### FALLS CITY 0—PADONIA 0.

The celebrated Padonia foot ball team played a picked eleven on the local grounds Friday afternoon. The game resulted in a tie, neither team scoring. Falls City has excellent material for a foot ball team but should not again attempt to play without some practice and coaching. Some of the local eleven never had a foot ball suit on before and none of them had ever played together. Billy Bohrer, Tom Poteet, Clair Foster, and Howard Linsacumb played exceedingly well while Tom Glines demonstrated that he has the making of an excellent quarter back. Notwithstanding the Padonia team had never met defeat the boys

held them safely at all times and would have won the game if the plays had been confined to line bucking instead of attempting end runs without a compact interference. The game was enjoyed by quite a crowd and if one or two of the boys would cut out the stuff that made Milwaukee famous when they attempt to play the game, the patrons would appreciate it and the team would win more games.

### A Flowery Bed of Ease.

Not half the people who read this add have a bed worth sleeping on, yet they spend every week for foolish things more than the price of a good bed. You spend one-third your time there. Why deprive yourself unconsciously one moment of comfort by sleeping on a poor bed when so great a portion of your life is spent in that way. Of all friends a mattress is the most personal. See to it that it is cleanly, sanitary and comfortable.

In six weeks more we will be a year old. Under the laws of this state no paper can publish a legal notice until it is fifty-two weeks old. When that time comes you can help us a great deal by putting your legal notices in this paper. Your lawyer will give them to us if you ask him to do so, and we would appreciate the favor.

Consider the owl and learn one of life's great lessons. The Parrot is a bird of far greater intelligence but he sometimes talks too much. The owl is a foolish old fowl but because he says nothing and looks wise the world has credited him with great wisdom. One of the greatest old frauds we ever knew fooled us for years by keeping his mouth shut and looking wise. "Give thy thoughts no tongue, give every man thine ear, but few thy voice."
