## INDIANOLA.

Mrs. Patrick McDonald, of Indian-  
ola, who has been here assisting in  
the care of her friend, Mrs. C. J.  
Snell and the baby returned home  
Sunday evening.—Trenton Register.

S. R. Smith was in McCook Friday  
on business.

I. M. Smith moved his hardware

and millinery stock to McCook, end  
of week.

Mrs. Frank Fritsch of Indianola,  
an aunt of Mrs. O. C. Teel, accom-  
panied J. B. Hillers on his visit here  
with O. C. Teel and family. . . J.  
B. Hillers of Indianola, Neb., and  
W. E. Hillers of San Francisco, broth-  
ers of Mrs. O. C. Teel, visited her

James Pontius was in McCook, last  
Friday, giving bond in U. S. court  
for his appearance at next term of  
court for his alleged connection with  
irregular postal matters—printing or  
circulating indecent literature or  
something of that sort.  
over Sunday. They had a family re-  
union and it was the first time they  
had been together in ten years.—  
Red Cloud Chief.

Mrs. W. E. Kimmerling of northwest  
of McCook, is visiting Indianola re-  
latives and friends.

Mr. and Mrs. W. A. Dolan and  
some of the children autoed to Mc-  
Cook, Saturday evening.

Mr. and Mrs. Neal Quick went up  
to McCook, Saturday, to visit her  
parents Mr. and Mrs. A. C. Wiehe.

An inch and a half of rain fell here  
Friday afternoon last.

## PLEASANT RIDGE.

Frank Hakenkamp returned from  
Missouri the first of last week.

Mrs. M. E. Kimmerling left Thurs-  
day for Indianola for a week's visit  
with friends and relatives.

John N. Smith returned on Monday  
from a short visit with friends and  
relatives in Colorado.

Mr. and Mrs. Ed Rothermal and  
Mrs. Rothermal's sister spent Sun-  
day at Peter Smith's.

Earl Heathcote is visiting friend-  
in this vicinity for a few days.

The McCook Tribune, \$1.00 a year.

## ADVERTISEMENT FOR BIDS.

Notice is hereby given that the  
County Commissioners of Red Willow  
county, Nebraska, will receive sealed  
bids for grading on the through coun-  
ty road, according to the following  
specifications drawn by the county  
surveyor.

Contract No. 1.  
Between southeast quarter of 3  
and southwest quarter of 3, 3-27, near  
northeast of SE of 3, 3-27, in Indian-  
ola precinct.

A cut to be made in road, 75 feet  
long, 26 feet wide and average depth  
1.8 feet; this dirt to be taken not  
more than 100 yards north of cut  
and used in making a fill in road.  
The fill to be 20 feet wide on top,  
about 120 cubic yards to cut and moved  
to fill; cut and fill to be smooth on  
surface when completed.

Contract No. 2.  
In ravine on road in SE of SE of 3,  
3-27, Indianola Precinct, angling south  
west and northeast, about 20 rods  
southwest of east line of said section,  
a fill of 106 feet long, 28 feet wide and  
2.2 feet deep on an average; requir-  
ing 240 cubic yards of dirt to make the  
fill. Dirt to be taken from road  
on both east and west of fill, cuts  
and fill to be smooth on surface  
when completed.

Contract No. 3.  
At draw near southwest corner of

SE of 3, 3-27, Indianola Precinct;  
300 cubic yards to be taken from  
road on east side of draw; 20 cubic  
yards to be taken from road on west  
side of draw to make a fill across  
draw, 20 feet wide on top of fill,  
cuts and fills to be smooth when  
completed.

## Contract No. 4.

At ravine about 20 rods west of  
southeast corner of 4, 3-27, Indianola  
precinct; about 290 cubic yards of  
dirt to be moved from road on east  
and west; fill to be 3 feet high at  
culvert; cuts and fills to be smooth  
when completed.

## Contract No. 5.

One mile of grading on road east  
and west through center of section 8,  
3-27, Indianola precinct. The coun-  
ty to furnish large grader, five fur-  
rows wide on each side, 16 inches  
deep, making top of road 20 feet wide  
Road to be smooth on surface when  
completed.

## Contract No. 6.

Near SE corner of SW of 11, 3-28,  
Red Willow precinct. 300 cubic yards  
cut from ridge just west of Mat Col-  
lings place and used in road both  
east and west of cut. Cut to be 27  
feet wide, 100 feet long and average  
3 feet deep. Cut and road to be  
smooth when completed.

## Contract No. 7.

600 cubic yards to be filled in  
canyon near southwest corner of 11,  
3-28, Red Willow precinct; width of  
fill 20 feet on top, average depth of  
3 feet; dirt to be taken from road  
both east and west of fill. Road and  
fill to be smooth when completed.

## Contract No. 8.

300 cubic yards to be filled in low  
place near SE corner SW of section  
10, 3-28, width of fill 20 feet on top,  
average depth 3 feet. Dirt to be  
taken from road both east and west  
of fill. Road and fill to be smooth  
when completed.

## Contract No. 9.

Eighty rods east of the SW cor-  
ner of the SW of section 9, 3-28,  
just east of where road turns south,  
cut down ridge and pull this dirt east  
on road. Cut to be about 150 feet  
long, average depth of 2½ feet,  
width 24 feet, approximately 330  
yards. Road and cut to be smooth  
when completed.

## Contract No. 10.

120 rods of grading with large  
grader 60 rods each way from cement  
bridge near SW corner of SE of SE  
of section 18, 3-28. County to fur-  
nish large grader. Five furrows  
wide on each side of road 16 inches  
deep making top of road 20 feet wide  
Road to be smooth on top when com-  
pleted.

## Contract No. 11.

Cut down the ridges and fill in  
the ravines on the road in the NW  
of section 19, 3-28; cut and fill to  
make level road, approximately 400  
cubic yards of earth.

## Contract No. 12.

Along north side of railroad  
through NE of section 24, 3-29, in  
Willow Grove precinct. Cut down 4  
ridges, each cut 90 feet long, 24  
feet wide and average depth of 2  
feet. Cut down the west ridge. Cut  
100 feet long, 24 feet wide and aver-  
age depth of 2 feet. From the west  
end of these five ridges take the dirt  
east and fill ravines to make a  
smooth road. Approximately 820  
cubic yards of earth.

## Contract No. 13.

Near the south side of NE SE of  
section 23, 3-29 north of railroad and  
NW of Bixler place. Fill 350 cubic  
yards making grade 134 feet long, 20  
feet wide on top and to an average  
depth of 3 feet.

## Contract No. 14.

At "Narrows" north of railroad,  
in SE of section 23-3-29, the county  
will raise the present bridge 6 feet.  
Fill here 1150 cubic yards to make  
smooth road. Fill to be 300 feet long  
and 20 feet wide on top. Dirt to be  
taken from hills in road. Road to  
be smooth when completed.

## Contract No. 15.

On the first ridge west of bridge  
at No. 14, make a cut 175 feet long,  
14 feet wide on north side of road,  
average depth of 2 feet. Take this  
earth both east and west from cut  
and make smooth road. Approximate-  
ly 270 cubic yards of earth.

## Contract No. 16.

Next large ridge west of ridge re-  
ferred to in No. 15 cut 180 feet long,  
24 feet wide average cut of 2½ feet.  
Take this earth both east and west  
from cut to make smooth road. Ap-  
proximately 400 cubic yards.

## Contract No. 17.

Make a fill across pocket of can-  
yon just west of ridge referred to in  
No. 16. 130 feet long, 17 feet high in  
center, 20 feet wide on top slope 1½  
to 1. Approximately 1600 cubic yards

## Contract No. 18.

At Stillman canyon in NE of 27,  
3-29 make a fill 320 feet long average  
depth 6½ feet. 20 feet wide on  
top. Slope 1½ to 1 ft. Approximate-  
ly 2230 cubic yards.

## Contract No. 19.

Make a ditch on north side of  
road between Filcraft and Walsh  
farm in SW of section 25, 3-30, Perry  
precinct, 600 feet long, 3 feet deep  
and 5 feet wide. Move this dirt  
south onto road and smooth down  
making grade 20 feet wide and 600  
feet long. Approximately 333 cubic  
yards.

## Contract No. 20.

Fill 40 yards to grade up road just  
east of county line at NW of section  
18, 3-30.

All grading, filling and cutting  
where road will run to be left smooth  
and crowned leaving center of road  
six inches higher than the sides.

Each bidder is to bid on one, or  
all, or as many of the different con-  
tracts, as he desires, but to bid sepa-  
rately on each.

These bids will be opened by the  
County Board on July 5th, 1911, at  
2 o'clock, P. M., and must be filed  
on or before 12 o'clock at noon, Cen-  
tral time, on the same day.

The Board reserves the right to de-  
mand sufficient bond from any or  
all of the successful bidders.

The work is to begin as soon as  
possible after the contracts are let  
and is to be completed by Novem-  
ber 1st, to the satisfaction of the  
County Board.

The Board reserves the right to re-  
ject any or all bids.

Dated at McCook, this 5th day of  
June, 1911.

CHAS. SKALLA, County Clerk.

### The Paint that Holds to the Wood like a Nail

THE surface of seasoned wood is porous. The pores are empty sap cells. White Lead Paint not only covers the surface with a solid film but it fastens into these pores with a rivet-like grip that holds for years. The paint that lasts is made of

### RED SEAL Pure White Lead

turpentine and linseed oil, and is mixed on the premises after the painter has examined the surface to be covered. Good old-fashioned paint, made in this way, never cracks or scales off and does not have to be burned off before re-painting. It becomes part of the wood itself.

Send for Our Free Painting Helps  
containing color schemes, miscellaneous painting directions and names of "Blue List" Painters in your community who use our white lead. Ask for Helps No. B.

To PAINTERS: If you use our white lead send us your name for our Painters' "Blue List." Write us for Circular No. B. It gives particulars.

NATIONAL LEAD COMPANY  
722 Chestnut Street, St. Louis, Mo.

## GO SOMEWHERE THIS SUMMER

### TO THE EAST.

Take advantage of the low excursion rates available this summer to eastern cities. There are 30-day tourist rates to New York, Atlantic City, Boston, Montreal, Portland, Buffalo, and other places; slightly higher 60-day limit tourist rates to many of these cities; there are diverse tours via Old Point Comfort, thence ocean voyage to New York and Boston; this tour recently introduced by the railroads has become one of the most popular tours of American travel.

### TO THE WEST.

Daily excursion fares to COLORADO, YELLOWSTONE PARK, BIG HORN MOUNTAIN RESORTS, BLACK HILLS, PACIFIC COAST, also circuit tours that will include all of these attractive localities in one tour.

Call or write for leaflets describing any tour you expect to make.

## TELEPHONE TALKS No. 8.

### REASONABLE RATES.

If a company gives good service, earns only enough to maintain its plant up to recognized standards of efficiency, to provide for reconstruction cost when worn out or obsolete, and pays only a fair dividend to its shareholders—then the Company's rates are fair and reasonable.

Rates in many cases may appear unfair because the reasons for various changes are misunderstood. In every case our rates are based on the results of scientific investigation after years of expert study of the various problems entering into rate making.

Telephone rates in various communities must differ because of the conditions that enter into rate computations varying in given localities. Telephone operation is different from nearly any other in this—the greater the extent of service, the higher the unit cost.

This peculiarity of telephone charges will be discussed in the next article in this paper.

Nebraska Telephone Company  
CHAS. W. KELLEY, McCook Manager
