### Votes Count.

The campaign for "Denver Dry" is pronounced hopeful. The liquor men sent a representative east to secure money from the brewers and distillers. He returned unsuccessful, and reported that the Eastern brewers and distillers said, "We have troubles of our own. And besides, money sent to Colorado has never been productive of results." (Too many women voters?) The Public Sving League, composed of one hundred representative Denver women, has endorsed the "dry" movement and pledged its aid.
