STUBBS IS RE-ELECTED

His Majority is Estimated at From 12,000 to 20,000.

Topeka, Nov. 9.—Governor W. R. Stubbs was re-elected in Kansas by a majority estimated by Republican campaign managers at from 12,000 to 20,000. Stubbs made his race on a progressive Republican platform and

was vigorously opposed by George A. Hoages.

The remainder of the Republican state ticket is practically certain of election.

The election of six Republican congressmen is conceded, but the results of two congressional races remain in doubt.

In the Third district, F. P. Campbell, a standpat Republican, and J. D. Botkin are running a close race. Frank Rockefeller, a cousin of John D. Rockefeller, and a Democrat, and L. D. Young, a Republican are having a hard struggle in the Sixth district.

South Dakota.

Siox Falls, Nov. 9.—Willis C. Cook, chairman of the Republican state committee, made the following statement: "We claim Governor Vessey and the full state ticket has been elected by a majority of not less than 12,000 over the Democrats. Indications are that the majorities for Congressmen Martin and Burke will run above that figure."

NEXT HOUSE WILL BE DEMOCRATIC

Republicans Lose Seats in Congress in Eight States.

Chicago, Nov. 9.—Democratic control of the next house of representatives became a certainty this morning. It was then known that the Democrats had gained twenty-six seats in the house, including two previously secured in Maine. Republicans gained from the Democrats two seats, making the Democratic net gain twenty-four, which is sufficient to give them control.

That they will have a good working majority was indicated by the returns from several states, among them New Jersey. Returns there showed that there probably would be a gain of six Democrats in the representation of that state.

Other returns from New York and Pennsylvania indicated the success of several Democrats in their contests for seats now held by Republicans.

The Democrats also expected to increase their lead by returning several members from Illinois and also from Missouri. It was considered possible that they would be successful in several doubtful states.

The definite Democratic gains were: New York, 8; Pennsylvania, 3; North Carolina, 2; Ohio, 2; Massachusetts, 2; Maryland, 2; Connecticut, 1; Illinois, 1; Iowa, 1; Kentucky, 1; Missouri, 1; West Virginia, 1.

The Republican gains were one each in Massachusetts, New York and Pennsylvania.

In New York seven Republican seats were secured by the Democrats. In Maryland, Massachusetts and North Carolina each, the Republicans lost two seats. Losses were definitely known to have been sustained in Illinois, Kentucky, Missouri and Ohio.

The known Democratic gain is eighteen seats, offset by two Republican gain from the Democrats, one each in New York and Pennsylvania.

Reports received from other states indicated the Democrats would have ample margin to assure them the twenty-two seats necessary to give them control of the house, two Democratic gains previously having been reported in Maine.

California.

San Francisco, Nov. 9.—California remains in the Republican column. Hiram W. Johnson has been swept into the office of governor by a plurality estimated on a basis of partial returns at 50,000. Seemingly he has carried the entire Republican state ticket to victory.

New Jersey.

Trenton, Nov. 9.—Figures available here indicate that Woodrow Wilson (Dem.) has carried New Jersey by about 15,000. Returns indicate a plurality of between 10,000 and 12,000 for Wilson in Essex county. Hunterdon county is Democratic by nearly 2,000 and Warren by 1,600.

Montana.

Helena, Nov. 9.—Returns, though meager, indicate that the Democrats will control the legislature and elect a successor to Senator Carter.

Connecticut.

New Haven, Nov. 9.—Eighty-five towns give: Goodwin (Rep.) for governor 36,264, Baldwin (Dem.) 33,924.

LA FOLLETTE IS WINNER

Election of McGovern, Republican Candidate for Governor, Claimed.

Milwaukee, Nov. 9.—United States Senator La Follette (Rep.) will be re-elected to the upper house of congress by the legislature elected in Wisconsin, which will be surely Republican.

The election of Francis F. McDermott (Rep.) governor is claimed by the Republican state central committee by a safe plurality, though by a considerably reduced plurality, compared with the vote of two years ago, when Governor Davidson (Rep.) defeated John A. Ashford (Dem.) by 80,000. Eight Republicans and one Democrat (Sixth district) have been elected to congress and two districts, the Fourth and Fifth, are in doubt.

Returns from these two districts show that the Republican and Social Democrats are running a neck and neck race.

Teneroff, Republican candidate for attorney general, appears to be re-elected over the LaFollette candidate, Charles H. Crownhart of Superior, for that office, who is running as an independent Republican. The Social Democrats are making heavy gains in Milwaukee county and claim they will elect their county ticket.

BEVERIDGE LOSES IN INDIANA

Democrats Will Control Legislature and Choose Kern Senator.

Indianapolis, Nov. 9.—Incomplete returns from a majority of ninety-two counties of Indiana this morning indicated that the Democrats will have a majority in the legislature and that the state ticket will be Democratic by a small majority.

John W. Kern, the Democratic candidate for United States senator, issued a statement declaring that the legislature was Democratic. Stokes Jackson, chairman of the Democratic state committee, also asserted the Democrats would make a clean sweep. The Republican leaders gave out no

WALDON FAWCETT
JOHN W. KERN.

statement and neither did Senator Beveridge have anything to say as to the election.

The Democrats seem to have carried eleven of the thirteen congressional districts and it is probable that Congressman Crumpacker of the Tenth and Congressman Barnard of the Sixth are defeated, although their friends would not admit it.

Colorado.

Denver, Nov. 9.—With only a little over 50 per cent of the ballots cast as straight tickets, Republican and Democratic leaders alike claim victory from the split ticket vote. Partial returns from straight tickets give John B. Stephen, Republican candidate for governor, a majority outside of Denver county, and John F. Shafroth, Democratic candidate for re-election, a lead within it.

New Hampshire.

Concord, Nov. 9.—Ninety election districts out of 290 in New Hampshire for governor give: Bass (Rep.) 8,968, Carr (Dem.) 8,468. In 1908 the same districts gave: Quinby (Rep.) 9,172, Carr (Dem.) 7,613.

At this ratio throughout the state, a majority is indicated for Bass for governor of 6,645.

Fail to Carry Six.

Chicago, Nov. 9.—Democrats have failed to carry six of the Republican congressional districts in various states which they had claimed. Two of these districts were in Massachusetts, one in New York, one in Pennsylvania and two in Wisconsin.

Wyoming.

Cheyenne, Nov. 9.—Carey (Dem.) for governor has a majority of over 3,000 over Mullen (Rep.) in 400 precincts. Mondell (Rep.) for re-election as representative-at-large, is re-elected by over 1,500. Cheyenne also elected a Democratic mayor.

Nevada.

Carson, Nov. 9.—An unofficial count shows Oddie, Republican candidate for governor, to have carried Ormsby county by 60 votes; Nixon (Rep.) for senator by 125; Roberts (Rep.) for congress by about the same figures.

Georgia.

Atlanta, Nov. 9.—Georgia returned the usual solid congressional delegation. Returns indicate that Walter Akerman, the only Republican candidate, was overwhelmingly defeated by Gordon Lee, incumbent.

Florida.

Jacksonville, Nov. 9.—Returns show local optionists are in the lead. All Democratic candidates were elected.
