### Foley's Kidney Remedy vs. a Hopeless Case.

Hon. Ark. J. E. Freeman says: "I had a severe case of kidney trouble and could not work and my case seemed hopeless. One large bottle of Foley's Kidney Remedy cured me and I have never been bothered since. I always recommend it." A. McMillen.

If you have young children you have perhaps noticed that disorders of the stomach are their most common ailment. To correct this you will find Chamberlain's Stomach and Liver Tablets excellent. They are easy and pleasant to take, and mild and gentle in effect. For sale by all dealers.

The conference of German Congregational pastors at the local church, closed Sunday night.

### A Medicine That Giver Confidence.

### The Rising Sugar Bill

Progress in reducing the high cost of living continues to go backward rather than forward. Sugar now joins cereal and meat products in a renewed upward movement. It has risen more than two cents a pound, and this country is an enormous consumer of sugar. We make up only about 6 per cent of the earth's population and use more than 20 per cent of its commercial sugar production. Our sugar consumption amounts annually to some 7,360,000,000 pounds and an advance of no more than two cents a pound accordingly adds nearly \$160,000,000 to our yearly sugar bill. Thus from this cause alone the cost of maintaining the average family has been increased fully \$7.50 a year.—Springfield Republican.

Too much of our legislation for too long has been curative. What we need in America now is more enactments to remove causes.

J. W. Copeland, of Dayton, Ohio, purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was all used the boy's cold was gone. Is that not better than to pay a five dollar doctor's bill? For sale by all dealers.

It is further ordered that notice of pendency of said petition be given by publishing a copy of this order in the McCook Tribune for four consecutive weeks.

### ONE OF THE NEW AFTER-NOON COATS.

The fall and winter fashions are now pretty well established as far as the designers are concerned, but to determine their popularity seems only a matter of time. While the skirts are a trifle wider, the coats are still rather shorting found a place for themselves,

and the long separate coats, have remained in favor on account of their usefulness.

The reversible cloakings are perhaps the most used for the full length coats, but this is probably due to the variety of styles and weights shown in the double-faced cloths. There are some very attractive satins which make up effectively for evenings, and those with black on one side and a light color on the other are really economical as the black side may be used for street wear and the other side for more dressy occasions.

For developing a double-faced satin, the accompanying design is most appropriate. It is made with the popular Directoire collar which may form a hood, or sailor or pointed collar in the back, and with the lower front edges in straight or rounded outline.

In one of the shops, an attractive coat was seen with a collar braided in rather wide soutache braid. The effect was that of a striped satin but really was made of two colors of braid running in parallel rows the width of the collar. This idea could be applied effectively on the coat illustrated here, if a black satin were used, and black and white soutache braid for the collar.

## ANOTHER BANK STORY

Smith bought some pigs from his neighbor Jones. The price came to \$6.42. Smith paid Jones in cash, but as usual neither had the proper change, and Smith said; "Just make it even money." Smith lost 3 cents. Jones bought some pigs from his neighbor Johnson. The price came to \$6.42. Jones had his money in the bank and gave Johnson a check for the exact amount. Jones did not lose a cent. This is only one of the advantages of a checking account. Come in and let us explain further.
