The Falls City Telephone Company has been saying that the Salem mutual company was about to go under. This company is as prosperous as the Falls City company ever dared to be and its prosperity goes not depend upon its ability to hold some one up. A year ago they were in debt over \$400. Their present condition is shown by their statement made at their meeting last week.

It doesn't look much like a dying company when they can pay off more than \$400 indebtedness and have a surplus of \$132.93 does it? The local company might just as well acknowledge the fact that these farmers mutuals have come to stay. Of course they can be embarrassed as the Falls City company is about to embarrass the Salem company by removing the inter-state Salem office; but such men as Geo. Russell, Mr. Dowell and the other subscribers and officers of the Salem company are not to be bulldozed nor frightened. Keep it boys and you will get into Falls City on the same terms that other companies are received. The people as a rule love fair play and The Tribune will do its part towards seeing that you get it.

Josh Lord is to be the bank candidate for county treasurer next fall.

Even old Missouri fell back into the union. President Roosevelt carried the state by about five thousand.

If a party supports a family it would seem that the decent thing to do would be for the family to support the party.

The committeeman from Falls City did a wise and proper thing when they marked certain men on their poll books as democrats.

It seems rather strange that the fight should have been made on the revenue law and then the

voters elect Mr. Hogrefe, the only candidate who was a member of the last legislature who voted for the law.

What was the matter with Liberty precinct? We dislike to see old Liberty sacrifice her reputation in the way she did this election.

Now for good roads. The county has about fifty thousand dollars extra money that will come in very handy in improving some of our bad roads.

What do you think of a republican who refused to permit Burkett's picture to be displayed in his window? There is such a man in Falls City.

"The only way we can get our rights is to bolt. We will beat the party until it will nominate us to keep us from beating the ticket"—A Falls City bolter.

The old second ward always does its duty. No matter what the fight Falls City can count on one ward giving its regular republican majority. We are proud of Falls City's second ward.

We have been told that the prevailing price for votes was a dollar. One man's dollar however is going to prove the most expensive investment he ever made.

There is a great deal of consolation to true republicans in the defeat of Carpenter. He was the one man Gum shoe Joe wanted elected and for whom he voted his republican allies.

Fred Miller will be the next deputy secretary of state under A. G. Galusha. This is a matter of pride and pleasure to the delegates to the last state convention who worked so hard to accomplish Mr. Galusha's nomination.

W. H. Hogrefe will make a successful member on the legislature. He has gone about his campaign in a quiet but very earnest manner and his election is a source of pleasure to his many friends. Mr. Hogrefe is a successful man of affairs and will make his official conduct "square with promise."

What would the party do with out men like Chas. Huber, G. J. Crook, Bud Overman, Jno. Timmerman, Mr. Bolejack, Wm. Alexander, W. E. Dorrington, Norman Mussleman, T. C. Cunningham, Vint. Arnold, Jas. Stephenson, Chas. Martin and the hundred and one loyal republicans who are always in line and always working for the ticket.

W. H. Morrow made a splendid fight against overwhelming odds. He is stronger with the people today in the hour of his defeat than ever before. He was made a sacrifice because of party loyal-

Nebraska's Banking Record

THIS City, County and State is well favored in the stability of its moneyed institutions; the men behind them are well known for their integrity, ability and conservatism, which is evidenced by the fact that Nebraska has had no bank failures for more than a year. Next week the

Falls City State Bank

expects to appeal to the vast number of men, women and children who keep no bank account.

It's a Good Sign

Of the high grade of the coal we sell and of the excellence of our methods that our customers stay with us year in and year out. They don't go around making experiment or trying to get more coal or better coal for their money. They are sure the feel no uncertainty. ty and the republicans of the county will no more forget his service than they will forget the treachery of the men who defeated him.

E. Grinstead stands as one of the most loyal republicans in the party today. We have heard many expressions of regret at his defeat and we feel that the bottom land owners have lost a great opportunity by his defeat. Mr. Grinstead is a man of commanding ability and one who never turned his back upon a friend or an enemy.

Gum shoe Joe was much in evidence. He was giving directions to his especial huckleberries Tuesday morning and they were listening and obeying with commendable activity. One man who saw it said it reminded him of the phonograph advertisement of a dog listening at the end of the horn while underneath were the words "his masters voice."

Who would know by reading the Falls City Journal for the past six weeks that the democratic newspapers and democratic speakers were trying to defeat the republican ticket because of a revenue law.

Not one word has been said of the main issue by that paper during the entire campaign. If any body thinks that crowd did any

thing for Mr. Burkett to be elected United States Senator as a reward for putting Lewis out of the post-office and Crook in, he should have been in Falls City election day and night.
