The last legislature provided that counties might by vote vacate the office of county assessor. Furnas county did so at the last election.

They are truly an enterprising bunch at Holdrege: One of them stole a whole dressed porker from another native, the other night, while the unsuspecting son of the "Land of the Midnight Sun" slept. You have to be choice of your birthright about Holdrege now.

The McCook Semi-Weekly Tribune. It is \$1.00 a year.

Now come the bankers of America who depose and say that banking—finance—should be taken out of politics. Recently the state teachers resolved to relieve the dear common people of the burden of voting upon the state superintendent, etc. And we believe the manufacturers wish to eliminate the people from the tariff question—while every trust, corporation, special privilege or graft on this hemisphere "wants to be let alone." Which will simplify the matter for just you and me—the common people—who can continue to exercise the right and privilege of paying the bills.

#### COMMUNICATED.

November 27, 1911.  
To the Members of the School Board, McCook, Nebraska.  
Gentlemen: I am in receipt of the following communication from your superintendent:  
McCOOK PUBLIC SCHOOLS  
W. T. Davis, Sup't.  
Mr. James McAdams, 711 West 2nd Street.

Dear Sir: "I am enclosing a copy of the resolution passed by the school board at last night's meeting which I think is self-explanatory.

"Whereas, That in the matter of the suspension of Francis McAdams, be it Resolved, That Francis McAdams may return to school upon his satisfactory apology to the teacher before the pupils of the room where his misbehavior was done; that he bring a written note to the teacher from his parents stating that they will co-operate with her in maintaining order in the school, and that Francis will be answerable to the same discipline that all the other pupils are, and no greater or less.

"Present at meeting—Doan, Suess, Barnes, Lawritson, Moore, and Culbertson and Supt. Davis."  
Very truly yours,

W. T. Davis, Sup't.  
The school board, in passing the above resolution, had evidently thought that it was the wish of the parents of Francis McAdams that he should again attend under the instruction of his late teacher. We have asked for no such privilege in behalf of Francis McAdams and if same was offered to us without the humiliating process as outlined in above resolution, it would be refused. After the first punishment was inflicted on Francis McAdams by laying him across a chair and striking him repeatedly with a rubber hose, I went to your superintendent, Mr. Davis, and told him that I was opposed to punishment of this kind being applied to children at school or anywhere else, and that if my boy could not attend school without being subjected to such treatment, that I would take him from school and make other arrangements for his education. Mr. Davis assured me that he respected my wishes in this matter and would comply with my request to phone me should my boy cause any further annoyance at school and asked me to send the boy to school again.

This was done with the firm belief that my wishes in regard to corporal punishment would be respected. Yet two days later this boy was again whipped with a rubber hose, and now you say that we may again send him to school if he will comply with the above resolution and his parents also comply with the requirements of the resolution. I am aware that my boy may have erred in his conduct at school, what boy has not? and no doubt at times has caused his teacher much annoyance and I also fully realize how important it is to a school to have good discipline but I cannot be convinced that in order to obtain this discipline, that it should be necessary for the superintendent of the school to hold a child across a desk or chair while a teacher administers blows on the child with a piece of heavy rubber hose.

Very respectfully yours,  
JAS. McADAMS.
