A Household Medicine
that stops coughs quickly and cures colds is Foley's Honey and Tar Compound. Mrs. Anna Pelzer, 2526 Jefferson St., So. Omaha, Neb., says: "I can recommend Foley's Honey and Tar Compound as a sure cure for coughs and colds. It cured my daughter of a bad cold and my neighbor Mrs. Benson, cured herself and her whole family with Foley's Honey and Tar Compound. Everyone in our neighborhood speaks highly of it." A. McMillen.

GOAL TO BE WEIGHED WHEN IT IS RECEIVED
Without carrying the case any further, it is likely that all western lines will submit to the decision of the Interstate Commerce commission case relative to reweighing coal at points of destination.
The case in question was brought against the Burlington by the Sunderland Bros. company of Omaha. Under the old rule of the railroads and to which the Sunderlands objected, coal shipped from the mines and carried by the railroads, was weighed at the originating point, the consignee paying freight on these weights. Complaint was made to the Interstate Commerce commission that when the coal reached destination it invariably showed a shrinkage and that the freight charges should be paid on the quantity actually received. This contention was sustained and hereafter dealers will pay freight on the amount of coal actually contained in the car at the time of delivery.—Bee.

A STYLISH CITOYENNE DRESS.
At first the Citoyenne blouse with its odd little puffing at the waist line was regarded as a momentary fad, but it has proved altogether too pleasing a variation to soon pass out of style. However, it is most approved when there are other distinctive features, also, in the waist, as there are in the model shown here; for the yoke line is unique and the deep pointed collar is novel in effect, and so, too, are

the open cuffs. There is a guimpe worn with the waist, the one illustrated here being especially adaptable. And the skirt combined with the waist is a very good selection, presenting no difficulty in making and harmonizing with the style of the blouse. It is a two-piece skirt, stylish of line and neat in fit. The panels may be omitted, but if they are used they are cut and trimmed alike back and front. Some of the many fabrics suitable for this dress are the stylish two-tone taffeta and satin, surah silk, satin cloth, poplin, lansdowne, and the newer, soft weaves of mohair.

CHILDREN INJURED
Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints
You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.
We personally recommend and

guarantee Rexall Orderlies as the safest and most dependable remedy, which we know, for constipation and associate bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.
Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus over-coming weakness, and aiding to restore the bowels to more vigorous and healthy activity.
Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember you can obtain Rexall Remedies in McCook only at our store.—The Rexall Store. L. W. McConnell.

THEY'RE ALL ALIKE

Ask any man past fifty years of age and he will tell you of some time in his life when he was sailing high. Things were coming his way. There are few exceptions. Why is he poor now? Well there are various reasons. One thing is sure. It is not because he placed his money in a sound bank and checked it out only when safe investments were secured. There are more ways to lose money than to make it. If you are making any money, no matter how small the amount, start the saving habit by opening a bank account.
