

County Conscience Fund.

County Treasurer Zook has started a conscience fund. A short time ago Mr. Zook received a letter from Bern Kansas containing a ten dollar bill accompanied by a note stating that the sum was to be credited to a county conscience fund. This Mr. Zook has done. This fund should grow rapidly for if there is anything about which men will lie, that thing is assessment and taxes. Mr. Zook has put the money out at interest and is anxiously waiting the next contribution.

Corwin Fergus.

Corwin Fergus of Frank in precinct died of Bright's disease and heart trouble Sunday. Mr. Fergus was one of the best known and most prominent citizens of Richardson county. He settled in the west end at an early date and by hard and careful labor had become one of the most prosperous farmers in the county. He leaves a wife and several children. W. P. Fergus of this city is a cousin of the deceased.

Engineer Fatally Injured.

A Missouri Pacific engineer was fatally injured Saturday by the breaking of one of the driving rods of the engine. Freight number 72 southbound passed through here at about 2 o'clock in the afternoon in charge of engineer Martin. As they reached the bridge just this side of Padonia the driving rod broke and in its revolutions completely demolished the cab, knocking Martin out out so that he fell through the bridge and on to the ice below. He was terribly bruised and beaten and lived but a short time. His home is in Atchison where he lives with his family.

Class Confirmed.

Bishop Williams of Omaha confirmed a class of six members at the Episcopal church Sunday morning. The beautiful service was impressively read by the Bishop before a very large audience. Bishop Williams is always a welcome visitor as he is one of the best pulpit orators in the land.

Judge Tucker.

Word was received here Friday morning that Senator E. A. Tucker had been appointed Territorial Judge for Arizona by the President. This is a position of responsibility for which the Judge is well qualified. We are informed that the salary is \$3,000 per annum. The state senate upon hearing the news passed appropriate resolutions of thanks to which Judge Tucker responded in a neat speech. The Judge will not take his seat until after the adjournment of the legislature. The Tribune joins in the general congratulations to the

fortunate applicant.

Shakespeare Club.

A Shakespeare reading circle has been organized with the following members: Mrs. J. R. Cain, Mrs. A. G. Wanner, Mrs. John Gilligan, Mrs. Isham Reavis, Mrs. Robert Rule, Mrs. T. J. Gist, Mrs. H. R. Miner, Mrs. C. F. Reavis, Mrs. W. W. Abbey, Mrs. D. D. Reavis, Mrs. J. C. Yutzy and Mrs. E. H. Towle. Mrs. C. F. Reavis was elected chairman. The club has secured pamphlets of Prof. Sherman of the state university and will read Julius Caesar. Meetings will be held every two weeks, the first of which is being held today (Friday) with Mrs. W. W. Abbey.

The Truth About the Coal Contract.

The coal contract between the city and Mr. Douglas, proprietor of the city roller mills was abrogated at the meeting of the city council last week. Rumors relating to this action have been abroad in the land for some weeks and the action of the city council was not a surprise. The trouble, as we learn from a member of the council, began when it appeared that the coal was not lasting as long as it should, one month the city burning eight car loads or about two car loads a week. An investigation was instituted and the council claim to have secured evidence that Douglas would take coal from the cars and put it in his own coal bins, and that he would also sell coal from the city's cars. Mr. Do necker on bond of Douglas started to investigate and as a result asked the council at its last meeting to release him from the bond. After a satisfactory settlement this was done and the coal contract abrogated. The council then entered into a contract with Mr. P. S. Heacock and has every reasonable assurance that it will not again be necessary to burn two car loads a week.

Wanted.

I have a very liberal proposition for some good man who wants to break up about twelve acres of timber land.

C. F. Reavis.

Local and Personal.

Eat Sowles Candy.

Are you a member of the blue mark club?

Fresh bulk oysters direct from Baltimore at Coupe & Thorntons.

Two Choice steam heated rooms for rent in State Bank Building.

Miss Jennie Fellers returned to her home in Humboldt Sunday after a two weeks visit with friends.

This has been the coldest winter ever recorded by the weather bureau. Some thermometers registered thirty below Monday morning.

Own a Farm Don't Rent

Buy an irrigated farm for yourself or your son before the advancing price shuts you out. The time is fast coming in this country when the owner of a good will be a very independent man; the acreage of farm lands is limited, but our population is rapidly increasing.

The entire acreage of land available for irrigation, either by Private or Governmental enterprise, will make but a small number of eighty-acre farms compared with the number of young men who expect to become farmers.

The Big Horn Basin has ample water, a splendid sunshiny climate and a soil which, under water, is as rich and productive as any in the temperate zone; send for our special Big Horn Basin folder, and keep that locality in your mind in looking into the future.

L. W. WAKELY,

General Passenger Agent, Omaha, Neb.

COAL COAL

WOOD

The Only Exclusive Feed Store in the City.

Also handle all kind of Coal and Wood; can fill orders on short notice. Plenty of Flour, Ground Feed, Bran and Shorts; Grain, Baled Hay and Straw; Rock Salt 75c per cwt., Fine Ground Rock Salt 40c per cwt., Michigan Salt \$1.50 per barrel, 100 lb. sacks 60c; Crushed Shells for Chickens \$1.25 per cwt., Ground Oil Cake \$2.00 per cwt., Prussian, Pratts, Watkins Stock and Poultry Foods, Cash for Butter, Eggs and Poultry.

FEED FEED

Bert Whittaker has been very ill for several days and for a time his condition was a source of great concern. We are glad to report that he is now on the road to recovery.

It will pay to keep Chamberlain's Colic, Cholera and Diarrhoea Remedy in your home. It only costs a quarter. Sold at Kerrs Drug Store.

The Auburn Herald contained eight display advertisements of public sales last week and the Hiawatha World had five, three of which were full page ads. The farmers in the adjoining counties find this method profitable and so would the farmers of this county if they would try it.

A Falls City man who is an enthusiastic hunter and an uncompromising republican went home at noon the other day to find his six year old clothed in leggins which came up to his waist. The boy looked like a little brownie and the father thought to complete the picture by putting his hunting cap on him. This pleased the little fellow immensely and the father said, "wait a minute till I give you my Parker gun, I want your mother to see you." "Hub," replied the youngster, "aint the Roosevelt guns no good?"

How many of you remembered that Sunday was the birthday of Abraham Lincoln.

Startling But True.

People the world over were horrified on learning of the burning of a Chicago theatre in which nearly six hundred people lost their lives, yet more than five times this number over 3,000 people died from pneumonia in Chicago during the same year, with scarcely a passing notice. Every one of these cases of pneumonia resulted from a cold and could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have warded it off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlain's Cough Remedy, and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when threatened with pneumonia." W. D. Wilcox, Logan, New York. Sold at Kerrs Drug Store.
