### Horse Died in Harness.

A horse driven by parties of South McCook by the names of Coffey and Pettit died in the harness, Sunday, just east of the city on the Indianola road in front of the Deveny place. The parties were seen driving the horses at a gallop for considerable distance and it is said that the death of one of the animals was due to over-driving. The horses belonged to the father of one of the drivers—Coffey.

The police force was called to South McCook during the afternoon to quiet an ugly fight between these parties—a disturbance probably a result of the drive and the horse's death.

We believe no arrests were made for either offense.

A drayman was sent out, next day, to dispose of the dead animal.

### S. S. Rally Day Exercises.

Last Sunday was rally day at the Methodist church and the evening service was given over to the special program arranged by the Sunday school in celebration of that day. The program was given by the children of the school and in the main by the little tots—with satisfactory results. All enjoy the simple work of the little children, which on this occasion consisted of songs, recitations, etc., with choral efforts by members of a class of older girls and boys.

The collection of the evening was for missionary work in the Sunday school field in foreign lands.

There was an overflowing attendance.

### A Top Notcher.

"My Cinderella Girl" drew a large and warmly appreciative audience to the Temple theatre, Tuesday evening. Though in general very like the average musical comedy, there were some piquant points of dissimilarity; and this very dissimilitude doubtless was the company's chief jewel. A college comedy, featuring base ball, it had all the snap and go and vociferous action that the average theatre-goer could comfortably assimilate. There was something doing with pauseless continuity and in bewildering haste at times to make a speedometer dizzy. Some quite clever dancing, vocal efforts of average quality and a generous, though not keen comedy provided an entertainment fully enjoyed by all.

### Dr. George E. Condra.

An important subject to be discussed at the Farmers' Institute, Oct. 27th, is "Conservation." Perhaps no man in Nebraska is better qualified to speak on that vital topic than is Dr. Condra, who is a national figure, an expert in that line. He will speak both afternoon and evening. Don't fail to hear a live one on a live subject.

Besides the contests of the boys and girls cannot fail to interest you. Boost for Red Willow county and better husbandry by presence and active interest in this institute and contest.

Eureka Chapter Visited by the Grand Matron—A Large Attendance—Fine Banquet Feature of the Evening.

The meeting of Eureka chapter No. 86, Order of the Eastern Star, last Friday evening, was one of the most notable in its history, the special purpose of the session being the visit of the Grand Matron of Nebraska Mrs. Anna Evans, who made the chapter an official visit with much profit and pleasure to all interested.

A splendid dinner was served in the banquet hall at seven o'clock, preliminary to the conferring of degrees and the official inspection of the chapter by the grand matron.

In addition to the inspection and address by the Nebraska grand matron, Mrs. Morish, grand matron of Kansas, from Oberlin, made a short address and Grand Ada, Mrs. McCabe of Arapahoe, this state, brought brief greetings.

### PUBLIC SCHOOL ITEMS

#### Trenton Too Big.

Last Saturday, the Trenton high school football team was victorious over the McCook high school team by a score of 11 to 0. Considering the sizes of the teams, the score ought to have been 50 to 0. The Trenton team was larger by a good deal than the last year's McCook team. During the last half of the game no score was made and the McCook team kept the ball in Trenton territory most of the time. McCook gave a splendid exhibition of the forward pass plays in all variations, and the fact that football is by no means a game of beef and weight alone.

About fifty McCook people went along. The girls of McCook should be complimented on the splendid rooting support they gave the McCook boys. There were no injuries even of a slight nature on either side.

Tomorrow, the McCook team goes to Oxford to play the return game with them. Two or three first team players who were not able to be in the Trenton game will be in the line-up at Oxford, tomorrow.

#### With Indianola, Next Thursday.

The high schools of Indianola and McCook will contest for honors at the east ward school grounds, next Thursday afternoon at 3:30. This is the day of the big meeting of the farmers' institute. This will be the first time for a number of years that two Red Willow county high school football teams have contested for honors.

If you want to see a clean exhibition of scientific football, come out next Thursday.

#### East Ward Entertainment.

Much credit is due the pupils and teachers for the successful entertainment, last Friday. The proceeds were \$23.45, of which about \$20.00 was clear.

#### Will Inspect McCook Schools.

The state department of public instruction will inspect our public schools, next Thursday and Friday. All schools doing normal training work are inspected annually. McCook high school is the only school west of Beaver City which is recognized as a normal training high school. This does not mean that the whole purpose of the high school is to turn out teachers. Many people seem to draw this wrong conclusion. It simply means that the high school, in addition to its general course, gives this ADDED opportunity for those desiring to teach.

### Under Heavy Handicap.

Senator E. J. Burkett spoke in our city, Tuesday evening, under very unfavorable circumstances: To the stormy, threatening weather were added several local events, which conspired to limit his hearing to small proportions.

He confined his remarks to national questions, which he handled with an intelligent vigor and a familiarity due to his years in congress and his energetic efforts as a congressman and a U. S. senator of a dozen years' service and experience.

He proved the Republican party to be worthy of the continued confidence of the American people, who for a half century have kept that party in power—the greatest half-century in the history of America, or of the world.

His plea for the return of Congressman Norris to his seat in the lower house was a credit to the senator's broad and liberal mindedness.

There is but one regret—that more did not hear him.

Wednesday morning he spoke to much larger audiences at Indianola and Bartley. Both meetings were very satisfactory and enthusiastic.

### EVERYTHING THAT PHARMACIES SHOULD HAVE.

Our aim is at all times to provide the citizens of McCook with everything that they require in drugs and other goods carried in first-class pharmacies. In fact, we endeavor to keep in advance of the demand, if possible, by keeping informed as to all advances in the science of pharmacy throughout the world and keeping our stock up to each advance.

You will find here not only all the latest drugs required by the medical profession, but also the sick room goods and toilet requisites that are of value. Our stock is always adequate and affords in many lines an assortment not to be had elsewhere.

L. W. McCONNELL, Druggist.

Willow Grove precinct Republicans held a precinct caucus in the court room, Monday evening, to elect candidates for the precinct offices. E. S. Howell was chairman and F. M. Kimmell, secretary, of the meeting.

The following nominations were made without opposition:

Justice of the Peace, W. B. Whitaker.

Constables, Charles Weintz and R. M. Osborn.

Precinct Assessor, A. B. Wood.

Road Overseer, District No. 7, H. K. Bixler.

One price, plain figures, cash only.

#### Somewhat Mixed.

"The Wizard of Wiseland," at the Temple, Saturday evening, was a mixture of commonplace and some surprises in vocal work, costumery, etc., and though not up to the grade of "The Burgomaster," gave the audience a neat exhibition of musical comedy withal, and some very excellent work at times, calling forth warm expressions of approval.

The company spent Sunday in the city.

### HIGH GRADE FLAVORING EXTRACTS.

We prepare a grade of flavoring extracts that every cook should know about. These extracts are the best that skill and care can produce. The ingredients used are the very best that money can buy. For strength, purity, delicacy, and naturalness of flavor, our extracts cannot be excelled. If they cost twice as much as the inferior extracts they would be the cheapest to buy—they go so much farther and produce so much better results.

Vanilla, lemon, strawberry, pineapple, almond, etc.

L. W. McCONNELL, Druggist.

#### Considerable Increase.

The membership of the McCook Commercial Club during the past week has been increased by the addition of some 10 or 15 new members. This looks good to us. But there are others—several scores—who ought to be enrolled in the club.

No one organization in a city can do as much effective, substantial work for the advancement in all lines, financial, commercial, etc., of an up-to-date modern city as a strong harmonious and well-directed commercial club can accomplish.

#### Mrs. Mary O'Connell.

Last Sunday night, Mrs. Mary O'Connell, mother of Mrs. C. C. Lichtenberger, passed on before, after an illness of a few weeks. The deceased was in her 75th year, January 6 being her 74th birthday. Two sons from Iowa were called here by the aged mother's last illness, and they accompanied the remains back to Ida Grove, Iowa, for burial, shipment being made on No. 6, Monday night. #### Jim's Joke.

Harry Barbazett has a great big bulging tender heart for preachers—especially for the sort who preach politics not at all. So, this week, when Jim Wintersteen of the Standard Bridge Co., introduced his friend and crony, Stonebreaker, also of that company, as the new Baptist parson, Harry with alacrity and completeness fell into Jim's joke trap, after the dominie had placed himself on record as being a "liberal parson." When later "Rev." Stonebreaker insisted upon a glass with "the boys" in one of the Main Avenue thirst emporiums, Harry took a neat tumble to himself and has since been kept busy making it right with "the boys," in the usual way.

#### District Fair.

At the special meeting of the McCook Commercial club, Thursday evening last, there was some discussion of the club assisting the driving park in the coming season, with the idea of enlarging the scope of the association to the proportions and nature of a district fair, making special emphasis upon the agricultural, livestock and usual exhibits of a fair, but providing good races as usual.

An effort will be made also to rehabilitate the association.
