The Overcoat Extravagance

The best fitting and the most carefully made overcoats for every kind of use are made by the STEIN-BLOCH COMPANY. Your figure must be extraordinary if we cannot fit you, and your business must be odd if we cannot show you a special coat ready for you to wear away to it.

These overcoats are master made—pictures of modern tailoring skill—and they are very reasonably priced.

La Vogue Label is the Hall Mark of Quality

The feeling of "quality" is worth double the price—

But when you can buy that "quality" at the ordinary price and less—

As you can here—

We feel we have an unanswerable argument and inducement to offer you—

The La Vogue suits and coats are made on "quality."

Quality in cloths,

Quality in linings,

Quality in trimmings,

Quality in tailoring.

Quality is the watchword of the makers throughout.

For they know that when you wear a La Vogue garment, you will appreciate unusual quality and will want another.

And we know it too.

That's why we buy these La Vogue garments and sell them to our customers—

Because we know they will satisfy you—and you will be our customer next season and the seasons to come.

Let us show you the La Vogue styles for Fall.

'The Man on the Box' by Harold McGrath and Grace Livingstone Furniss, will be presented at Temple Theatre, Wednesday, Nov. 16th. This will be an agreeable surprise to those who have read the book as it is one of the most delightful stories ever written.

An exchange says: A financier is a gentleman who photographs a dollar, uses the photo in business and saves the dollar to use again. An expert in high finance photographs the dollar twice and uses both photos as collateral. A promoter photographs the photo and then takes the shadow of it to utilize as stock in trade.

"The Squaw Man," which comes to the Temple theatre soon is, without doubt, the best play Edwin Milton Royle ever wrote. The story is interesting throughout the entire four acts and there is not a moment, from the rise to the fall of the curtain, when the interest of the spectator flags. The characters are all taken from life and are a correct portrayal of the people who go to make up the inhabitants of Utah.
