

### How Is It With You?

Life must be rather a sad old game after all. Four men in middle life were seated in the smoking room of a Pullman the other night. Each was a stranger to the others. One looked up from a magazine he was reading and said, "here is a fellow who says his misfortunes have been a blessing to him. I can't say that and I think I have had my share." "So have I," said the second with a faint smile. "And I," added the third. The fourth raised his hand to his head with a gesture of weariness and looked out upon the flying earth white with the snow and moonlight. The snow was dirty, for it was getting old, but the man made no reply.

A friend gave me part of a bottle of Chamberlain's Cough Remedy with instructions to closely follow the directions and I wish to state that after the first day I could notice a decided change for the better, and at this time after using it for two weeks, have no hesitation in saying I realize that I am entirely cured."
