A debate was held at Dawson Friday evening Feb. 17, between the Dawson and Verdon high schools. The question for debate was proposed by Dawson and was Resolved—That the United States as a nation interested in the welfare of all nations should stop the Russo-Japanese war. The judges were Mrs. Chas. Humphrey of Verdon, Mrs. Judd of Dawson and Prof. Feuerstein of Salem. The attendance was large; the opera house in which the debate was held being well filled. Many were present from surrounding towns and country. The judges decided in favor of Verdon. The arguments were well presented on both sides but it was evident Verdon was too strong for Dawson. These debates are held as an educational stimulus and we think they meet the object for which they are held, when properly conducted as this one was. There is a great debating spirit now passing over the country among the high schools and the rivalry is sharp but harmonious. We will hear the debate on the Railroad question at Falls City, March 10.
