## GERMANS' POWER RULES PALESTINE

### Teuton Consul Biggest Man In Holy Land.

### HAVE COMMERCIAL CONTROL.

Invasion of Turkish Domain Dates Back to Early Fifties, and Spread Became Possible Through Friendship of Kaiser Wilhelm and Deposed Sultan, Abdul Hamid.

The Germanization of Palestine is proceeding rapidly. In the early fifties of the nineteenth century a body of Germans calling themselves Templars left their native land for Palestine. These early pilgrims were well supplied with money. Each of them bought land and built a house for himself.

In less than three years a colony of 200 well built houses of European style stood on the slopes of Mount Carmel. Little by little from this center the German colonists branched out to Jaffa, Jerusalem and other places. Recruits came freely from the fatherland.

In thirty years the German proprietors could be counted by thousands. With Teutonic tenacity of purpose they worked to open up a market for manufactures and find an outlet for all kinds of articles of German production. Every inducement possible, cheap prices and long credit, courted the patronage of merchants.

**Merchants' Influence Powerful.** Commercial travelers followed closely after one another. Some of them remained at Haifa, Jaffa and Jerusalem as commission agents. They offered their wares at very low prices and were willing to wait long for payment. Thus they became powerful and popular.

When the ground had been thus prepared the Emperor Frederick visited the country, an event which greatly heightened German prestige in Turkey. When the present kaiser ascended the throne he prosecuted his father's policy with far greater vigor.

The friendship between Wilhelm II and his "cher et tres grand ami," Abdul Hamid, made the position of the Germans in Palestine stronger than ever. After the visit of the kaiser and kaiserin to Jerusalem in 1898 there was another increase of German influence. Germans acquired immense tracts of land in all parts of the country. The recent visit of the Prince and Princess Eitel Friedrich has kept the German influence strong.

**German Consul Rules Country.** The German consul today is the great man in Palestine. Germans are still flocking into the country on every side. Most of them remain. If they have the money they buy property at once, cultivate it and build houses. If they are poor they are financed by the Templar bank, which is subsidized by powerful political syndicates.

This German immigration is carefully planned and cleverly organized by influential syndicates composed of great financiers, princes, manufacturers and military officers. The kaiser himself is said to preside over the meetings of the principal of these syndicates. The conquest of Palestine seems to have begun.

### DESERTED VILLAGES REVIVING

Maine's Abandoned Communities Get New Lease of Life.

Maine has had her deserted farms, and now and then one can find her deserted villages. Such a one is Welchville, in the town and county of Oxford, where once the pulse and machinery kept life beating fast in a thriving little community.

Today the population is scattering, on the farms thereabouts chiefly, while the change in the value of the property is indicated by the story recently related of the sale of a two and a half story house for \$175 which was worth \$1,500 seventy-five years ago.

But the number of such towns is small. Maine is building up fast. Her deserted farms are being taken up, sometimes by progressive young farmers and again by summer people, and the deserted Maine villages promised a new lease of life.
