MILLIONS OF LIVES

An Awful Toll Collected by Consumption. Many Unnecessary Deaths.

If people could only understand that systemic catarrh is an internal disease that external applications cannot cure, they would not need to be warned so often about this malady, which, when neglected, paves the way oftentimes for consumption, at the cost of millions of lives every year. Yet catarrh may be cured, if the right treatment is employed.

The only way to successfully treat catarrh is by employing a medicine which is absorbed and carried by the blood to all parts of the system, so that the mucous membrane or internal lining of the body is toned up and made capable of resisting the infection of consumption and other diseases.

We have a remedy prepared from the prescription of a physician who for thirty years studied and made catarrh a specialty, and whose record was a patient restored to health in every case where his treatment was followed as prescribed. That remedy is Rexall Mucu-Tone. We are so positive that it will completely overcome catarrh in all its various forms whether acute or chronic, that we promise to return every penny paid us for the medicine in every case where it fails or for any reason does not satisfy the user.

We want you to try Rexall Mucu-Tone on our recommendation: guarantee. We are right here where you live, and you do not contract any obligation or risk when you try Rexall Mucu-Tone on our guarantee. We have Rexall Mucu-Tone in two sizes, 50 cents and \$1.00. Very often the taking of one 50-cent bottle is sufficient to make a marked impression upon the case. Of course in chronic cases a longer treatment is necessary. The average in such cases is three \$1.00 bottles. Remember you can obtain Rexall Remedies in Rexall Store, L. W. McConnell.

R. F. D. No. 4.

W. E. Corwin has contracted with Caldwell & Arnold to remove in the neighborhood of 500 over-ripe trees from Dry Creek along his ranch to clear out hte creek and to assist W. S. Morlan in the success of the latter's dam project over Dry creek.

J. W. Burtless has contracted with W. S. Morlan to build a dam over Dry creek for Mr. Morlan, to impound flood water, etc., on the famous Borlan ranch.

W. S. Morlan has a force of men moving his wire fence back to his hedge. In time the fence and the hedge will be as one.

W. N. Cratty is also engaged in clearing out the dead trees and brush along Dry creek on his farm.

RED WILLOW.

Colds and coughs prevail among the children.

Lewis Longnecker and Lewis Elmer are helping Mr. Elmer fill his ice house from the mouth of Buffalo creek.

Mr. Finch commenced putting up ice from Red Willow creek, but was stopped by water coming down.

Mr. Critchfield undertook working at ice on Mr. Master's pond, but the first cutting caused the water to gush out in such force as to stop getting ice.

Little Gertrude Elmer has been sick with a cold which developed into bronchitis.

A Reliable Cough Medicine.

Is a valuable family friend. Foley's Honey and Tar fulfills this condition exactly. Mrs. Charles Kline, N. 8th St., Easton, Pa., states "Several members of my family have been cured of bad coughs and colds by the use of Foley's Honey and Tar and I am never without a bottle in the house. It soothes and loosens up the cold. I have always found it a reliable cough cure. A McMillen.

Trainmen Matters.

Division chairmen of the order of railway conductors and brotherhood of railway trainmen are meeting in Chicago during the present week to take up with the management of the Burlington railroad matters relating to the application of the new rate of pay to the schedule. The conductors were given a straight 10 per cent raise in pay, and this increase affects every trainman in the service, including flagmen, baggagemen, brakemen and conductors.

Some revision of the rules will be insisted on and the conference may extend over several days, because of the large amount of detail work to be gone over. The conference began on Wednesday. It is said the revision will be made without further hint of labor trouble, and that much of the work to be done is largely clerical. The conductors and trainmen are proud of the fact that their recent conference with the managers was so well conducted that there was no hint of labor trouble, no scare for business interests and no thought of a strike.

Concessions made by the western lines to their conductors and trainmen in the settlement of the latter's wage demands at Chicago will entail an addition to the payrolls of the several companies of \$5,000,000 a year in the aggregate. Fifty roads were concerned in the controversy and the increase in wages granted was on a 10 per cent basis, 75,000 employes being benefitted. Taken in conjunction with the settlement effected by the same roads to their engineers a short time ago, the agreements provide a total of \$9,000,000 increase in wages for the employes of those lines within a week. A total of 20,000 conductors and 55,000 trainmen will be benefitted by the new agreement.

The legislative committee of the O. R. C. division of Nebraska has been holding a prolonged session in this city at the Windsor hotel. They have given out no information as to what they are considering. A request for information for publication has been replied to with the statement that the committee had neither time nor inclination to make a statement for the public.

It is understood, however, that the committee after considering whether it shall ask for legislation and what legislation it may oppose, will leave representatives to guard the legislature, who may at any time call an emergency meeting of the full committee. It was understood that fourteen men were present at this meeting.

Anniversary Celebration.

Friday, Jan. 6, 1911, being the first anniversary of the organization of the L. S. of B. of L. F. & E., they spent a social evening at the elegant home of their worthy president, Mrs. I. T. Hill. The members, their husbands, and a few invited friends made the happy crowd who spent the evening in games, conversation and music. At a seasonable hour refreshments consisting of wafers, fruit salad with whipped cream, and cocoa were served and at a late hour all departed for their homes declaring they had spent a pleasant evening.

Huber handles the Carhart gloves, and caps also, and a full line of other makes.
