Sudden Call of Mrs. E. E. Magee.

Mr. and Mrs. Kimmell were summoned to Aurora, Nebraska, Sunday morning on No. 2, by telephone message announcing the sudden death of Mrs. E. E. Magee, Saturday night, at 9:15 o'clock. Mrs. J. B. Meserve, mother of the departed, arrived from Los Angeles, California, Wednesday, and the remains were taken to Lincoln, Thursday, for interment in Wyuka cemetery.

Mrs. Magee will perhaps be better known to Tribune readers as Edna Taylor Meserve, having been for years a resident of McCook and a teacher in the public schools, as was her husband, Mr. Magee, who survives her together with two young sons, Bruce aged six years and a baby boy four months old. E. Schell Kimmell went down to Aurora, Wednesday morning, to attend the interment in Lincoln, Thursday.

Mrs. Meserve and Mrs. Kimmell will remain in Aurora a short while before returning to McCook. Very tenderest sympathy goes out to the bereaved ones.

"ST. ELMO" PLEASURES MANY.

Post Season Offering at the Temple Theatre Both a Thespians and a Financial Success.

The presentation of "St. Elmo," last Saturday night, drew out the theatre-going people of McCook in such number as has been equaled only by the opening night, many out-of-town people also availing themselves of the opportunity of witnessing this excellent production.

The company is perhaps the strongest with the George Amusement Co., just closing an eastern tour, and fulfilled the expectations of the theatre patrons to a remarkable degree. Indeed, many expressed a desire for a return engagement, next season.

The story is too well known to require comment as to plot, and such embellishments as Miss Hayward thought necessary for a popular dramatization rather added to its interest. Both company and management are to be congratulated on the success of the attraction.

McCook Public Building Bill.

The state papers recently published a statement that Senator Burkett had introduced a bill for the erection of a federal building at McCook. A bill for this appropriation was introduced by Congressman Norris early in the present session and is being carefully looked after by him, with a good prospect for its passage. The judge should be a better advertiser.

GIRLS ENTERTAIN THE BOYS.

One of the Enjoyable Social Affairs of the Early Spring.

Monte Cristo hall was a merry resort, last Friday evening, on the occasion of the dance given by the young ladies of the city who have enjoyed the courtesy of the young men of the Fortnightly club during the past winter. Almost a score of couples participated in the affair, which evidenced the skill and taste of the gentler sex in its every detail.

Of course hearts were the decorative detail, and red hearts at that, with red crepe paper to boot, everywhere.

There was a "cosy corner," done in grape vines—the gentler sex are sometimes pictured as "clinging" creatures. At any rate it was pretty and feminine.

There was a refreshment booth, presided over by Mrs. H. P. Waite and Mrs. Leroy Kleven, chaperones. The colors in the booth decoration were red and white.

There was a four-piece orchestra to supply the terpsichorean inspiration.

The young ladies called for their gentlemen guests of the evening.

REBEKAH'S DISTRICT MEETING.

Members of the Rebekah Degree in S. W. Nebraska Meet in McCook.

Members from about a dozen lodges of the Rebekah degree met in McCook, last Friday evening, in a district gathering. Lodges at Trenton, Haigler, Cambridge, Lexington, Culbertson, Indianola and Bartley were among those represented by delegates.

Emma L. Talbot, of Omaha, state secretary of the degree, was here in person, and with the assistance of the staff from Cambridge gave the degree work of the order in fine form. The Cambridge team is regarded as one of the best drilled in this part of Nebraska. About twenty members of that lodge were here.

A delightful social hour or two followed the work; and then refreshments were served by the local Odd Fellows and Rebekahs, who provided their visiting brothers and sisters a splendid spread.

There were in the meeting about one hundred Odd Fellows and Rebekahs, and it was an early morning hour before adjournment.

Middies Will Cruise Shortly.

Midshipman Earl F. Enright writes from the U. S. naval academy at Annapolis, Md., that the middies there are about to engage in a practice cruise of several months. They will leave Annapolis on June 5, going directly to Plymouth, England, where a special train will convey the boys to London town for a week's stay. From England they go to Marseilles, France, and from there to Gibraltar, Spain. Tangiers, Africa, the Madeira Islands (off the coast of Africa), and then the boys will be homeward bound, stopping a week at the Azores and another week at Solomon Island in Chesapeake bay. This brings them home about September 1, when the boys will be given a month's leave of absence at home. Earl states that this cruise is attracting more than common attention in England and France for the reason that it has been several years since the middies have visited either of these countries.

School Census.

An effort is being made by the school authorities to get the most complete school census possible. Family cards have been sent out to every family represented in the school. It is desirable that the parents fill out these cards and send them back to school as soon as possible. A word of explanation is due. The size of the school census and total population of the town are immediately essential in giving the town influence in a commercial way. In the state at large we want to boost for McCook. The school district draws state apportionment money for every person between the ages of six and twenty-one in the school district. Every one should co-operate with the school authorities by filling out carefully all blanks on the cards sent home.

"Uncle Billy" Dead.

William L. Black, known to the printing fraternity in this part of Nebraska as "Uncle Billy," died on May 16, and on the 18th was buried in Trenton cemetery. He was in his seventy-fourth year, one of the oldest active printers in the state. During the past twenty-five years, departed has frequently been employed on The Tribune in rush occasions. We offer a tender tribute to his memory.
