**French Aviator Caught by a Storm  
Going His Way Travels at Pro-  
digious Speed.**

Paris, June 8. — L'Auto estimates that Vedrine, the winner of the Paris-to-Madrid race, whose proper name is Jules Vedrines, attained the prodigious speed of 155 miles an hour on Tuesday, covering the 77 5-10 miles separating Dijon and St. Laurent-Les-Macon in thirty minutes.

The paper quotes the aviator as saying that he was pushed by a wind so violent that at times he flew with the tail of his air machine perpendicular. He also encountered wind pockets that caused his monoplane to make frightful drops, sometimes descending 900 feet in a few seconds. Vedrines suffered only through the strain on his eyes.

Buc, France, June 8.—Aviator Averigo flew from Orleans to this place, approximately eighty five miles, today in fifty-five minutes. He traveled at a height of 7,500 feet in a north-west wind, having a velocity of thirty miles an hour.

ington, and it was said of their singing that their voices so beautifully harmonized that one could scarcely tell where one ended and the other began.

They were recalled three times, and instead of an applause they received a genuine ovation.

Every boy and girl in the community should be in the boys and girls' department of the Chautauqua. It will be a fine vacation for them.

There will be an Italian band, an Irish orchestra and a Canadian baritone at Chautauqua. The Chautauqua is an American institution with an Indian name. And it will be a big week for every one.

MRS. A. C. ZEHNER, REFORM LECTURER.

IT must be a courageous woman who goes on to the Chautauqua platform making more than seventy Chautauquas of a great Chautauqua System in less than ten weeks' time lecturing on reform. Mrs. Zehner is a woman of the South. She didn't know until she came to be quite a young woman that a Yankee might be a companionable person. And then she married one. Now she is a great exponent of the one country idea—the doing away with sectional feelings. She is a member of the National Suffragette League and is prominent as a temperance lecturer. She is dealing with problems that have to do with civic, state and national governmental affairs particularly as they pertain to the interests of women. She is known as a scholar and an orator of great power.

The readers of this paper will be pleased to learn that there is at last one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. **EPPELSON FILES FOR JUDGE.**

Sixth Republican Candidate for Place on Supreme Bench—Omaha Man Given Two Years for Sending Obscene Matter Through Mails.

Lincoln, June 6.—A delegation of Curtis business men, headed by H. A. Butler, secretary of the Commercial club of that city, visited the board of public lands and buildings to invite that body to make an early investigation of two or three sites which they wish to submit for the location of the new agricultural school which that city recently won. The board will go to Kearney on Monday, and intends to travel from there to the Frontier county town the following day.

A. C. Epperson Files. Ambrose C. Epperson of Clay Center, a prominent central Nebraska barrister, and for four years a supreme court commissioner, filed papers with Secretary of State Wait requesting that his name be placed on the Republican primary ballot as a candidate for the nomination for judge of the supreme court. Epperson's filing makes the sixth, all being Republicans.

Cadets Leave for Camp. Nearly 400 hundred members of the cadet regiment of the state university left here, bound for Beatrice, where they will go into camp for a week. The return will be made next Monday, this year's encampment being two days longer than any previous one held. Colonel C. J. Kremer is in command of the camp.

Young Aldrich at Work. George Aldrich, son of the governor, has commenced work in his father's office in the place of A. A. Husted, recording clerk, who has been ill for some time past. Young Aldrich will hold the position until Mr. Husted is able to return to his duties or until fall, when he will enter the state university.

English Says Work's Done. Governor Aldrich's edict against disorderly houses in Omaha is to be enforced to the letter and spirit of the law, according to County Attorney English. The Douglas county attorney called up Attorney General Grant Martin and told him that he had about "cleared out the reservation."

Two Years for Morrison. Frank Morrison of Omaha, who was indicted by a grand jury on the charge of sending obscene matter through the mails, was brought before the federal court here and, after pleading guilty, was sentenced to two years at hard labor in the federal prison at Leavenworth.
