Norris to Work for La Follette

Washington, June 8. — (Special.)—Demoralization among the insurgents is complete today following the discovery that Senator Cummins of Iowa has determined to cast his lot with President Taft for another nomination as against Senator La Follette. When La Follette's friends began to count noses in the senate today they found that there were mighty few in numbers. The only senators who could definitely be counted upon to stand by La Follette to the end and carry their fight for him to the floor of the next republican national convention were Bourne of Oregon, Poindexter of Washington, Bristow of Kansas and Clapp of Minnesota. There is some doubt about Works of California, that senator not having made his position clear as yet. Senator Brown of Nebraska, together with eight other insurgents, has decided to line up for Taft in 1912. This break in insurgent ranks is disconcerting to La Follette's friends.

In the case of Senator Brown it is pointed out that although he was one of the organizers of the national republican progressive league, he has

never committed himself against President Taft. On the other hand, he has been on friendly terms with the president, even when Cummins and La Follette were fighting the administration. Brown will be with the president for another term, the radical insurgents having failed to win him over to the La Follette candidacy.

In this connection it is significant that the senator's contest in Nebraska will furnish at least two important issues. It is taken for granted here that Representative Norris will be a candidate against Senator Brown. Mr. Norris has voted against Canadian reciprocity. Senator Brown will vote for the measure in the senate. Norris is not only vice president of the progressive league, but one of La Follette's most ardent boomers, and among the insurgents in the house who are unalterably opposed to another nomination of Taft. Senator Brown is for Taft for another term. The two men, therefore, will have at least two very important issues as subjects for debate in their primary contest.—J. C. Welliver in Lincoln State Journal.

Places Brown in Taft Column

Washington, June 9. — (Special.)—Senator Brown today made plain his attitude on the presidential campaign. The senator has never been counted as an enemy of President Taft, notwithstanding his prominence in the organization of the republican progressive league and his association with Senator La Follette on many matters in the senate.

"My position in this matter of presidential policies is perfectly plain and easy to understand," said Senator Brown today. "I think I was one of the first men in Nebraska to urge the passage of the primary law in such form that the voters of the state could express their preference for president, and the principles I advocated were enacted into law at the last session of the legislature. The people of Nebraska now have it in

their power to declare whom they want for their delegates in the national convention to vote for, and it is not for me to say that I shall attempt to work for this man or that man in the state of Nebraska when the voters of that state have full power to decide the matter for themselves, and when they have made the decision I will work for the nomination and election of the choice of the people of Nebraska, whoever he may be."

As pointed out in these dispatches last night, Senator Brown and Representative Norris are at odds in the matter of presidential candidates and Representative Norris today reiterated his determination to work for the nomination of Senator La Follette as against President Taft.—J. C. Welliver in Lincoln Journal.

NORRIS BRANDS AS FALSE

TALES OF PROGRESSIVE ROW

Washington, June 10.—With the insurgent republicans thoroughly aroused by stories recently that many progressives will support Taft for re-nomination, Representative George W. Norris (rep., Neb.), leader of the house insurgents, today gave out the following:

"The insurgent movement has scarcely well begun. The fight is on in real earnest for progressive principles, and the machinations of any single man or group of men cannot stop it.

"This entire crop of reports and rumors that the insurgents have become panic stricken or have lost their courage is absolutely without foundation.

"This tissue of false reports is a result of a combination of certain

newspapers brought about to help Taft get the nomination in 1912, because he has been for the Canadian reciprocity agreement which is expected to lower the price of print paper."—Lincoln News.

SIGNOR FERRANTE, THE GREAT ITALIAN BANDMASTER.

FERRANTE'S Royal Italian Guards Band has come into the Chautauqua field. It has been induced to leave the summer gardens and richly furnished amusement parks of the city for a ten weeks' tour of a great Chautauqua System. The coming of this famous band to this city Chautauqua week is unquestionably the greatest event in music the community has known. Ferrante himself is one of the greatest band directors that Italy has produced. He organized his first band when only a very young man. He has been a bandmaster ever since. He came to this country with his Royal Italian Guards less than two years ago. The band had made a great stir in Europe, where it is well known, and it is fast becoming a favorite in this country. It has never until this summer crossed the Missouri river. Band Day will be one of the big days of Chautauqua week.

STORE KEPT CLOSED 18 YEARS.

Proprietor Made Vow When No Customer Entered Building for Whole Day.

Eighteen years ago Peter Robidoux's store at Wallace, Kan., was the largest between Kansas City and Denver. One day he sat from early morning until late at night and not a customer crossed the threshold. That night Robidoux closed the store and vowed never to open it again. He kept his word, for since then no human being has entered the place, and the \$20,000 stock of general merchandise has remained there a prey to moths and rust. He double-locked the doors, boarded up the windows. Peering through the cracks in the boards covering the windows one may see the shelves filled with goods, show cases full of expensive cutlery, kegs of nails that have long been out of fashion, piles of clothing upon long counters.

A few doors away lives Peter Robidoux, one of the wealthiest men in Wallace county, with thousands of acres of land and cattle on a hundred hills. Often he has been prevailed upon to open the store and sell for what it is worth what remains of the merchandise. But Robidoux is a determined man.

Peter Robidoux is a brother of Joseph Robidoux, the pioneer merchant of Benkelman, and is well known here among the pioneers, he having bought the James Morris store in 1884 and was in partnership with his brother for several years, though never residing here.—Benkelman News-Chronicle.

BIRTHDAY SURPRISE.

A pleasant birthday surprise party was given one of our neighbors, Mr. Jos. Dack, to celebrate his 64th birthday, last Tuesday, June 6th. Promptly at 10:30 carriages, buggies and autos from McCook began to arrive and soon there was a big crowd on hand and the surprise was great. We found Mr. Dack resting comfortably seated in his arm chair not dreaming what was on hand. Mr. Dack is one of the largest farmers in Red Willow county. Besides his home farm of 800 acres of splendid land situated seven miles southwest of McCook on R. F. D. 4, Mr. Dack and his family own and lease some 2,000 acres of adjoining lands.

After small tokens of love and respect were given Mr. Dack the friends and neighbors began to unload their baskets, boxes and ice cream freezers and such a lot of good things to eat. Mr. Dack sure had a happy look on his face, for all of his six children and fifteen grandchildren were able to get there, also his nephew F. R. Hines and family from Colorado. It was soon dinner time then everybody did justice to a splendid dinner. After dinner the visitors were shown Mr. Dack's splendid herd of Red Polled cattle and his crop of spring coits which were fine. We were then shown through the machine sheds where he keeps his great steam plowing and threshing machinery, and through his auto garage; then through his machine and blacksmith shop, for Mr. Dack is a modern up-to-date farmer, believing it best to get the very best out of a machine and doing necessary repairs right on the farm with little loss of time.

We then went back to the house where ice cream and cake and nice cooling drinks were served and af-

RAILROAD NEWS ITEMS.

Mart Trammell entertained his uncle John Trammell, last Saturday.

As a result of T. E. McCarl's visit to Chicago, last week, he has been reinstated as a conductor. Upon which fact The Tribune joins many McCook friends in congratulating him. Six men of the Burlington engineering corps arrived in Wray last night and are at work today in the west end of the company's yards. Just what the result will be could not be determined. It is rumored that a two-stall round house is to be built here in the near future to accommodate the local freight engines that lay over here and have to be "herded."—Wray Rattler.

On June 20th the largest crowd that ever visited Cambridge will be in our city. The occasion will be the Burlington Railway Employees' third annual picnic. All of the head officials of the road are coming and the employees and their families for the entire division will be on hand. Let us give them a welcome in the true Cambridge spirit, and make the day one of pleasure to the railroad boys.—Cambridge Clarion.

ANOTHER BANK STORY

Smith bought some pigs from his neighbor Jones. The price came to \$6.42. Smith paid Jones in cash, but as usual neither had the proper change, and Smith said; "Just make it even money." Smith lost 8 cents. Jones bought some pigs from his neighbor Johnson. The price came to \$6.42. Jones had his money in the bank and gave Johnson a check for the exact amount. Jones did not lose a cent. This is only one of the advantages of a checking account. Come in and let us explain further.
