## BRYAN IS NOT FOR DAHLMAN

W. J. Bryan broke the silence which he has maintained on the state situation since his return to Lincoln ten days ago, and last night issued a statement of his attitude towards the Democratic ticket, especially the candidate for governor. The statement is as follows:

"I am just leaving for Missouri and shall be absent practically all of the time for about a month campaigning in Missouri, Kansas, Iowa, Indiana and Illinois. After that I shall be at liberty to speak for Mr. Hitchcock, the Democratic candidate for congress, and for the state ticket in Nebraska. In speaking for the state ticket, however, I shall not be able to present any arguments in favor of the election of Mr. Dahlman. His position on the liquor question makes that impossible. I regret this exceedingly, for he has been a political and personal friend for twenty years, and it would give me pleasure to speak for him if I could endorse the policy for which he stands, but he has chosen to make the liquor question the paramount issue, and makes his appeal on that issue. In spite of the fact that the last Democratic state convention voted down a declaration against county option by a vote of 638 to 202 he says he will veto a county option bill if passed, and in spite of the fact that the state convention endorsed the eight o'clock closing law by a vote of 710 to 163

he announces that he will sign a bill repealing it if such a bill is passed. He is making his appeal on non-partisan lines with the liquor question as the sole issue. His courage is to be commended. It is an honest way of making a campaign, although it compels him to separate himself from friends who do not agree with him and to rely for speechmaking upon those democrats and republicans who take his view of the subject.

"Possibly it is just as well to have the issue clearly presented so that it may be settled this year instead of two years hence. Troublesome as the question is now, it would be ever more embarrassing if presented in 1912 when we have a presidential election on hand. If Mr. Dahlman is elected, it will be a declaration by the voters of the state against county option and against the eight o'clock closing law. If he is defeated, it will be a declaration in favor of county option and in favor of the eight o'clock closing law. In other words, the voters now have an opportunity to decide whether the state shall go backward or forward on the liquor question. To present arguments in favor of going backward would not only contradict what I have already said on the subject but would embarrass me in the fight that I expect to make hereafter to save our party from the odium of being the representative of the liquor interests."

## MR. ALDRICH TO MR. METCALF

DAVID CITY, Neb., Sept. 19.—Hon. Richard L. Metcalf, Lincoln, Neb. My Dear Sir: I am in receipt of your letter of the 17th inst., in which you state your intention to give me your support in my candidacy for the office of governor of Nebraska. I regret my inability to express in words my appreciation of your action not alone from the great good your support will do my candidacy, but for the greater services you will thus render the state in the fight now on for civic righteousness. I count it one of the highest honors of my life to be chosen by you as your candidacy for governor and am delighted to accept your support. Your voice and your aid will bring thousands of men to the cause of good government. I agree with you that the overshadowing issue in this campaign is as to whether the people or the liquor trust shall rule in this commonwealth. That is the question. If we cannot trust the people, whom can we trust? Like yourself, I have nothing personal against my opponent, James C. Dahlman, but I am eternally opposed

to Dahlmanism. It disregards law. It pardons the most vicious criminals. It prostitutes womanhood, degrades manhood and damns childhood. It corrupts politics, destroys homes, fills jails, prisons, asylums and graves with its deluded victims. Therefore, I welcome you and the thousands of patriotic democrats who will follow you and who will fight shoulder to shoulder with us in this crusade against one of the most stupendous, most thoroughly equipped and financed conspiracies for the control and debauchery of the people's government by the liquor trust ever planned in the history of American politics. Your action of placing the cause of the people above your party fills me with a confidence that right will triumph in this contest. I confidently believe that 150,000 voters of all political parties will go to the polls next November in this beloved state of ours and cast their ballots against Dahlmanism and thus enthrone the people in the control of their own government. Very truly yours,  
CHESTER H. ALDRICH.
