The electric display in colored globes in the Temple, St. John's day, was both pretty and effective.  
Quality and price, courtesy and promptness in delivery are making for success at the McCook Flour and Feed Store.

The unfavorable weather conditions will probably delay the building of a farmers' elevator in McCook for this season.  
Apropos of the prevalence of scarlet fever in the city, the mayor has issued orders to the moving picture men not to allow children under 15 years in their places of amusement for the present.

## SOME NOTED AEROPLANE EXPERTS WHO WILL RACE AT OMAHA JULY 23-27.

**GLENN H. CURTISS**, the aviator who recently broke all records by flying from Albany to New York City, has signed a contract with the Aero club of Nebraska to make a number of flights from some point near Omaha and the club has put up \$15,000 as a guarantee.

The first thing the Aero club of Nebraska did was to secure the Midwest aviation meet and it is for this event that Curtiss has been secured to make flights five days, July 23 to 27.

At a number of aviation meets held in the west, men trained by Curtiss will be seen, but as far as known the Nebraska club is the only one which has secured the real Curtiss between Chicago and the Pacific coast. Besides Mr. Curtiss, the club has secured C. J. Mars and Charles K. Willard, who will also make flights at the meet.

Mr. Mars is to select the site within a few days, but it is certain to be within easy reach of Omaha by street cars, as it would be impossible to handle the crowds without them and convey people back and forth to some great open place where a safe start can be made within sight of thousands of people. Both Benson and Florence are after the meet and both are near Omaha.

CURTISS IN FLIGHT.

**DELIGHTFUL MUSICAL**

This celebrated harp cost \$1,500 and is used at every performance.
