From North Wales comes the romantic story of a lifelong devotion, begun in early boyhood, between two men, and only ending in death at the ripe age of 80 years. Henry Price and Robert Ellis when boys struck up a friendship, pledging to stick to each other until death. When young men they emigrated to Australia and lived and worked together, come weal, come woe, for more than fifty years. Two years ago they both returned to their native village of Rhoslanerchrogog, in Wales, having amassed considerable wealth. This week Price and Ellis died within twenty-four hours of each other, both being over 80 years of age.

**Mount Booker Washington.**  
Mrs. Hill, an artist of Tacoma, Wash., has been commissioned by one of the Western railroad trunk lines to execute for the Louisiana Purchase exposition several canvases illustrative of the scenery of Washington state. One of the pictures represents a lofty mountain, which for some reason had never received a name. The artist suggested that the mountain be christened Mount Booker Washington, in honor of the principal of the Tuskegee institute. Her suggestion was confirmed by the United States geological survey, and the name, Mount Booker Washington, is now in use. The picture will be exhibited at St. Louis this summer.

#### BAD DREAMS.

Indicate Improper Diet, Usually Due to Coffee.

One of the common symptoms of coffee poisoning is the bad dreams that spoil what should be restful sleep. A man who found the reason says:

"Formerly I was a slave to coffee. I was like a morphine fiend, could not sleep at night, would roll and toss in my bed and when I did get to sleep was disturbed by dreams and hobboblins, would wake up with headaches and feel bad all day, so nervous I could not attend to business. My writing looked like bird tracks. I had sour belchings from the stomach, indigestion, heartburn and palpitation of the heart, constipation, irregularity of the kidneys, etc.

"Indeed, I began to feel I had all the troubles that human flesh could suffer but when a friend advised me to leave off coffee I felt as if he had insulted me. I could not bear the idea, it had such a hold on me and I refused to believe it the cause.

"But it turned out that no advice was ever given at a more needed time for I finally consented to try Postum, and with the going of coffee and the coming of Postum all my troubles have gone and health has returned. I eat and sleep well now, nerves steadied down and I write a fair hand (as you can see), can attend to business again and rejoice that I am free from the monster Coffee." Name given by Postum Co., Battle Creek, Mich.

Ten days' trial of Postum in place of coffee will bring sound, restful, refreshing sleep. There's a reason.

## "I Have Every Reason to Praise Pe-ru-na,"

WRITES MRS. KANE, OF CHICAGO.

GRACE, EDWARD, MYRTLE, GEORGE and REEVES KANE, 172 Sebor St., Chicago, Ill.

Mrs. K. Kane, 172 Sebor Street, Chicago, Ill., writes:

"Peruna has been used so long in our family that I do not know how I could get along without it. I have given it to all of my children at different times when they suffered with croup, colds and the many ailments that children are subject to, and am pleased to say that it has kept them in splendid health. I have also used it for a catarrhal difficulty of long standing and it cured me in a short time, so I have every reason to praise Peruna."—Mrs. K. Kane.

#### Pe-ru-na Protects the Entire Household Against Catarrhal Diseases.

One of the greatest foes with which every family has to contend is our changeable climate. To protect the family from colds and coughs is always a serious problem, and often impossible.

Sooner or later it is the inevitable fate of every one to catch cold. Care in avoiding exposure and the use of proper clothing will protect from the frequency and perhaps the severity of colds, but with the greatest of precautions they will come. This is a settled fact of human experience. Everybody must expect to be caught somewhere or somehow.

Perhaps it will be wet feet, or a draught, or damp clothes, or it may be one of a thousand other little mishaps, but no one is shrewd enough to always avoid the inevitable catching cold.

There is no fact of medical science better known than that Peruna cures catarrh wherever located. Thousands of families in all parts of the United States are protected from colds and catarrh by Peruna. Once in the family Peruna always stays. No home can

Mrs. A. Hobson, 225 Washington St., Lansing, Mich., writes:

"Peruna has been such a blessing to my only child, as well as myself, that I feel induced to give my testimonial. He has always suffered from catarrh of the head and throat, and I had to use extra precautions so as not to have him exposed to damp or cold weather. Last year he was taken with la grippe, and as it was a severe case, caused me much anxiety. No medicine helped him till he took Peruna. I noticed an improvement at once and in three weeks he was a different child; the grippe had been completely cured and I noticed that the catarrh was made better. He kept taking it two weeks longer, when he was entirely well. I now use it off and on for colds, cramps, indigestion or general indisposition, and find it superior to any doctors or medicine I ever tried. It keeps me, as well as my child, in perfect health, and I gladly recommend it to mothers."—Mrs. A. Hobson.

spare Peruna after the first trial of it.

We have on file many thousand testimonials like the ones given above. We can only give our readers a slight glimpse of the vast array of unsolicited endorsements we are receiving every month. No other physician in the world has received such a volume of enthusiastic and grateful letters of thanks as Dr. Hartman for Peruna.
