IS CROWNED KING

GEORGE V OF ENGLAND RECEIVES INSIGNIA OF POWER.

A PROUD DAY FOR BRITTANIA

Royalty All a-Glitter Within Its Sacred Precincts, and Nobles of Lesser Light Shine in Subdued Splendor.

King George V, crowned with impressive ceremonies in Westminster abbey, is the sixth ruler of the house of Hanover, son of the late King Edward VII and grandson of Queen Victoria. He is forty-six years old this month.

London.—On Thursday, the day of the crowning of George V king of the United Kingdom of Great Britain and Ireland and of the British dominions beyond the seas, nothing had been wanting to make the solemn and impressive ceremony one long to be remembered, not only throughout the country, but in every corner of the great empire. Never before in history has the imperial note been struck in such magnificent manner. Its impartial aspect undoubtedly has been the most remarkable feature of the coronation.

George V, more than any sovereign in the past, represents the embodiment of the imperial idea. He only of all his predecessors on the throne traveled through his vast domains and thus acquainted himself at first hand with the needs and aspirations of all the various peoples of his empire.

Then, by happy coincident the imperial conference sitting at the time of the coronation enabled all the representatives of the king's over-sea dominions to participate in the significant ceremony at the opening of the new reign, which, if hopes of those attending the conference bear fruit, will bring all parts of the empire into closer and more intimate relations.

The great state pageant was carried through with dignity and impressiveness and made a deep impression upon all those privileged to witness it, and it was accompanied by an outburst of loyalty throughout the kingdom that might appear surprising at a period in the world's history when thrones no longer appear to be established on the surest foundations.

The remotest suburbs of the great city and every village in the land gave evidence of devotion and loyalty to the throne. Not the humblest home but displayed a flag or illuminated device, portraits of the king and queen and a loyal motto.

Zapata Returns to Cuernavaca.

Mexico City.—Heedless of all rumors that he would be arrested and court-martialed, General Emiliano Zapata, commander of the revolution forces in the state of Morelos, drove a big automobile into the capital and placed himself at the disposal of Francisco I. Madero. After a conference between the two of not more than twenty minutes, he was free to return immediately to Cuernavaca.

Club Held Up by Bandits.

San Francisco.—At the command "hands up," five men playing cards at the so-called Editorial club looked up to find themselves covered by revolvers in the hands of two masked men who stood in the doorway. The robbers then deprived their victims of money and valuables totaling more than \$1,000, locked the card players in two closets, cut the telephone wires and escaped.

Arrest Naval Paymaster.

Buffalo, N. Y.—Edward Valentine Lee, a paymaster clerk who is charged with taking \$46,000 from the battleship Georgia on February 11, at Havana, was arrested here by local detectives. At police headquarters \$25,699 in bills was found in a small bag he carried, and \$80 was found in his pockets.

Des Moines.—George Chichus, the Greek interpreter for the Northwestern States Portland cement plant at Mason City, has been threatened with assassination unless he leaves. He is a cousin of Chris Pappas, who was killed in the padrone war just a week ago.

General Juan Estrada, the recent revolutionary president of Nicaragua, has made a most emphatic assertion that he had not the slightest idea of stirring another revolution in Nicaragua.

Nearly Drowned on Stage.

San Mateo, Cal.—Two thousand gallons of water, released by a break in the tank of the stage of a local theater, nearly drowned the members of the orchestra and discomfited a handcuffed queen, who had been mystifying her audience by the manner in which she freed herself from steel shackles.

Lisbon.—Anselmo Braamcamp has been elected president of the republic of Portugal by the constituent assembly.

SENDS IT RIGHT BACK

HOUSE WANTS NO AMENDMENTS TO DIRECT ELECTIONS.

Senate Plan Is Turned Down

Republicans Urge Federal Safeguard in Selecting Senators—Democrats Contend States Can Be Trusted.

Washington.—The house of representatives, by a vote of 172 to 112, practically a strict party vote, refused to concur in the Bristow amendment adopted by the senate to the house resolution providing for the direct election of senators. The Bristow amendment leaves with congress the power to regulate the time and manner of holding these elections, while the resolution passed by the house during the early days of the present session would change the constitution so that "the times, places and manner of holding elections for senators shall be as prescribed in each state by the legislature thereof."

Representative Scoll, republican, of Tennessee, voted against the amendment, while Mr. Bourke, democrat, of Wisconsin, voted for it. Representative Berger, of Wisconsin, socialist, voted for it. The resolution, therefore, is returned to the senate for reconsideration by that body as to whether it will reverse its former action.

The motion that the house concur in the senate amendment was made by Representative Olmstead, republican, of Pennsylvania.

The democrats protested that the people of the states could be easily entrusted with the power of controlling the elections of their representatives in the upper house, while the republicans contended that such delegation of authority would take from congress power which it should retain.

Defaulted as a Taxpayer.

Elkins, W. Va.—A motion for judgment against the Davis Trust company, former Senator Davis Elkins and S. B. Elkins, Jr., as executors of the last will and testament of the late United States Senator S. B. Elkins has been filed by Prosecuting Attorney H. G. Kump, at the Randolph county circuit clerk's office. The motion alleges that Senator Elkins was a defaulting taxpayer and that he has forfeited to the state of West Virginia the sum of \$375,043.40 in the year 1909, \$297,773 in the year 1910, and by his executors \$341,910.90 in the year 1911, making in all, with interest, the sum of \$1,087,697.90 which the prosecutor claims must be paid over to the state of West Virginia by the executors for the senator's failure to properly list his property for taxation.

Gives Blood to Save Wife.

Washington.—United States Senator Luke Lea of Tennessee, to save the life of his stricken wife, heroically sacrificed a quart of his blood at the Georgetown hospital, and the only hope for Mrs. Lea's recovery, which had almost been abandoned, is practically assured the anxious youngest senator of the nation as he lies near the bedside of his wife recuperating his strength.

Lunacy Proceedings Fail.

Washington.—The lunacy proceedings instituted some time ago by Mrs. Rose Keeling Hutchins against her millionaire husband, Stilson Hutchins, were quashed in equity court here. The application of Mrs. Hutchins to have a receiver appointed to manage the estate of her husband, valued at \$3,000,000, also was denied.

Test of Cold Storage Egg.

Calgary, Alberta.—An investigation of the cold storage egg by the government will be conducted this summer by Prof. W. A. Stocking of Cornell university, a bacteriologist of note. The investigators propose to find out particularly what kind of eggs should be placed in storage to insure the best keeping qualities.

Washington.—A statement issued by Postmaster General Hitchcock shows that a total of \$390,666 was deposited in the first forty-eight postal savings banks in the five months of their operation.

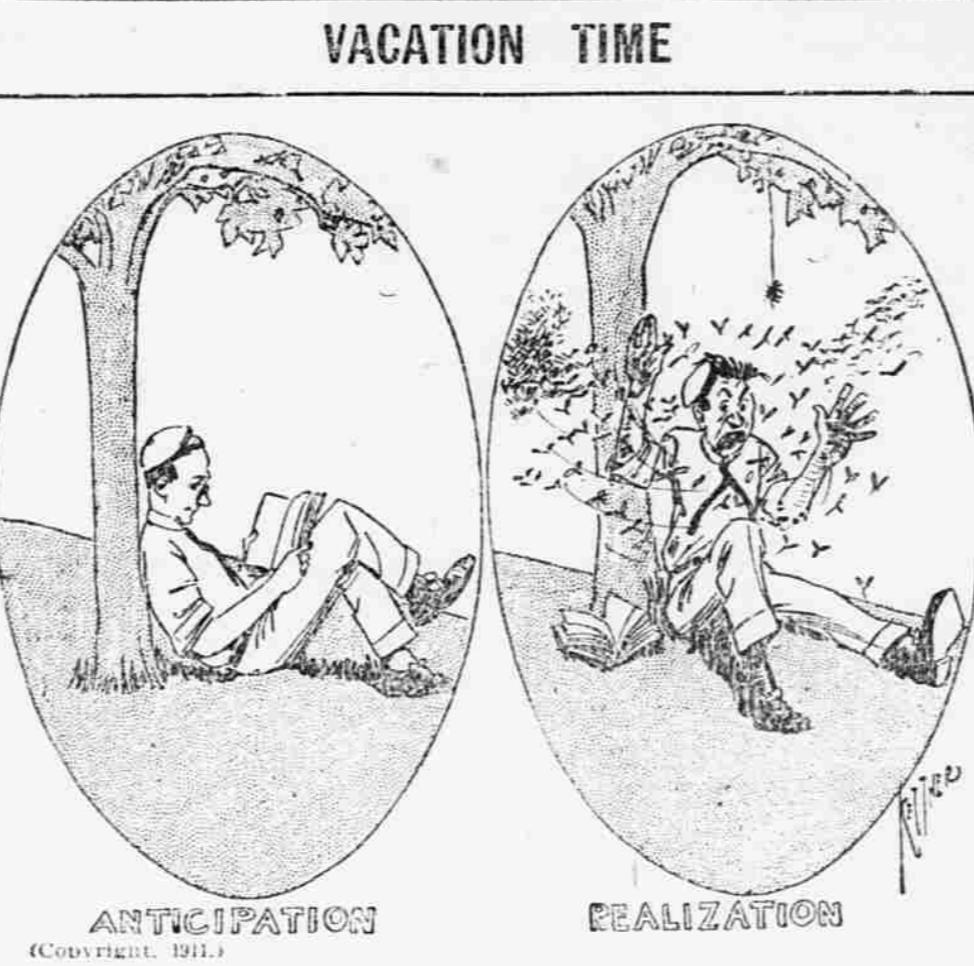

Peace Follows Turbulence.

Chicago.—Peace followed death and riots in the peddlers' strike, when Mayor Harrison announced that the hawkers might cry their wares in the streets between the hours of 9 o'clock in the morning and 4 o'clock in the afternoon, until the city council took further action concerning the repeal of the anti-noise ordinance.

Scores were severely beaten and one man was slain in encounters resulting from the strike. George Metropole was shot to death.

Nearby Prisoner in Minnesota.

Rochester, Minn.—A man said to be Bartlett Richards, the Nebraska cat-tleman who was sentenced last fall to serve a year in the Hastings, Neb., federal prison for alleged land fraud, is here for an operation for gall stones. Richards' sentence expires next August. The order for the transfer of Richards to Rochester is supposed to have come from the department of justice. While in Rochester, it is said, Richards is in the custody of a United States marshal.

AN EVEN HUNDRED AGAINST IT

Single Majority Member in Opposition—Message Sent in by President Concerning the Tariff Board.

Total for the bill.....	221
Against.....	100
Republicans for it.....	24
Democrats against.....	1

Washington.—The house by a vote of 221 to 100, passed the Underwood wool tariff revision bill providing for a reduction of the duty on wool and manufactures of wool. Twenty-four republicans voted with the democrats for the passage of the measure, one democrat, Representative Francis of Ohio, voted against it. Many amendments were voted down, the only one adopted being a slight change in phraseology. Almost five hours were spent in debate under the five minute rule. Immediately preceding the final vote a motion offered by Representative Payne of New York that the bill be resubmitted to the ways and means committee with instructions that they await a report from the tariff board on the woolen industry before making final report of the bill, was lost, 189 to 118.

Representative Underwood, chairman of the ways and means committee, in charge of the bill, kept his forces well together in their opposition to all amendments.

The president's message was called out by a house resolution requesting him to transmit at once all of the information procured by the tariff board relating to wool and the manufacture of wool.

Mr. Taft included in his message a statement from the tariff board as to the status of its inquiry and also a statement by a committee of the national tariff commission association which recently conducted an investigation of the methods of the tariff board. This report was highly commendatory of the board's work.

Thinks He's Being Slighted.

Washington.—Senator La Follette has made protest to the senate committee on the judiciary against the confirmation of Guy D. Goff as district attorney for the eastern district of Wisconsin. Mr. La Follette complained that he had not been consulted on Mr. Goff's appointment and that he supposed this slight had been due to his opposition to the Payne-Aldrich bill. The committee took no action.

Compelled to Import Coal.

Calgary, Alberta.—So serious has become the coal shortage, caused by the Crows' Nest strike, that Alberta industries are forced to import fuel by Prof. W. A. Stocking of Cornell university, a bacteriologist of note. The investigators propose to find out particularly what kind of eggs should be placed in storage to insure the best keeping qualities.

Washington.—A statement issued by Postmaster General Hitchcock shows that a total of \$390,666 was deposited in the first forty-eight postal savings banks in the five months of their operation.

Meets With Opposition.

Washington.—Republican opposition to the Canadian reciprocity bill in the senate has reached the stage of open revolt. Led by Senator Dixon of Montana, who again failed in his demand for an explanation or a speech in favor of the bill from some of the republican leaders who champion the measure, the republican opponents declared that if the bill passed, many republicans would join the democrats in an attempt to lower the duties on all manufactured products.

Nearly Every Nation Represented.

Philadelphia.—Nearly every nation in which a Baptist can be found will be represented in the Baptist world alliance, which is holding its convention here. The meeting is expected to be one of the greatest ever held by the Baptists.

After sleeping for nine weeks, Hazel Schmidt, a girl at Vandalia, Ill., wakened for about five minutes. An attempt was made to give her nourishment, but she fell asleep again before it could be prepared.

VACATION TIME

STATE CAPITAL LINCOLN CHAT.

To Enforce Certification Law.

At a conference of educators of the university school of superintendence held in the Temple building, in connection with the summer school, a committee was chosen to act in conjunction with State Superintendent Crabtree to enforce the new city certification law. The committee is as follows: State Superintendent J. W. Crabtree, Superintendent W. L. Stephens of the Lincoln city schools, Superintendent A. H. Staley of Superior, Charles Arnot of Schuyler, W. A. Yoder of Douglas county, Edith Lathrop of Clay county, Dean Fordyce of the university, Chancellor C. A. Fulmer of the Wesleyan university, and Dr. W. A. Clark of the state normal at Kearney.

Want Cheaper Coal Rates.

The Nebraska state railway commission has filed a complaint with the interstate commerce commission for the purpose of compelling the Burlington railroad to reduce its rates on coal from Colorado to southern Nebraska. The commission filed a complaint of this nature a few years ago against the Union Pacific railroad company and as a result obtained a reduction for stations on the Union Pacific as far east as Grand Island.

Governor Instructs County Attorneys.

The governor's office has requested county attorneys to file an affidavit of the injured party when asking for the extradition of criminals who have fled from Nebraska. The federal law provides for an indictment or an affidavit. In Nebraska many prosecutions are on information and not on indictment. In the event of a prosecution on information the governor asks county attorneys to accompany the information with an affidavit of the injured party.

Postmasters Elect.

At the convention of Nebraska postmasters, just closed at York, officers were elected as follows: E. R. Sizer, Lincoln, president; W. T. Cooke, Blair, secretary; A. F. Buechler, Grand Island, treasurer; B. F. Thomas, Omaha, first vice president; G. W. Schreck, York, second vice president; J. H. Tower, Sutton, third vice president; A. P. Montebello, Firth, fourth vice president. Lincoln was chosen as the next meeting place.

Rids Lakes of Carp.

Chief Game Warden Miller and Superintendent O'Brien of the state fisheries have seized two large lakes north of Fremont for the purpose of removing carp and buffalo which are said to be depleting the water of a supply of croppies and pickerel. The lakes are public waters, each being more than ten acres in extent.

Senator Brown Will Aid.

Washington.—Senator Brown of Nebraska has been decided upon to take up the campaign of oratory in behalf of the republican progressive league. At a meeting of the league officials it was decided to assign Senator Brown to several speaking engagements in Pennsylvania next August. The speeches will be made under the auspices of the progressive league, branches of which are being organized throughout Pennsylvania.

Silver Wedding Anniversary.

Washington.—The silver wedding celebration of the President and Mrs. Taft, the second that has been held in the White house, ended with the reception on the White house lawn. Invitations had been sent to close to 12,000 persons, and while the official count of those who shook hands with the president was not given out, it was estimated that at least 5,000 persons were present.

Lisbon.—The United States has officially recognized the republic of Portugal.

This followed the opening of the new constituent assembly, at which the president of the chamber read a decree proclaiming the abolition of the monarchy and the banishment from Portugal of the royal family Braganza, which was unanimously approved.

La Follette's Presidential Candidacy.

Washington.—Formal announcement that Senator La Follette is a candidate for the presidency will be made within the month, and before that time his friends will be at work in Nebraska in an effort to save the vote at the primary for him and against President Taft.

An amendment to the federal constitution forbidding polygamy is proposed in a memorial from the Nebraska legislature presented to the house by Speaker Clark.

Amendment to the Constitution.

When Fate Mocks.

"To bad about Joe."
"What's the matter?"
"He sprained his arm and they are afraid he can never pitch again, so his folks are going to make a doctor or something of that sort out of him."

The Worth of the Voice.
How wonderful is the human voice! It is indeed the organ of the soul! The intellect of man sits enthroned visibly upon his forehead and in his eye, and the heart of man is written upon his countenance. But the soul reveals itself in the voice only; as God revealed himself to the prophet of old in the still, small voice, and in the voice from the burning bush. The soul of man is audible, not visible. A sound alone betrays the flowing of the eternal fountain, invisible to man.—Longfellow: Hyperion.
