For Supervisor Dist. No. 3:
CHAS. ATWOOD.

For Supervisor Dist. No. 5:
CHAS. F. ZOELLER

For Supervisor Dist. No. 7:
AUGUST POOR

TELEPHONE.

The time is rapidly approaching when the selfish and short sighted policy of keeping the mutual lines out of Falls City will be universally condemned in this city. We now have three lines in Falls City, viz: The Bell Telephone Co; The Inter State Company and the local company.

Not one of these companies has paid the city of Falls City a dollar for this privilege. No reduction has been or will be made to the patrons of the telephones. The citizens of Falls City pay the highest telephone rates of any town in Richardson county and will continue to do so as long as the franchise ordinance remains. We could have received a reduction in telephone rates if the Inter state company had been permitted to come in. But no the council refused, saying you cannot come in unless you pay \$1000 for the right. Were they kept out? Look at the red, white and blue telephone poles, owned,

operated and controlled by the Inter state company that have recently been erected in Falls City. Did they pay the city a dollar? Not they. But they pay to Weaver, Morehead and Miles the money which they once offered to the telephone patrons of this town. If we can let in the Bell Company and the Inter state why not let in the farmers companies?

Weaver and Morehead have said to them, "we will let you in if you pay us." Who owns the streets of Falls City anyway? By what moral right does the city council say in effect to the mutual companies. "No, you cannot build into Falls City unless you sign the contract offered by Morehead and Weaver?" Repeal this ordinance and restore the good feeling which prevailed among our business men and the farming community before these gentlemen began to traffic in Falls City streets.

CHARLES ATWOOD.

The people of the 3rd supervisors district will be well represented in the future.

Charles Atwood has been nominated for the office of supervisor by the republicans of that district and anyone who doubts his election doesn't know Charlie or his constituents. The writer knows of no man in the county better fitted by business judgement, temperment and character to be supervisor than Charles Atwood. He is the soul of honor; is a man of unusual mental capacity and withal a prince of good fellows. His republicanism is not of the spasmodic brand, nor is his party affiliation founded in personal ambition or self interest.

We would rather live in Falls City than in any other place in the county, but just the same we would like to live in Humboldt long enough to vote early and often for Charlie Atwood.

More and more it becomes apparent that a whipped Jap is also a dead one.

Within a few weeks certificates of election will be issued to Grinstead, Hogrefe, Smith and Tucker.

If any candidate on the republican ticket is defeated, the party will know where to place the responsibility.

Cut this out for reference. The republican county candidates will receive majorities of not less than three hundred votes.

Judge Parker will accept a position in a New York law firm at fifty thousand dollars a year to look after the interest of Eelmont if he is defeated. Well that is what he will get for doing it if he is elected.

The new revenue law has resulted in the collection of forty thousand dollars of delinquent taxes this year. With a proper levy next year the taxes in Richardson county will be less than for many years.

The Falls City News was thirty one years old last Friday. The News has succeeded because it has deserved success. It is a good newspaper and we extend sincere congratulations upon the completion of another year of its life.

We wonder how many subscribers of the mutual telephone lines will support George Carpenter for representative? He more than any other one man, has been responsible for keeping the farmers line out of Rulo and has never lost an opportunity to embarrass the progress of mutual lines in the south eastern part of county.

Some fellow bearing a strong resemblance to Ananias writes a letter to the News which he signs "a republican." He says that he is fighting two republican candidates and that he lives in Shubert. We must take issue with this fellow on his republicanism. Republicans do not write letters to democratic newspapers in opposition to republican candidates. He takes a little fling at C. F. Reavis as usual. By the way, have the republicans of this county ever noticed that the abuse which has been heaped on Crook, Reavis and men of like party service, always comes from some self styled republican who is fighting the ticket, and never from a republican who is supporting the ticket.

There has been a great deal of fever in Falls City lately and the source has been the subject of much anxious inquiry. Apropos of this, a lady from Illinois is now visiting in Falls City who tells of a similar condition which existed in her home city. Investigation established the fact that the water was the foundation of the trouble. The standpipe was open at the top and at the suggestion of local physicians the interior of the pipe was explored

which disclosed that there was three feet of dead English sparrows at the bottom. It might be well for the council to look into the local stand pipe for while the pipe has a wire netting over the top now it has not always been so enclosed.

Don't get grouchy. Don't go about the streets with sour mein. Don't imagine that you are misunderstood and underestimated. Don't always speak ill of your fellow man and pretend to great personal virtue. You only make yourself miserable and your fellow man to hold a secret of contempt for you. You are not fooling anybody. Noone is deceived by your false pretensions. When the total of your days is compiled it will be found that you have got about what is coming to you. For men are measured even by their friends by what they are and not by what they pretend. One of the wisest and best of business men said: "The men whom I have seen succeed best in life have always been cheerful and hopeful men, who went about their business with a smile on their faces, and took the chances of this mortal life like men, facing rough and smooth alike as it came." Cheer, up. Don't pout and above all things don't be a fraud.

The citizens of Richardson county are entitled to the services of a good and experienced lawyer. No political party should attempt to foist an incompetent and inexperienced man upon the tax payers for county attorney. The office is too important to make it a political foot ball, and every tax payer should feel sufficient interest in the matter to at least make inquiry as to the respective merits of the candidates. The republican party in presenting W. H. Morrow for this office, does so with full confidence in his ability and integrity. A vote for him is a vote in favor of having the duties of the office carefully and ably performed. We make the assertion that his opponent has never had a case in either the county or the district court. Do not experiment. "Be sure you are right then go ahead."

It's a Good Sign

Of the high grade of the coal we sell and of the excellence of our methods that our customers stay with us year in and year out. They don't go around making experiment or trying to get more coal or better coal for their money. They are sure the feel no uncertainty. An army of pleased and satisfied customers is the best advertisement a business can have.
