

IT IS IN THE BLOOD

Neither Liniments nor Ointments
Will Reach Rheumatism—How
Mr. Stephenson Was Cured.

People with inflamed and aching joints, or painful muscles; people who shuffle about with the aid of a cane or a crutch and cry, Oh! at every slight jar, are constantly asking, "What is the best thing for rheumatism?"

To attempt to cure rheumatism by external applications is a foolish waste of time. The seat of the disease is in the blood, and while the sufferer is rubbing lotions and grease on the skin the poison in the circulation is increasing.

Delays in adopting a sensible treatment are dangerous because rheumatism may at any moment reach the heart and prove fatal. The only safe course for rheumatic sufferers is to get the best possible blood remedy at once.

Mr. Stephenson's experience with this obstinate and distressing affliction is that of hundreds. He says:

"About a year ago I was attacked by severe rheumatic pains in my left shoulder. The pains were worse in wet weather, and at these periods caused me the greatest suffering. I tried a number of treatments and ointments, but they failed to alleviate the pains."

Then he realized that the cause must be deeper and the pain only a surface indication. He adds:

"I had heard Dr. Williams' Pink Pills for Pale People recommended as a cure for rheumatism, and when I found that I was getting no relief from applications, I made up my mind that I would try them. Before the first box was gone I noticed that the pains were becoming less frequent, and that they were not so severe as before. After the second box and been used up I was entirely free from discomfort, and I have had no traces of rheumatism since."

The change in treatment proved by almost immediate results that Mr. Thomas Stephenson, who lives at No. 115 Greenwood street, Springfield, Mass., had found the true means for the purification and enrichment of his blood.

Dr. Williams' Pink Pills are without doubt the best of all blood remedies. They effect genuine and lasting cures in rheumatism. They do not merely deaden the ache, but they expel the poison from the blood. These pills are sold by all druggists.

Farmer Foddershucks.

Farmer Foddershucks—"Say, Mister Waiter, fetch me a plate o' raw oysters."

Waiter—"Yes, sir—on the half-shell?"

Farmer Foddershucks—"No, sir—on the hull shell! I may be green, young man, but I got a little money yit, an' ye can't bunco me on no half shells. Huh! Fust thing I know ye'll bet me \$5 I can't tell which shell the oyster's under. Git them oysters!"—Cleveland Leader.

The Society Mother.

"What a sweet little girl!" exclaimed Mrs. Societie, coming down the front steps. "Haven't I seen you before, dear?"

"Yes'm."

"I thought so. Where?"

"In your house."

"Oh, to be sure! You come to play with my little Gladys sometimes, I presume?"

"No'm; I'm Gladys."—Houston Post.

A Compliment.

"I am not rich," said the science crank to the great alienist, "and I have no fortune to leave to the cause of science. But when I die I am going to bequeath my brain to the students of your college for dissection."

"Believe me," answered the professor, politely, "we shall appreciate your gift. We are profoundly grateful for these bequests, however small they may be."

Letting Him Off Easy.

Patient—Great Scott! Doctor, that's an awful bill for one week's treatment!

Physician—My dear fellow, if you knew what an interesting case yours was and how strongly I was tempted to let it go to a post-mortem, you wouldn't grumble at a bill three times as big as this.—Modern Society.

The Contented Burglar.

Visitor—"Don't you get awfully tired standing there making shoes all day and never being allowed to talk?"

Convict—"I don't mind it myself. But it's pretty hard on the female shoplifters in the next building. They are not allowed to even utter a verbal complaint while I turn out fifty pairs of these kicks per day."

On the Ice.

"It's easy," said Skayter, trying to teach Klumsay the backward roll. "Don't be afraid to throw your body well over. All you've got to do is go 'way back—"

"And sit down! Yes, I know; I can do that, but it hurts."

Ignorance of Youth.

The White Pullet—"I wish Farmer Jones would provide better henroosts. This one makes me seasick."

Cause for Alarm.

Pennibus—"Poor Scribbles is worried."

Inkerton—"What's the trouble?"

Pennibus—"He's afraid he has lost his cunning as a humorist. The English magazines are beginning to copy his jokes."

Liver Disease.

THE liver is the great filtering apparatus of the alimentative, or digestive, system. It filters the poison-loaded bile out of the blood.

When the liver lacks active capacity to do this work, then the bile passes through into the general circulation and begins its poisonous work. Through the circulation of the blood it is disseminated throughout the body, gradually sapping the strength, clouding the brain, weighing down the energies, weakening the heart's action, infecting and undermining the system. Eventually the poison begins to accumulate at the skin, the kidneys, the bronchial tubes, or the lungs, until at last it settles and fastens itself at some point, which location may be far away from the liver; yet it is stagnation or congestion of the liver which is the immediate cause of the whole trouble.

SYMPTOMS OF LIVER COMPLAINT.

Not unfrequently, in liver disease, the complexion becomes pale and sallow, there may be frequent attacks of bilious or sick headache, bitter taste in the mouth, tongue coated white, or covered with a brown fur, unnatural, dry, harsh, or scaly condition of the skin, or branny eruptions, pimples, dark blotches, and troublesome itching. There are likely to be "backache" and tired feelings, lassitude and a sense of debility. There is depression of spirits and a decided tendency to be discouraged and despondent. There is loss or irregularity of appetite, uneasiness in region of the stomach, oppression,

sometimes sour stomach, "heartburn," nausea and "water-brash," flatulency, and acrid eructations; the bowels become irregular, usually constipated, and occasionally subject to diarrhea, attended with colicky pains. The foregoing symptoms are not all present in any one case, nor are any two cases alike in every respect.

The only way to help a disordered liver is to treat it as it is:—the great, organic, human filter. Doctor Pierce's Golden Medical Discovery cleanses and clears it; invigorates and revitalizes this most important organ by its wonderful alterative power. For biliousness, indigestion, weak stomach, and kindred ailments, the "Golden Medical Discovery" is a most efficient remedy.

Dr. R. V. Pierce, Buffalo, N. Y.:

"Dear Sir—In the year 1899 I had an attack of indigestion and got so bad that my home doctor said he could not do me any good. I wrote to you and you advised me to use Dr. Pierce's Golden Medical Discovery, so I bought six bottles and when I commenced using it I was so weak could hardly walk about the house. By the time I had used one bottle my stomach and bowels commenced to heal. There were strips of the lining of my stomach or bowels (I don't know which) as large as a man's two fingers passed and I had a great deal of misery in my stomach and bowels, and also in the rectum especially. I could not eat anything without having much distress afterward, but by the time I had taken eight bottles of the "Golden Medical Discovery" I was sound and well, and could eat anything I pleased without suffering in the least. Could also do as much work in a day as I ever could. I have not suffered from the trouble since, and it was four years ago that I was so sick."

G. TRENT, Gordonville, Texas.

Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, how do you know what you are getting? Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory.

Lion-head on every package. Save these Lion-heads for valuable premiums.
