**WILL MEET IN McCOOK.**  
Session Will Be Held Latter Part of March.

The executive committee of the Southwestern Nebraska Teachers' association met in Cambridge, on last Saturday, to determine upon a location for their next meeting. Sup't W. T. Davis of the McCook schools and one member of committee appointed by McCook Commercial club, appeared for the club committee before the association committee, presenting McCook's offer, which was accepted by the association committee and the next session of the association will consequently be held in McCook, the date determined upon being some time the latter part of March.

The people of McCook, headed by the commercial club and assisted by the teacher corps of the city schools propose to show the teachers of Southwestern Nebraska a good and profitable time during their sessions.

**Hassler-Moore.**  
Wednesday morning at 5:30 in St. Patrick's church, Mr. Frank S. Hassler and Miss Nora Elizabeth Moore, both of our city, were united in marriage. Rev. Wm. Patton, O. M. I., officiating. The young people left on No. 9, same morning, for Denver, on a brief wedding trip, to be absent until Sunday night. Upon their return they will go to housekeeping at once in their home at 502 west 2nd street, which is already furnished for their reception. Both are well known and popular in this community for their high characters and attractive personalities, and a very large circle of friends will join with The Tribune in wishing them a bon voyage on matrimony's sea.

**SINCERITY.**  
The chief anxiety of too many people is to keep up appearances. If they are poor, they must at any rate appear rich. When Jones, the wealthy brewer across the street, sets up a motor car, the Brown family puts mortgage on the house and lets the butcher go unpaid to the end that they, too, may boast an automobile. Be a real man — not a shoddy sport or a sham aristocrat. Be sincere with yourself, your friends and your work. With sincerity, a few talents and a little strength you may go far. Without it, genius itself may fail! —Chicago Tribune.

**Address by Mr. Weybright.**

At the next regular meeting of the McCook Commercial club to be held on December 12th, J. F. Weybright, agriculturist for The Great Western Beet Sugar Co., will address the club on the subject of sugar beet culture.

The problem of producing sugar beets is becoming more and more important to this section of Nebraska, and his views as an expert on this question will be of interest and will contain instruction for all — and The Tribune feels at liberty to assume that every club member has an interest in this matter.

It will be of interest to note that about 12,000 tons of sugar beets were shipped from Sanborn station, this fall.

It is stated in this connection that results, this year, have been so satisfactory in the Culbertson field, that the acreage for next year in that territory will be doubled.

While results were not all hoped for in the McCook field, this season, on account of unusually unfavorable weather conditions, there is no doubt but that this field can be developed into a successful and profitable one.

The Tribune hopes Mr. Weybright may have a large hearing on this important subject.

**Some Easy Money.**

Every now and again some person attempts to raise some easy money by forging checks and passing them on local merchants. McCook had a little experience along that line, last Saturday evening, C. L. DeGroff & Co. and Wilcox & Son being imposed upon for small sums in that manner. Small checks were presented, drawn on local banks in McCook by a well known stockman in this neighborhood, presumably. Both checks were forgeries, it appears, and the offender has been located and will be brought to account for his conduct.

**WILL YOU WANT CHAMOIS?**

**The Past Week in Society**

Mr. and Mrs. H. N. Rosebush were at home, Monday evening, to a company of friends in honor of Miss Estella Faus. The evening passed all too quickly in playing games—a guessing game affording the chief amusement of the evening. In this L. S. Vierson's olfactory nerve proved most accurate and he was rewarded with a handsome bouquet of white chrysanthemums; W. B. Mills was consoled with a cute little doggie with a wagging tail on which he will hardly be able to escape taxation. A two-course dinner was served, Mrs. Henry Smith, Mrs. Barney Lewis, Miss Nina Tomlinson, Miss Minnie Vierson, Miss Florence Rosebush, Miss Lila Lamb assisting. During the serving, Mr. Lewis Ludwick was at the piano. Later in the evening, Mr. Ludwick and Miss Florence Rosebush sang solos and duets, Miss Nina Tomlinson rendered some selections on the piano. Recitations by Merle Rosebush were other appreciated items of entertainment.

The Thanksgiving week session of the Young Married Peoples' club was with Mr. and Mrs. J. R. McCarl, Tuesday evening, and was regular in performance, with Miss Edna Waite, Mr. J. F. Cordell and Mr. David Cobb as the guests. Light refreshments followed the card playing of the evening.

The Epworthians gave a farewell affair to Miss Estella Faus, Tuesday evening, in the brotherhood room and basement of the church.

The ladies of the Catholic guild held a card party at the home of Mrs. J. S. Williams, last evening.

Mrs. W. F. Jones and Miss Martha Abel gave a bridge whist party, Monday afternoon, to meet Mrs. W. W. Wright of Hebron, Nebraska, sister of Miss Abel. A two-course luncheon was served. The guests were: Mesdames W. W. Wright, Leroy Kleven, A. M. Williams, J. R. McCarl, A. Barnett, H. D. Stewart, G. L. Burney, Viola Kenyon, A. Galusha, Sr., Juliet Walker, Walter Stokes, A. McMillen, W. E. McDivitt, B. Hofer, J. G. Schobel and James Hatfield. Mrs. Kleven won the honors; Mrs. Wright the guest's prize.

About thirty ladies enjoyed the hospitality of Mrs. H. C. Clapp, Tuesday afternoon, at a kensington. During refreshments Mrs. J. R. McCarl presided at the dining table, Mrs. Marie Bronson and Mrs. H. H. Miller assisting. Large bouquets of yellow chrysanthemums were beautiful buffet and table decorations. The effect was heightened by the wide ribbon streamers from ceiling of dining room to buffet and table, where they ended in large bows. The room was darkened.

The Entre Nous met with Mrs. Emerson Hanson, Tuesday afternoon. Mrs. W. W. Wright of Hebron, Mrs. A. M. Williams and Mrs. C. H. Husted were guests. A two-course luncheon was served.

The Research club will meet with Mrs. L. E. Hanford on next Monday afternoon at 2:30. The club did not meet this week.

Miss Martha Abel entertained the Junior Dorcas, Monday evening, at the home of Dr. and Mrs. W. F. Jones.

**Free to All.**

The Farmers' Institute of Red Willow county, will meet at Lebanon, Nebraska, in Jolly's hall, Saturday, December 16th, 1911, at 2 o'clock p. m., and will be addressed by the following gentlemen who have had years of experience and study on subjects of interest to the farmer and are now connected with the Nebraska College of Agriculture:

Mr. F. W. Chase of Pawnee City gives a splendid talk upon farm buildings, another one upon alfalfa, another one upon growing more corn and selecting seed corn. Then he has a good talk upon dairy cows.

Mr. Earl Harnly gives a good talk upon the care and handling of eggs and cream in the afternoon. This is a very practical talk and after he has finished lecturing he generally takes the egg candling machine and demonstrates to the farmers how to candle eggs and explains the various grades of eggs which come before the egg candlers.

**Irrigation Improvements.**

W. H. Ferguson was out from Lincoln last week, looking after some considerable improvements being made in the irrigation ditch south of the city. Among other improvements iron flume is being placed over Dry Creek on his land, using iron pipe two feet and four inches in diameter. This iron flume will be a distinct saving of water, as the wood flume has been a source of waste and annoyance. Besides, Mr. Ferguson is having built a concrete basin, which will give a stronger head of water on his land for irrigation purposes. All together the improvements will add greatly to efficiency and value of the irrigation ditch on the south side.

**THE REASON WHY**

some people fail to make a financial success is not because they do not have the ability to make money, but because they lack persistence or stick-to-it-iveness. You can save if you WILL. Perhaps you have tried to develop a bank account and have failed. Does that one failure justify poverty in old age? This bank offers you all the inducements and facilities possible for a bank to offer. With the ready assistance and advice of which customers of this bank may avail themselves, there is no reason why YOU should not accumulate an independent competence.

**Must Get Down and Dig.**

Chicago, Nov. 20.—Most of the government literature on agriculture is too technical for the farmers it is supposed to reach, and therefore fails in its educational purpose, according to James J. Hill, chairman of the executive board of the Great Northern road who arrived here today.

"The farmer is not replacing the fertility of the soil and takes no care whatever of it," said Mr. Hill. "The only way to teach a farmer is to get down to the soil and show him. Most of the material that is written never reaches him and lectures are of doubtful value because of the same reason."
