Attention is directed to the semi-annual statement of the McCook Co-operative Building and Savings Association appearing in another column of this issue. The association has for over 20 years been a safe, conservative, money-making proposition, and bids fair to continue in that class for years to come.

Here is something that is worth many dollars to every farmer to know: Sprinkle lime in your stock tank and not a particle of scum will form on the water. When the lime loses its strength scum will begin to form, which may be twice during the season; wash out the tank and repeat the dose. It is cheap, not only harmless but wholesome, keeps the water sweet and saves the life of stock.

Wilson Dress-hook

The only perfect fastening device for shirts, waists, collars, belts, children's garments, etc.

2 SIZES: LARGE AND SMALL
3 COLORS: GRAY, BLACK, WHITE

Price: 10c a Card

It is light, does not snap or pull together; cannot slip open accidentally, or pull out beyond the edge of the garment; is flat and flexible, easy to sew on and does not cut or wear the thread or work loose; cannot be injured in the laundry; will not rust, and is perfectly the only fastening device that can be trusted. Patented by dressmakers.

Try the Wilson Dress-hook, and see how superior it is to hooks and eyes, snaps, or any fastener now used.

STRUCK BY LIGHTNING.

Monday evening at the home of his parents, who live just over the state line, Perry Macy was struck by lightning, the bolt striking his shoulder and passing around his body coming out at the hip on the opposite side, rendering him unconscious and setting his clothes on fire. His father who was near him at the time, with the assistance of his mother and a neighbor, carried him in the house, thinking he was dying. Restoratives were applied and he soon revived and is now able to be around as usual and says he feels as well as ever. It was a narrow escape, and just how or why he escaped is one of the freaks of electricity that may never be known.

G. W. Justice's new barn which was just completed was badly wrecked by a severe wind storm last Thursday.

Rev. W. S. Young's new house was also blown down by the same storm. Many of the grain stacks were blown down and shook grain more or less scattered. A heavy rain fell in the vicinity.
