

WOMEN'S SECTION

THE new Fall Displays are now at their best. Our Women's Wear department was never so richly stocked. First buyers will be well rewarded. An early choice secures better values and garments that more perfectly meet your tastes, We are showing fully double the variety of Cloaks, Suits, Skirts and Waists ever presented to our patrons and we recommend them as the smartest models that have been fashioned by the most ingenious designers. Our buyer spent three weeks in New York City carefully studying the styles that will prevail and recommends those now in our show room as positively correct. As in other seasons our values in Ready Made Women's Wear are 25 per cent better than shown elsewhere, Our lines are bought cheaper and sold cheaper than is possible in stores not personally visiting the Eastern Market.

LADIES' AND MISSES' COATS

The variety of these new fashionable Coats include many variations in 22, 27, 30, 36, 42 and 45 inch lengths, prices ranging from \$5 to \$40. We have in stock over 100 different designs in Ladies Coats, all of them being exclusive with us. Handsome novelty cloths, Kerseys and Montenacs in the colorings most desired this season. No lady should pass us in her shopping.

WALKING AND DRESS SKIRTS

Nobby practical effects in the popular mannish mixtures and in Mohair and Wool Cloths from \$3 to \$12. Many of our styles cannot be duplicated by tailors or dressmakers at less than our prices for the making alone.

DRY GOODS

We must sell goods. Our room is so over run with merchandise that we must have room. Don't do yourself the injustice of buying elsewhere until you see us.
