Had Liberal Patronage.

The Washington dinner and supper served by the Ladies' Aid society of the Methodist church this week, was very liberally patronized. The ladies spread a most excellent menu promptly and deserved the liberal reward of their efforts.

A booth containing articles of utility and adornment was also given attention from careful buyers.

The church basement was prettily and patriotically decorated for the affair.

HOUSE OF 1,000 CANDLES.

Postponed From February 23 to next Thursday, March 2.

The Tribune is pleased to note that "The House of a Thousand Candles," which was to have been given in the Temple theatre tonight, but was cancelled, has been secured for an appearance in the Temple next Thursday evening, March 2nd.

This deservedly popular play comes to us most highly recommended and we congratulate the management in being able to finally secure this company. No doubt it will be one of the best plays our people will see this season.

Prices for this engagement are: 25c, 35c, 50c, 75c and \$1.00.

CORRECT ROUND SHOULDERS

There are a number of appliances on the market for which the claim is made that they will correct round or stooped shoulders. Most of these appliances give the wearer more or less discomfort and inconvenience and for that reason the average individual isn't inclined to wear them for a sufficient length of time to produce beneficial results.

We have the exclusive agency for a shoulder brace, simple in its construction, light, cool and comfortable, which will without discomfort or inconvenience bring about the desired results in such cases.

THE REXALL SHOULDER BRACE

is highly endorsed by medical authorities and by others who have seen it and who can vouch for its superiority. It will not bind under the arm—does not interfere with the circulation, and the wearer is unconscious of its presence except as an incorrect attitude is assumed. Prices \$1.00. For sale at our store. City Schools Savings Plan.

Lincoln recently instituted a savings department in the city schools which is destined to be a success. On the opening day of the department seven hundred boys and girls of the city made their first deposit, the total aggregating between five and six hundred dollars.

This opens up an interesting field in which may be taught not only saving, but minor business methods to the children of the public schools.

The details of the system as practised in the Lincoln public schools are simple and easy, but practical and the results cannot fail to be beneficial.

For Rent—Suit

of two outside rooms in Electric theatre building. Just the thing for offices or for light house keeping. Equipped with gas stove and heated. \$14.00 per month. Also one single room in same building will rent with furniture is desired, very reasonable. MCCOOK HARDWARE CO.

Washington's Birthday.

The banks closed, restricted post-office hours, the schools held special exercises and a few business men closed their stores during part of the day; these with limited hours in rail road offices and shops constituted the observance of the day dedicated to the "Father of His Country."

THE HIGH SCHOOL DEBATE.

Was Enjoyed by a Goodly Audience of Interested Citizens.

Last Friday evening was decided who shall represent the McCook high school in the league debates this year Cecil McMillen, Maurice Benjamin, and Joseph Moore, Jr., will compose the team, with Miss Ora Stewart as alternate.

The question debated was: "Resolved, That the United States navy should be maintained at its present standard, rather than substantially increased."

Nine members of the high school engaged in the debate. Affirmative: Joseph Moore, Jr., Charles Meeker, Jr., Carroll Eldred, Arthur O'Rourke. Negative: Cecil McMillen, Hazel Norris, Maurice Benjamin, Fred Amsden and Ora Stewart.

The judges were Supt Dunlap of the Cambridge schools, Mr. Gibbs of the Trenton schools and John Rice of this city. Mr. Rice delivered the decision, giving the debate to the negative side and constituting the above participants the debating team for the school.

The debate was interesting, the

work of those engaged so good in quality that the judges admitted some difficulty in determining who were winners and entitled to the honor of representing the city school in the coming debates.

At this program the High school orchestra made its first public appearance. It deserves credit for the showing which was made on such short notice, the orchestra having been organized only three weeks.

The proceeds were \$21.20. March 4th, in McCook, the squads from McCook and Indianola will have a debate, in the further work of elimination. On the same date debates will be held at Trenton between Culbertson and Trenton, and between Minden and Cambridge, Franklin and Beaver City. The final winners among these teams will represent this district in the state oratorical contest.

McCook has some good timber and here's hoping we are on the state team.

Special Music.

Washington Day Program.

Appropriate exercises in commemoration of the day were held in the high school at nine o'clock a. m. The senior class took charge of the program and decorations. The room and pictures were beautifully decorated with large flags. The following is the program:

Music, Selected, High School Orchestra.
Song, "America," High School.
Instrumental Duet, Deborah Heckman, Elsie Moore.
Vocal Solo, Mrs. Kleve.
Address, Rev. Goldsmith.
Song, "Star Spangled Banner," by School.

The lower grades marched into the auditorium and participated.

Colorado-Nebraska Highway.

An earnest effort is being made by the state of Colorado to secure an extension of their state road on east through Nebraska, and is evident by their desire to have said road continued on east from Holyoke to Imperial, thence on down the Frenchman valley to the Republican valley and thence on east. This action should and doubtless will meet with the hearty cooperation of the towns, cities and counties of this section of Nebraska, to which such a highway would mean much.

Special Meeting Board Education.

The board called for a special meeting at the superintendent's office at eight o'clock. All members of the board and Supt. Taylor were present. Estimates were presented for shower baths, hot and cold water. Motion made, seconded and carried that shower baths be put in the basement not to exceed \$55.00 and as much less as possible.
