A Busy Fire Week.

Monday, the coal chute at Hastings were burned, together with 140 tons of coal and two cars. Traffic was delayed somewhat. Yardmaster Harris' boy lost a foot under the wheels of a switch engine during the fire. Tuesday, the company's bridge east of Edison was partially destroyed by fire, delaying No. 1 several hours. A train was sent from here to make repairs.

Declamatory Contest Tomorrow Night,

March 26.

Six young people of the high school will contest for the gold and silver medals and the honor of representing McCook at Alma, tomorrow evening. For the last two weeks the columns of our state daily newspaper have been full of debating and declamatory contest news. The matter of public speaking in both forms seems to be growing in popularity as a legitimate part of school endeavor. At Trenton tonight twelve young people are contesting for similar honors and at Stratton tomorrow night nineteen will strive for the same distinctions. Practically all of the schools up and down the line in this part of the state are in this work. The Oxford board of education has hired a special teacher to come out from Lincoln for six weeks to train the contestants for this work.

Of the selection tomorrow night two will belong to the oratorical class, one to the dramatic and three to the humorous. The program will begin promptly at 8:45. Two beautiful medals have been donated by A. Barnett for the winners. Out of town people will act as judges. All patrons and taxpayers are cordially invited to attend. A small admission is charged simply to help defray the expenses of the contest, 25 and 35 cent.

PROGRAM

Instrumental duet. Mrs. W. B. Mills, Fern Fliccraft Francis Scott Key. Joseph Moore A Telephone Romance. Alma Orwig How the La Rue Stakes Were Lost. Gertrude Morrissy Morning Song. Girls' Glee Club Our National Safeguard. Florence Wilson The Relation of the Mosquito to the Human Family. Harold Schwab The Colonial's Experiment. Mabel Randal Over the Sea. Pupils from 7th A Grade Decision of judges and award of medals. Judges—Clint M. Barr, Hastings; Rev. Gaylord G. Bennett, Holdrege; Esther Bailey, Lincoln. Referee—J. F. Holliday, Indianola.

Not Up to Expectations.

"The Isle of Spice" as presented in the Temple, last evening, was hardly up to expectations. It was piquant, but rather over epic in spots. Lots of good comedy, but some raw vaudeville in the concluding act. The good music was confined pretty exclusively to Miss Margaret Felch, whose work was all clever.

A New Record For McCook.

Last Saturday a new record was established for the McCook telegraph office of the Western Union Co.

About 11 o'clock in the morning, a local special correspondent received a rush request for a thousand word story of our townsman Congressman George W. Norris, who has been so conspicuously in the limelight in Washington for the past week.

Wire Chief C. F. Heber was consulted and he at once commenced operations to secure a direct wire to Cleveland, Ohio, the place from which emanated the request. He was shortly afterwards successful, and the unprecedented stunt for this office was soon on. The story was prepared and placed in the hands of Operator W. L. Bass as fast as possible. By one o'clock, 1130 words had been telegraphed direct into the office of the Cleveland office.

Wire Chief Heber had the "keep up" of the 1,200 mile wire in personal charge, and naturally he is well pleased with the feat accomplished.

Ice House Much Damaged.

Monday afternoon, the large west ice house of the Burlington at this place was much damaged by fire, caused probably from sparks from a lignite fed switch engine.

It required two hours of fighting, both company and city having lines of hose playing on the flames, to control the fire, which, however, damaged the building and contents to the extent of several thousand dollars meanwhile.

By stubborn work and concentrated effort, the boys kept the flames from communicating to the large ice house on the east side.

About three o'clock, Wednesday morning, fire broke out in the building again, doubtless from live embers, but the fire was soon extinguished.

Tuesday afternoon, sparks from an engine communicated to straw and rubbish at different points along west B street and the department was again called out to extinguish the flames—which was done without any damage worth mentioning. About the same time a small prairie fire between the original town and West McCook added to the interest of the occasion.

A Quiet Home Wedding.

Last Sunday evening, at the home of Dispatcher and Mrs. T. B. Campbell, Miss Ruth G. Campbell and Mr. Thomas Frank Humphries were quietly united in marriage in the presence of the immediate members of the family and a very few close friends. Rev. R. T. Bayne of the Congregational church performed the ceremony.

A wedding supper was served after the ceremony, and the young couple took number 14 the same evening for their future temporary home near Monrovia, Kansas.

The bride is the charming daughter of Dispatcher and Mrs. Campbell and is a genuine daughter of McCook, having been born in this city. She counts a wide circle of dear friends in this city. The groom is a Burlington fireman highly esteemed by his fellow firemen and by the company for his sterling worth and efficiency in the service. He temporarily retires from the service, taking a long layoff, and for the present will reside on the parental farm in Kansas.

THE TRIBUNE voices the sentiment of many in wishing them much happiness and prosperity.

EACH HAIR COUNTS.

Your hair is falling out rapidly. Is it coming in just as fast? That is the rub. If you find that your hair is thinning as well as falling, it is time to do something. Persistent falling out of the hair is something that should be looked after promptly, especially if dandruff or other humors are present. The best remedy is

PUBLIC SCHOOL NOTES.

Seed Corn Tests. The agriculture class of the McCook high school would appreciate the favor if a number of farmers would bring in some representative seed corn for the class to test. If the corn is brought in ears the ears will be returned to the owners. The class will strive to make an accurate test and give a trustworthy report to those thus helping them out. Captain Wasson has brought in a selection of seed corn which is being tested now. The State Department is sending out pamphlets to the members of agriculture classes who are willing to do this practical work.

Beaver City Won.

The Beaver City high school debating team won over the McCook team at Beaver City, last Friday evening. Albert C. Watkins, Judge Tibbets, both of Lincoln, and Principal McCormick of Atwood, Kansas, were the judges. From all reports the debate was a credit to both schools in every way. Judge Tibbets after the debate was over said that of several high school debates he had heard this stood out as the very best. Adaline Koller, Ray Scott and Helen Schwab represented McCook. Miss Cora Scott and Mrs. Koller went with our team.

The board of education has installed six new drinking fountains—two each in the three buildings. They are all thoroughly sanitary.

Miss Esther Bailey of Lincoln has been employed to teach in the high school. Miss Bailey will be graduated from the University of Nebraska in June. She will then have completed both the teacher course in the university and the course in literature, science and the arts. She has been a supply teacher in the Lincoln high school, the past year. Miss Bailey is expected to be a strong and efficient member of the high school faculty.
