Not to Take Effect.

Washington, Feb. 9.—A new western classification of freight to which the western transportation lines looked for many months, and which recently was filed with the interstate commerce commission, today was ordered by the commission to be suspended from February 15 to June 25.

The proposed classification contains hundreds of changes resulting in many advances and some decreases in present rates. Naturally rates would be affected by the new classification not only in western territory, but throughout the country, on all freight originating in, or destined to, points in that territory.

A hearing of the proposed classification was held in Chicago on January 9, but it was found impossible by the commission to conclude its inquiry before the effective date, February 15.

Advances in freight rates proposed by transcontinental railroads were today suspended by the commission from February 28 until August 28. It was found impossible to conclude inquiry within the time originally fixed by the commission.

The commission today ordered a general investigation of the practice of all interstate carriers with respect to the issuance of passes, franks and free telephone service.

Information has reached the commission that many carriers are violating the law in that regard. Indications are that the offending carriers may be obliged to face prosecution.

HANDICAPPED.

This is the Case With Many McCook People.

Too many McCook citizens are handicapped with bad backs. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Doan's Kidney Pills are for sick kidneys. The following statement should convince every McCook reader of their efficiency.

R. F. Heady, of Champion, Neb., says: "I suffered from kidney trouble and lameness across my back and was in such bad shape that I could not stoop or lift. If I attempted to do so, sharp twinges darted through me. The kidney secretions were unnatural and their frequency in passage was a source of annoyance. When I learned of Doan's Kidney Pills, I got a box and their use gave me great relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

WHY HESITATE?

An Offer That Involves no Money Risk If You Accept It.

We are so positive our remedy will completely relieve constipation, no matter how chronic it may be, that we offer to furnish it free of all cost if it fails.

Constipation is commonly caused by weakness of the nerves and muscles of the large intestine. To expect a cure you must therefore tone up and strengthen these organs and restore them to healthy activity.

We want you to try Rexall Orderlies on our guarantee. They are eaten like candy, and are particularly good for children. They seem to act directly on the nerves and muscles of the bowels. They apparently have a neutral action on the other organs. They do not purge or cause other inconvenience. We will refund your money if they do not overcome chronic or habitual constipation and thus aid the myriads of associate or dependent chronic ailments. Try Rexall Orderlies at our risk. Three sizes, 10c, 25c and 50c. Sold only at our store—The Rexall Store. L. W. McConnell.

Doctors claim that laughter is the surest road to health, every person owes it to themselves to get as much enjoyment out of life as possible, and the greatest pure enjoyment comes from the exercise of our risibles, or in other words, hearty laughter. "Casey Jones" which is the attraction at the Temple theatre on Wednesday of this week, is built for laughing purposes only. There's many a laugh in the piece and the specialties help to drive dull care away. Prices: 50c, 35c and 25c.
