**COUNTY ATTORNEY.**

Once upon a time the democratic party imported into this county a young man from Nemaha county by the name of Fred Hawxby. They wanted somebody to beat Judge Wilhite for county judge. After the Judge had trimmed the young man's sails, he "folded his tent like the Arabs, and silently stole away." That party has now imported another political aspirant in the person of Mr. James, with the hopes of beating W. H. Morrow for county attorney.

History will doubtless repeat itself and James will be looking for another location after election. Morrow has been a resident of this county for many years. He is a tax-payer and is interested in

the welfare of the county.

The voters of this county don't want non-residents to occupy its offices. We have plenty of men who are capable and intelligent without sending out for a Hawxby or a James. Morrow is experienced—James is not. Vote for Morrow.

When Gerdes, Lord and Carpenter ask for your votes ask them whether they will use their office if elected to help Roosevelt or to oppose him. When these gentleman ask for your support they are asking you to help them fight the president by the election of a democratic U. S. senator. Will you do it.

Parker was chairman of the New York state democratic central committee when David B. Hill was elected governor. Hill rewarded Parker by appointing him judge. He was the Parker manager of Parkers campaign at St. Louis. If Parker is elected he will doubtless proceed on the theory that one good turn deserves another and appoint David secretary of the treasury and—What will Bryan do then, poor thing?

The Beatrice Sun is about the dirtiest sheet published in a civilized country. It is a mud mill of approved pattern. Just now it is venting its spleen by slandering R. R. Kyd candidate for representative in Gage county. If it was worth while to resent such assaults Kyd might make a visit to Falls City and talk with some of the old timers about the fellow who writes the Sun's editorials.

One of the speakers last Friday evening asked this question "What act has the President done that you would have undone—what act of his that you would have done differently?" Think it over. The reduction of the army to its lowest legal limit. The settlement of the Alaskan boundary difficulty; The Panama canal treaty adopted with the help of nearly every democratic Senator; The settlement of the anthracite coal strike. Think it over—what is your objection to the President's conduct. What would you change?

Do you want Nebraska to send a United States Senator to Washington who will oppose and annoy Theodore Roosevelt? If you were in the Senate would you not cast your vote to sustain the President? If so, why not vote for the men who will vote as you would vote were the opportunity given you? Grinstead, Hogrefe, Smith and Tucker will vote for Burkett for United States Senator. Can you afford to embarrass the President just because the democratic party is trying to prejudice you against the revenue law? The

**In Praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy.**

"Allow me to give you a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. John Hamlett, of Eagle Pass, Texas. "I suffered one week with bowel trouble and took all kinds of medicine without getting any relief, when my friend, Mr. C. Johnson, a merchant here, advised me to take this remedy. After taking one dose I felt greatly relieved and when I had taken the third dose was entirely cured. I thank you from the bottom of my heart for putting this great remedy in the hands of mankind."
