Driver is a big man, physically, mentally and in what he has seen and done. He is a man of deeds as well as of words. You liked the first number of the course, now just have faith, come out to hear Driver and you will like him too. We know. He never fails to please. He has been here before. Just ask some one who heard him last time. McCook people have the power of discernment in lectures and entertainments. The people's likes and dislikes here corresponded with the price and ability of the talent. Few platform speakers have the power that Dr. Driver has. Reserved seats, 50c.
