If You're Well, Stay Well.

To keep well, however, you should exercise a reasonable amount or precaution; and there is no better way to do this than to keep a few simple remedies on hand, to be used the moment there is any indication that they will be required. "A stitch in time saves nine." And it's equally true that a dose of medicine taken at the proper time will save a big expense.

The following simple remedies make a good assortment to meet all ordinary demands:

A small bottle of Campbor, Turpentine, Witch Hazel, Arnica, Cough Syrup, Formaldehyde, a few Fumigating Torches, a box of Stomach and Liver Pills, and a box of Kidney Pills.

We carry at all times a full line of these and other drugs, good, clean, fresh, and pure, and welcome the public to our store, assuring them of our best attention and most courteous treatment.

ENTERTAIN THE GENERAL CHAIRMAN.

The Members of Golden Rod State Lodge Turn the Trick Cleverly.

Tuesday evening of this week, the ladies of Golden Rod State Lodge No. 282 gave a reception at the spacious home of C. G. Coppom, in honor of General Chairman J. B. Wade, of the B. of L. F. & E. of Galesburg, Illinois, the local members of the brotherhood being guests also.

The evening was spent in a very jolly manner, with games, social chat, and music. Later in the evening refreshments were served, sandwiches, pickles, cake and coffee framing up the menu.

There was considerable sport in connection with the serving, which served to spice up the occasion, which was voted one of the pleasantest enjoyed in railroad circles in many a round trip.

"The Girl Question."

Bubbling over with fun and laughter, the stage crowded to the utmost with pretty girls who dance and sing with an enthusiasm positively exhilarating "The Girl Question" comes to the Temple theatre on Wednesday, February 10th, under the management of E. H. Frazee.

"The Girl Question" is a musical play with an absorbing story of human heart interest, developed in its plot, yet filled with such humorous types of characters and situations that an audience is kept in an almost continuous stream of laughter. It is written by Adams, Hough and Howard, authors of "The Time, The Place, and The Girl," and is along the same slangy, funny lines of everyday life as that wonderful success.

"The Girl Question" has been staged by George Marion, universally acknowledged to be a pastmaster of stage direction, and who produced "The Prince of Pilsen," "The Merry Widow," "The Stubborn Cinderella." Mr. Marion's name is an assurance that the play will be full of dramatic climaxes, beautiful stage pictures of color and ensemble, as well as pretty, graceful dancers replete with action.

"The Girl Question" has a record of 339 consecutive performances at the La Salle Theatre, Chicago, and on tour through the larger Western cities last winter crowded every theatre in which it played to the very doors.

The cast which will be seen here is a notable one, and the song-hits include, "Good Bye, Pal," "I Hate to Work on Monday," "O, Gee! Be Sweet to Me, Kid," "Waltz with Me, Dear, Till I'm Dreamy," "When Eyes Like Yours Look Into Eyes Like Mine," "Old Buck and Wing," and "Do Something."

Speculative Blood.

McCook's sporting blood has a full blood cousin in her speculative blood. Isn't it mining stock, attractive land deals in foreign parts, pianos or automobiles for a dollar ticket, down to the lesser gambling in speculative chattels of the five cent sort, it is margins on wheat, corn, pork etc.

Just now the latter form of gambling seems to have the call, with some deals to stagger the believe of we common mortals who find more pleasure in earning our livings in the lawful and normal way—the sweat of our brows, not by the sweat of our neighbors.

Given Six Months and Costs.
