Emergency Medicines.

It is a great convenience to have at hand reliable remedies for use in cases of accident and for slight injuries and ailments. A good liniment and one that is fast becoming a favorite if not a household necessity is Chamberlain's Pain Balm. By applying it promptly to a cut, bruise or burn it allays the pain and causes the injury to heal in about one-third the time usually required, and as it is an antiseptic it prevents any danger of blood poisoning. When Pain Balm is kept at hand a sprain may be treated before inflammation sets in, which insures a quick recovery. For sale by A. G. Wanner.
