It's leap year, boys.

Consistency is still a rare jewel among politicians.

The Salvation army has been officially and synodically barred out of Russia.

In politics, as in many other human activities, it is by no means easy to discern the real thing from the "near" or spurious.

Ex-Congressman R. D. Sutherland of Nelson has filed nomination papers as a candidate for congress in the Fifth district on the Democratic ticket.

It may be acceptable news to the "ins" to know that President Taft recommends that "all local offices throughout the country" be put into the classified service.

"They say," that Victor Rosewater and Norris Brown are now smoking the "pipe of peace" and that George Thummal is to be the next postmaster of Omaha.

A Healthy and Wise New Year

"Resolution No. 1—I will try to become more intelligent concerning my body," says Dr. Jean Williams in Woman's Home Companion for January, "looking with greater respect upon my physical resources and trying to realize more fully that upon them the force and success of my life largely depend."

"Resolution No. 2—I will arrange, if possible, to supply sufficient pure air for every breath I take, thus better to combat every source of disease that might attack me, to improve my chance for long life and to increase my efficiency."

"Resolution No. 3—I will be kinder to my digestive organs, avoiding all excess and not asking them to struggle with food for which they have repeatedly shown antagonism."

"Resolution No. 4—I will treat my brain and nervous system with greater consideration, and 56 hours of each week shall be devoted to sleep."

"Resolution No. 5—I will try to do in eight hours as much hard work as I should do in one day."

Resolution No. 6—I will devote at least two of the 24 hours to such exercise as I find most beneficial.

"Resolution No. 7—I will give my moral support to every effort, public or private, in behalf of the betterment of health conditions."

ELECTRIC HOTEL FOR PARIS

Current Will Do Everything in the Proposed Structure Except Pay Guest's Bill.

The interesting news comes from Paris that a hotel will be built there in which all the domestic service will be performed by electricity. If the promoters of the scheme keep their promises, everything will be done by electricity except the guests' payment of their bills. Even then they can give the cashier a shock by refusing to pay.

There will be no waiters, no bell boys, no coat boys, no chambermaids, and consequently no tips. If a guest arrives home at 3 a. m. all he will have to do is to touch a button, which will turn an electric sun, and then he can say to his wife:

"My dear, you're really getting lazy. Look at me. I'm up and dressed!"

If he feels that he needs a cocktail, he can touch another button. One touch brings a martini, two whisky, three a Manhattan, four vermouth, five an ambulance. In answer, a dumb waiter rises through the floor either to bring the desired bracer, or, when need be, to lower the guest to the ambulance.

The hotel promoters lay much stress on the fact that all their waiters are dumb. In place of the ordinary Swiss who only stand and wait, instead of running and serving, there will be automatons run by electricity and guaranteed not to spill soup down your back or creamed asparagus in your lap. The dining table will be decorated with flowers raised by intensive electrical culture in both winter and summer, for there will be no seasons in this hotel; push a button and you're warmer than when you see another fellow walking with the "only dear one on earth," push another button and you're colder than when the other fellow frigidly asks, "What the devil are you doing here?"

One of the features of the hotel will be an electric orchestra, in which all kinds of stringed instruments will apparently play of their own accord. The inventor, a Frenchman named Georgia Knap, who has spent years experimenting with the various devices, asserts that they are now all absolutely perfect, and has formed a company under the name "Societe des Hotels Electriques" for the purpose of building electric hotels in every big city throughout the world.—New York World.

A friend advised Foley's Money and Tar Compound and I got relief after taking the first few doses. I took three bottles and my la grippe was cured." Get the genuine in the yellow package. A. McMillen.

THEY'RE ALL ALIKE

Ask any man past fifty, years of age and he will tell you of some time in his life when he was sailing high. Things were coming his way. There are few exceptions. Why is he poor now? Well there are various reasons. One thing is sure. It is not because he placed his money in a sound bank and checked it out only when safe investments were secured. There are more ways to lose money than to make it. If you are making any money, no matter how small the amount start the saving habit by opening a bank account.

The First National Bank of McCook, Neb.

Charles Durham of Lovington, Ill., has succeeded in finding a positive cure for bed wetting. "My little boy wet the bed every night clear thro' on the floor. I tried several kinds of kidney medicine and was in the drug store looking for something different to help him when I heard of Foley's Kidney Pills. After he had taken them two days we could see a change and when he had taken two-thirds of a bottle he was cured. That is about six weeks ago and he has not wet in bed since." A. McMillen.
