The Kaufman family of eight and the Jackson family of seven, now featured with Ringling Brother's World's Greatest Shows, are the most renowned trick bicycle riders in the world. The most difficult gymnastic feats are accomplished by them on one or two wheels, as the case may be, with all the ease and grace of performances on the solid foundation of the ground. Their ingenious machines are dexterously manipulated on great stages, and the individual and concerted work of the two families on bicycles of the highest gear are a marvelous exhibition of the art of difficult wheeling.
