Where should the world's fair be held? Don't bite; the answer is around the waist.

Cicero: He who sees dishonesty where others concede honesty, is himself the dishonest man.

Speaking of dead ones; what has become of Mulcahy, the non compus, formerly with the Journal?

Rev. Alexander Dowie was followed out of London by thousands. Alec was speedy however; and they didn't catch him.

When you come to the circus fetch a dollar along to subscribe for the Tribune and try for the watch. By the way, have you read our watch proposition? Look the paper over for it, you may find it of some interest to you.

We are not given to paying compliments either personally or editorially but we arise to say, that the Fremont Tribune and the Beatrice Express are, with the exception of the Atchison Globe, the best dailys edited in any small town in the west.

H. M. Burgess of Lincoln has been elected by the state committee to succeed H. Lehr as chairman of the republican state committee. This is a good choice and it is hoped that work will immediately be instituted towards perfecting the organization for the coming campaign.

Hon. E. J. Burkett has carried this county by large majorities every time he has been a candidate. The candidates on the legislative ticket are instructed for Burkett, and a vote for them is in every sense a vote for Burkett. Would you vote for Burkett? Then put your cross opposite the names of Grinstead, Hogrefe, Smith and Tucker.

W. H. Hogrefe has had legislative experience. His record is such that it requires neither explanation nor apology. There is nothing to be urged against him, while there is much to say in his behalf. He has made a success of his own affairs. He is capable honest and courageous. He merits the support of every republican in the county, and is entitled to re-election.

Every American who loves his country and believes in its miss-

ion, should read the convention speech of Hon Elihu Root of New York. It is not of the old spell binding variety, but, savors more of a new cult in politics in its sanity, its conservatism and hopefulness. Any man, who claims to be an American, whatsoever his politics may be, who can read such a speech without a thrill of pride, is fit only for treason and spoils.

Richardson County will in the very near future, be brought again within the purview of the criminal laws of the state Crime will meet its punishments and criminal conduct its just deserts when the "Morrow" comes.

President Roosevelt's race suicide idea has been productive of considerable cheap humor. The President has never uttered a sentiment more potential than his plea for children. The world was created for a purpose, otherwise, creation is a gigantic mistake of the ages. The difference between the world as it was in the morning of time, and as it is today, is the result of man's work. Nothing else has contributed to the development. The world will endure until its purpose is accomplished, and the burden of this accomplishment lies on the shoulders of man. The world of tomorrow, lies today in the cradle. We have about as much use for a wife who is childless from choice, as we have for the man of ability who chooses to be a loafer.

Charles Wagner uttered a beautiful and veritable truth when he said: "every curly head is a promise, and about it is the fluttering of wings".

The republicans of this county must be up and doing. This is going to be a strenuous year in politics and it behoves every republican to assist in carrying the county. There is such a thing as over confidence and if we are not careful we may be the victims of this condition. The bolting element of the party is again at its infamous work. The mouth piece of this dwindling clan has lately approached several prominent democrats to induce them to be candidates for several of the county offices. Of course this fellow does not amount to much, and he tells too much to be taken seriously but he is probably voicing the intention of his master. Don't be deceived, this is not a newspaper story. We know what we are speaking of, and we are speaking of simon pure treachery. Richardson county is a republican county, in a republican state and in a republican year. It must be kept so. Do your share and the party has nothing to fear from its opponents, neith-

Cured of Chronic Diarrhoea After Ten Years of Suffering.

"I wish to say a few words in praise of Chamberlain's colic, cholera and diarrhoea remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by A. G. Wanner.
