Off For a Vacation.

Little Paul McKay and a young playmate, a son of Frank DeLong, left the city, last Friday, without notice, for Colorado. Neither of the lads was clothed or provided with means for such a journey. After causing their parents much uneasiness, the little fellows were located at Wray, Colorado, hungry and ready to return home, which they did on Sunday evening.

Married a Denver Couple.

At the Methodist parsonage, Monday, July 1910, Rev Bryant Howe performed the marriage ceremony of Mr. Thomas T. Cox and Miss Miriam E. Barker, both of Denver. They arrived from Denver on No. 2 and returned home on No. 1, same day. Mr. Cox is general manager for the Rocky Mountain Petroleum Co. 3604 Fox street, Denver, will be their home.

More About the Case.

It has occurred to us that possibly the report made in last week's issue of this paper, of the case of the county of Red Willow against H. I. Peterson and his bondsmen, does not fully and fairly present to the public the controversy involved in the action.

Upon further investigation we learn that the only question involved was the right for the sheriff to retain mileage fees earned by him, and is a matter of the construction of the law governing sheriff's fees passed at a recent session of the legislature. This law provides "That the sheriff shall, on the first Tuesday in January, April, July and October of each year, make a report to the board of county commissioners or supervisors under oath showing the different items of fees EXCEPT MILEAGE collected or earned, from whom, at what time, and for what service and the total amount of fees collected or earned by such officer since the last report and also the amount collected or earned for the current year and he shall then pay all fees earned, to the county treasurer." The contention being on the part of the sheriff that under this statute, he not being required to make any report of his mileage fees, that it was not the intention of the legislature that he should pay them over to the county that they were not treated as other fees by the legislature, but rather in the nature of expenses, and that it was their intention that he should retain them to reimburse himself for his traveling expenses, while the county contends that he should pay them over to the county although not required by the statute to make any report of them.

We also learn upon inquiry, that instead of the decision made by the district court disposing of the matter as stated in our former issue, that bond to supersede judgment of the district court was immediately filed and that transcript has been obtained for the purpose of securing the decision of the supreme court upon the matter which will have to be secured before the matter is settled.

So far as we have been advised, this is the first case to be brought involving the questions here raised, and we are informed that some of the adjoining counties have been waiting the result of this case before settling with the sheriff, which other counties have allowed the sheriff to retain his mileage.

Miss Purvis Married.

A quiet wedding was celebrated in Fremont at 3:30 p. m. yesterday when Miss Florence Purvis, a former Fremont girl, was married to Dr. S. F. Price of Saratoga, Wyo. The wedding occurred at the residence of Miss Purvis' brother, J. N. Purvis, the rooms being tastefully decorated with flowers. Rev. I. W. Corey performed the marriage service. After the service the couple left almost immediately for Saratoga, where the groom is a prominent physician and business man. He is a state senator and well known through the country. Miss Purvis has for some time past been teaching in Saratoga and in Idaho Springs, Colo. — Tuesday's Fremont Herald.

HENRY F. TOMBLIN.

A Brief Biography and Obituary of an Early Settler of S. W. Nebraska.

Henry F. Tomblin was born in Carleton, N. Y., March 22nd, 1835, and died in McCook, Nebraska, July 11th, 1910.

From early youth to young manhood he farmed in the state of New York. Was united in marriage to Josephine Parsons, Feb. 27th, 1861; from this union were born three children, all of whom survive him: Mrs. J. F. Forbes, McCook, Neb., Mr. F. F. Tomblin, Denver, and Earl C. Tomblin of Beatrice, Neb.

Mr. Tomblin moved from New York state to Emerson, Iowa, in 1873, engaging in the lumber and hardware business; from Emerson later on moving to Indianola, Neb., in April 1880, having located on a homestead in the near vicinity. From Indianola he again moved to Arapahoe, Neb., where residence was maintained for many years.

He entered the service of the U. S. as a private in Co. D, 151st regiment of the state of New York, on President Lincoln's first call for volunteers, serving throughout the entire war, and was regularly mustered out at the close.

He was part of that great body of soldiery which was with General Sherman in his first historic "March to the sea." Shortly after the close of war he was duly converted and became a communicant of the Presbyterian church of Carleton, N. Y., his wife having been a member of that body

Vigorous Quarantine Measures Being Carried On—Warning to Citizens.

The City Board of Health are waging a determined war against scarlet fever in McCook, and are carrying out severe measures to enforce quarantine regulations.

All children not sick are to be kept in their own yards, and under no circumstances allowed on the streets. Rules have been printed outlining the measures to be followed in the sick room and quarantined premises and an inspector has been engaged to see the same are enforced, violations to be punished by fine or imprisonment.

One obstreperous patient has already been arrested and more arrests may follow.

Every good citizen will report violations of the laws, other citizens will be compelled to respect the laws. Scarlet fever is a dangerous disease and even a light case of it may terminate fatally, or may prove the means of a neighbor catching the disease.

Now show you are a good citizen and help to eradicate this disease. S. C. BEACH, M. D., Inspector, Board of Health.

Republican City Caucus.

The Republican electors of the four election districts of Willow Grove precinct will meet at the race track, Monday evening, July 18th, at 7:30 o'clock, for the purpose of selecting delegates to the Republican county convention to be held in McCook, July 20th, 1910, and for the transaction of such business as may properly come before the caucus.

for many years previous.

After locating in Arapahoe, Neb., Mr. and Mrs. Tomblin affiliated with the M. E. body of that place, later on being taken into regular communion and fellowship.

On moving to Denver some two years since, membership was transferred to Grant Avenue M. E. church of Denver, with which body he was a consistent member until the end came.

Mr. Tomblin was an unobtrusive, unostentatious, conscientious type of man; a true exemplar of the God-fearing American citizen.

Ever loyal to his friends, and charitable towards those who differed from him, in either conduct or opinion; his character can be summed up in this terse expression: "He always rang true to the best that was in him."

Brief services were held at the Forbes residence, Tuesday afternoon, Rev. Bryant Howe in charge and Rev. R. T. Bayne assisting.

The remains were taken on train train 10, Tuesday evening, to Arapahoe, for interment, which occurred on Wednesday morning, after further simple services in charge of the Methodist pastor of that place.

Fred F. Tomblin of Denver was in attendance upon the services.

Members of J. K. Barnes post of this served as pall-bearers to the train, Tuesday afternoon and members of the Arapahoe post acted as pall-bearers at the burial in that city, Wednesday morning.

Dr. J. A. Gunn and the late Henry F. Tomblin were prospectors in the Black Hills country thirty years ago.

Telephone Line to Oberlin.

General Manager Pratt of the Nebraska Telephone Co., Benton of the Oberlin company, J. L. Newman, Bert Everist, S. E. Ralston, J. L. Sims and others of the Danbury line are in the city, today, figuring together on the new line from McCook to Oberlin. Benton wants a through line, but others favor the use of the McCook-Danbury line now built and the extension from Danbury to Oberlin. The line will be built at any rate.

There is a probability that McCook will eventually become the headquarters for Southwestern Nebraska and Northwestern Kansas in the telephone business, with adequate headquarters etc.

Subscribers for Chautauqua Tickets.

An effort is being made to get a later date for the chautauqua. If this effort fails all money will be refunded in full for tickets purchased.

To Meet Miss Clifford.

Mr. and Mrs. Alex. F. Drebert entertained two score young folks of the city, last Friday evening at their home on North Main avenue, at a "patriotic party," to meet Miss Marjorie Clifford, their niece from St. Paul, Minn.

It was an out of doors affair with decorations befitting. Chinese lanterns were strung over the lawn, electric lights therein providing the illumination. A large specimen of "Old Glory" was displayed at the front of the home.

At an early stage of the occasion the guests followed the leadings of cords to receptacles affording whistles, bells etc., with which to celebrate.

Refreshments were served at small tables on the lawn, the ice cream being in form and color of the National flag. Punch was served during the evening.

A choice display of fireworks was an enjoyable incident of an event replete with clever social items.

Mrs. R. B. Simmons and Mrs. C. F. Heber assisted in the serving.

WATER BEING ANALYZED.

Small Possibility of Infection From That Source, Say University Professors.

Sample of water from the McCook water works has been taken to Lincoln for analysis by professors in the state university. The result of this analysis will not likely be known before tomorrow.

The professors in whose hands this matter has been placed state, however, that there is small probability of infection from this source. So the people of McCook may rest fairly comfortable on that line.

Fumigation of Mails.

On account of the scarlet fever epidemic in McCook, the post office has been ordered to fumigate all outgoing mail in accordance with the postal laws and regulations. This will cause a delay in the dispatch of the mail as it must be fumigated for a period of eight hours.

The railway postal clerks have been ordered to receive no mail at their cars or from the letter boxes at the depot for all the mail must go through the process of fumigation at the postoffice. LON CONE, P.M.

An Explanation.

Delinquent subscribers to newspapers often wonder why the editor and his office force are so insistent about subscriptions in arrears. The following article clipped from the Des Moines Daily Capital will explain why a subscriber in arrears gives the average country editor the nightmare. "Editor Fay of Lyons, Ia., has been called to Washington City because his subscription list is not as well paid up as the law requires. He will have to explain to the government officials why he has not compelled his subscribers to pay up according to postal rules. An inspector had visited him two months previous and his list was said to be pretty thoroughly paid up, but evidently it was not sufficiently so. It seems a little tough that country editors have to be hauled up before the government under the charge of violating federal laws just because they do not eternally keep dunning their subscribers for the small sum they owe on subscription, but it's like the end of the world, no man knows when it cometh, and no editor knows what day an inspector may pop in and ask to see his list. And if too many subscribers are behind on their paper it means trouble with the government. It puts an editor in such shape that he is compelled to force his collection unless he has an unusually prompt paying list of subscribers."

Miles of Wheat Fields.

The Tribune had the pleasure of an auto ride, Tuesday afternoon, up the Driftwood for about ten miles, with J. F. Cordeal. It developed the fact that that section has miles of small grain, most of it cut, and soon to be threshed. The bundles seen in the fields indicate a fairly good average yield over that part of the county, and when the large acreage is taken into the consideration, many thousands of bushels of small grain will be harvested.

Only a Slight Blaze.

There was a small fire in a hay stack in the Cain livery barn yard, Sunday morning, on east B street, but a few buckets of water extinguished the blaze before it had gotten under much headway, and consequently there was no damage of any moment.
