MARCH TERM FEDERAL COURT.

Seven Cases Considered by Judge Munger—Six Cases Nolleed.

March term of federal court convened here Monday, with Judge T. C. Munger presiding. Other officers present were: G. H. Thummell, clerk of U. S. circuit court; R. C. Hoyt, clerk of U. S. district court; A. W. Lane, deputy U. S. district attorney; Wm. P. Warner, U. S. marshal.

The case against James Pontius for mailing unmailable matter came up on motion to quash the indictment. The court granted the prosecuting attorney for the government ten days to file brief on the motion and the defendant ten days to file his answer.

The six perjury cases against Messrs. Sullivan, Stratton and Kerr of Hayes county, the perjury charges being made in connection with alleged legal proving up on government land, were nolleed. There were two cases against east of the parties.

There are, however, still pending in the federal court conspiracy cases against these defendants in connection with the same matter. Court adjourned Monday evening.

Like Ex-Governor Shallenberger's.

H. P. Waite is now the owner of one of the famous "I. H. C. 30" automobiles, a 30 H. P. touring car, sold him this week by J. P. Crouse, and delivered in McCook yesterday. Messrs. Crouse and Waite went down to Lincoln Sunday to look over this make of cars now attracting so much attention. The result was as above stated. A carload was early in the week delivered at Holdrege and Mr. Waite's car came overland from that point, yesterday. It made the heaviest grades between here and that point with a 1,200 pound load with utmost ease.

Ex-Governor Shallenberger bought a similar car a week or two since.

Large Audience Greeted Them.

"The House of a Thousand Candles" drew a fine audience last Thursday evening, notwithstanding it was a second appearance within about a year of this play. All around the company gave as good satisfaction as the first company giving it here—barring Bates who, however, gave a fine rendering of the butler, just the same.

INDIANOLA HIGH SCHOOL WON THE DECISION

In the Debate in the McCook High School Auditorium, Saturday Evening

TEAMS WERE STRONG AND WELL MATCHED

Both Teams Were Enthusiastically Supported by Admiring Friends—McCook Disappointed but Undaunted

The debate in the McCook high school auditorium last Saturday evening, between teams from the high schools of Indianola and McCook, resulted in a decision for Indianola.

The subject debated was: Resolved, "That the policy of maintaining the United States navy at its present strength is preferable to the policy of substantially increasing it."

For Indianola Wilbur Plourd, Fern Hedges and Roxie Rollins were the debaters.

McCook was represented by Maurice Benjamin, Cecil McMillen and Joseph Moore.

McCook affirmed, Indianola upheld the negative side of the question.

The judges were Sup't C. W. McMichael, Holdrege; Sup't P. B. Bentley, Alma; Sup't C. L. Anderson, Oxford.

The decision was unanimous. It was a fine debate, in the best of good feeling and spirit, and McCook can have but one regret, namely, that her excellent team did not receive the decision. They gave a splendid account of themselves.

Both teams were well supported by their respective student friends. McCook high rooters being especially numerous and vociferous with songs and school yells.

Trenton Won From Culbertson.

A PROMISING MIDNIGHT BLAZE.

The Edwards Bros.' Meat Market Has A Close Call.

About midnight Saturday, the Edwards Bros.' meat market on lower Main avenue was discovered to be on fire, and an alarm was promptly sent in and responded to. In a few minutes water was playing on the incipient blaze and was quickly checked, with but small damage, most of the loss being from smoke and water. Origin of the fire seems to be unknown.

PROJECT IS BEING ENCOURAGED.

Considerable Stock Has Already Been Sold and Prospects Look Bright.

Considerable attention is being directed to the new automatic coupling device patented by our citizens, Mr. Joseph Sullivan and his son Charles. This patent bears the date of December 27th, 1910, but little or no publicity has been given the matter until this time.

These gentlemen are now disposing of stock to further the promotion of this patent, and are meeting with considerable success in this city. Already several hundred dollars' worth have been disposed of, and others who have faith in the outcome of the life and labor saving device are arranging to invest. Shares are now being sold at \$5 each, and it is contemplated to issue \$150,000 at this time, and later the sum will be increased as demand arises.

Railroad men who have investigated the device are quoted as believing the same will be a practical one, and the more enthusiastic ones are of the opinion the device will be a great money-maker.

It is proposed in the near future to place the device on freight cars and give it a tryout in a practical test, preliminary to putting the same in work on some big foundry and shop. The model is on exhibition at Rozell's clothing store.

Married in Lincoln.

Miss Isabel E. Armstrong of this city and Adair Galusha of McCook were quietly married at high noon yesterday at the Lincoln hotel in the apartments of the bride's uncle and aunt, Mr. and Mrs. A. H. Armstrong. The Rev. T. L. Sexton officiated, a small company of relatives being present to witness the ceremony. Mr. and Mrs. Galusha left in the afternoon for McCook where the groom is engaged in business. Mr. Galusha is a son of ex-Secretary of State A. Galusha—Wednesday's Lincoln Journal. The young people arrived in McCook, their future home, last night on 3. Congratulations.

Will Open Next Week.

The Edwards Bros.' meat market is being thoroughly overhauled and will next week some time be ready for business. The building is being given corrugated iron walls and ceiling, and will be completely renovated and be in much better condition than before the fire for the business the boys are conducting.
