**SPECIAL DAYS AT LAND SHOW**

**Different States Will Have Features at Western Agricultural Exhibit.**

The special state days at the Omaha Land Show will be of interest to visitors from this country, as they will be "home-coming days." Those who have gone into the west will time their visits to the east so as to be in Omaha on their state day, and their friends from here can arrange to meet them at the land show and have reunions there, where they can see the results of the work done by those who have done the pioneering work.  
 Feature programs have been arranged for each of the state days. The governors of the different western states have appointed advisory boards who have this matter in hand and each will vie with the other to make their state program the best of all. In most

**PERSPECTIVE OF FIRST OMAHA LAND SHOW**

cases the governor is now arranging to be present to take part in the program, which will in each case be one of a most interesting character. The following is a list of these special state days:  
 Monday, Oct. 16th—Omaha, Council Bluffs and South Omaha Tri-City day, with formal opening at 7 p. m.  
 Tuesday, Oct. 17th—Iowa and South Dakota state day.  
 Wednesday, Oct. 18th—Nebraska State day.  
 Thursday, Oct. 19th—Idaho State day.  
 Friday, Oct. 20th—Washington State day.  
 Saturday, Oct. 21st—Omaha and South Omaha Public School day.  
 Sunday, Oct. 22nd—Labor Union day and United Church Choir day.  
 Monday, Oct. 23rd—Montana State day.  
 Tuesday, Oct. 24th—Oregon State day.  
 Wednesday, Oct. 25th—California State day.  
 Thursday, Oct. 26th—Colorado State day.  
 Friday, Oct. 27th—Utah State day.  
 Saturday, Oct. 28th—Wyoming and Nevada State day.  
 Programs for other special events have also been arranged so that there will be something of interest going on all of the time. Each day will be a big day and every night will be a big night at Omaha's Big Land Show.

**THE LAND LUST**

**Thousands of Land Hungry After Indian Acres.**  
 Chief Yellow Horse, the Sioux leader, and his fellow tribesmen have yielded up their reservation and are now counted as farmers, instead of as wards of the government. On June 25 they voted for the first time, when the selection of county seats came up at special elections at several points in South Dakota. Now another reservation is to be opened up and 3,000 more farms will be opened to the homesteader. The registration dates have been set by the president as Oct. 2 to 21 and drawings are to begin on Oct. 24. These dates come at a time when those who go to the place of registration can also attend the Omaha Land Show, being held at the same time, and by stopping at the exposition can gain much information which will be of value to them. This show will be of interest to those who are successful and also to those who miss out in the drawing, as it will show how persons who plan the development of a farm can do so to the best advantage and also where those who are looking for a new location will find just what will suit them best.

**Western Development Association.**  
 The fall meeting of the Western Development association will be held in Omaha in October. This association was organized for the purpose of interesting those who plan to move from their homes in the middle west into our undeveloped portions of the new west. The object of the organization is to divert the tide of immigration which has been going into Canada and turn it into sections where it will be of some value to the United States.  
 The first meeting was held in Omaha in January and this one will come during the Omaha Land Show, which will be held from Oct. 16 to 28. The two are held in connection with each other, so that those who attend the convention may also see exhibits which will show the whole west under one roof.

**SIMPLE ONE-PIECE FROCK**

Now that these little frocks are so smart, women are wondering how they ever managed to worry through the between-seasons with out them. In blue serge, with collar of Irish lace, or black satin piped with cerise and cuffs to match, nothing could be more comfortable for morning and general wear. A good model is shown with side-front closing, and should the tunic seem too

Ladies' Home Journal Patterns

dressy for ordinary occasions, it may be omitted without detriment to the design. From the other model, a most delectable little frock may be devised of taupe, or plum color corduroy, with gimp of ecru net, or white malina, and girle of matching or of black satin, weighted at the ends with one of the new immense tassels of beads. We women still retain some of the primitive barbarian in our make-up, for we take to these dangly fringes and tassels as do ducks to water. All sorts of beads are being pressed into service for trimmings this season, and they carry out attractively the East Indian note so dominant just now.

Try Dr. Swan's Kidney Pills for all kidney trouble.  
 A. McMILLEN, Druggist.

In the county court of Red Willow county, Nebraska, in the matter of the estate of Robert B. Wilson, deceased.

To all persons interested in said estate: You are hereby notified that the administrator of said estate has filed his petition for the distribution of moneys paid him by the Chicago, Burlington & Quincy Railroad Company for the death of said deceased. Said petitioner alleges that said money is not liable for the debts of said estate and prays that the same may be paid to the heir at law of said estate freed from all claims of said creditors. You are hereby notified to appear at my office in the court house on the 24th day of October, 1911, to show cause why the prayer of said petition should not be granted. It is further ordered that notice of pendency of said petition be given by publishing a copy of this order in the McCook Tribune for four consecutive weeks.

Dated this 25th day of September, 1911.  
 (Seal.) J. C. MOORE,  
 County Judge.  
 First publication Sep. 25-4ts.

**Notice of Administratrix's Sale.**  
 In the District Court of Red Willow County, State of Nebraska.—In the matter of the application of Nina Harris Wade, Administratrix of the estate of James B. Wade, deceased, to sell real estate.

Notice is hereby given that in pursuance of an order of the Honorable R. C. Orr, Judge of the District Court of Red Willow county, Nebraska, made on the 7th day of October, 1911, for the sale of the real estate hereinafter described, situated in Red Willow county, state of Nebraska, to-wit: lot numbered six in block numbered six in the original town, now city, of McCook said real estate will be sold at public vendue to the highest bidder for cash at the front door of the court house in the city of McCook, Red Willow county, Nebraska, on Wednesday, the 8th day of November, 1911, at the hour of one o'clock in the afternoon.

Dated this 7th day of October, 1911.  
 NINA HARRIS WADE,  
 Administratrix of the Estate of James B. Wade, deceased.  
 First publication Oct. 16-6ts.

**Read, Heed and Get Busy.**

Office of State Fire Commissioner.—Lincoln, Neb., Oct. 10.—The time has arrived to blacken and set up the family heating stove, or start the fire in the furnace. The first thing to do before you set up the stove is to make a close inspection of your chimneys from cellar to garret, and then go upon the roof and see that it is in good condition, if it is not there is just one thing to do, and that is FIX it.

There is an old adage that "An ounce of prevention beats a pound of cure." In these matters I have mentioned, an hour's attention beats a life time of regret; and if you will heed the advice and get the habit and do it every year, defective flues, old stoves, old stove pipes, and no protection under stoves will not be charged with as many fires in the future as they have been in the past. Very truly,  
 C. A. RANDAL,  
 Chief Deputy Fire Commissioner.

The chimney should be cleaned out from top to bottom before you start a fire. Take a long pole, fasten an old gunny sack on the end of it and swab out the chimney, your stove will draw better, and it will not burn out, throw sparks on the roof and burn up your house. If your chimney happens to be one of these crooked kind, take a rope and fasten a log chain in the end of it and drag the chain up and down in the chimney until you have knocked all the soot down, then clean out the soot, either from the hole in the bottom of the chimney or the lowest stove pipe hole.

We never hesitate to guarantee Lily Patent flour. At the McCook Flour and Feed Store.

Do not forget that a defective flue will rob you of your home, and all there is in it, and perhaps burn you and your family up, and if you neglect your duty to thoroughly inspect and clean it you can blame no one but your self if you burn out.

**A Medicine That Gives Confidence**  
 Is Foley's Honey and Tar Compound. Mrs. T. J. Adams, 522 No. Kansas Ave., Columbus, Kas., writes: "For a number of years my children have been subject to coughs and colds. I used Foley's Honey and Tar Compound and found that it cured their coughs and colds, so I keep it in the house all the time." Refuse substitutes. A. McMillen.

The next thing to do is to inspect the stove pipe and elbows. The action of the salt and sulphur in the coal will eat and rust out stove pipe iron in a very short time. Don't fail to look carefully at every length of pipe and elbow. Take a stick and pound them and get the rust flakes and soot off of the inside, and where ever you see a rusty spot, see if you can punch a hole in it with your finger. Old stove pipes are guilty of thousands of fires every year, better give yourself the benefit of the doubt. Throw it away and buy new, it don't cost as much as a new house and household goods.

When you have a bad cold you want the best medicine obtainable so as to cure it with as little delay as possible. Here is a druggist's opinion: "I have sold Chamberlain's Cough Remedy for fifteen years," says Enos Lollar of Saratoga, Ind., "and consider it the best on the market." For sale by all druggists.

An old stove if it is sound is all right, but look it over and see if it is sound; don't take any chances. You cannot afford to. See to it that there is a good metal or asbestos lining under the stove on the floor, and if the stove sets near a partition or door, get a zinc protection and put it so there can be no question about safety.

**Foley's Kidney Remedy vs. a Hopeless Case.**  
 Hon. Ark. J. E. Freeman says: "I had a severe case of kidney trouble and could not work and my case seemed hopeless. One large bottle of Foley's Kidney Remedy cured me and I have never been bothered since. I always recommend it." A. McMillen.

**James C. Dahlman, "Cowboy" Mayor of Omaha, "Throws the Lariat"**  
 Mayor Jas. C. Dahlman started his career as a cowboy, and is at present Mayor of Omaha, and has the following record: Sheriff of Dawes Co., Neb., three terms; Mayor of Chadron, two terms; Democratic Nat'l Committeeman, eight years; Mayor of Omaha, six years, and in 1910 candidate for governor of Nebraska. Writing to Foley & Co., Chicago, he says: "I have taken Foley Kidney Pills and they have given me a great deal of relief so I cheerfully recommend them." Yours truly, (Signed) James C. Dahlman.  
 A. McMillen.

**October Special Rates**

**ONE-WAY COLONIST RATES TO THE PACIFIC COAST,** until October 15th.  
**THE DRY FARMING CONGRESS** at Colorado Springs, October 16-20, will be one of the most instructive conventions ever held in the west; special rates.  
**THE OMAHA LAND SHOW,** October 16th to 28th. Here you will see under one roof the remarkable products of irrigation and dry farming; it will be a great educational show of farm and orchard products from every state in the west.  
**THE BIG HORN BASIN AND YELLOWSTONE VALLEY** are closing a most successful season of heavy crops. Filings for Government irrigated homesteads this Autumn will be very numerous. Some of the finest lands that the Government has ever bestowed are for you in these regions. A party of twenty-one newspaper correspondents has just made a tour through the Big Horn Basin and Sheridan Country and they were amazed at the wonderful fields of grain and alfalfa, the ample water supply, the permanent canals, the progressive new towns, the productive soil, the climate, the surrounding and scenic mountains, the mineral wealth, the industrial possibilities and the hospitality of the people.  
 Join our personally conducted excursions the first and third Tuesdays of each month and keep ahead of the coming movement.
